West Tenn. Wheat

Crop Looking Good.

S. F. Howard, Esq., of Number Seven, was a business visitor here Monday. He informed us that the wheat crop throughout his section is looking very well indeed, and that the acreage in Obion County is considerably larger than last year.

Dyersburg, Tenn., April 19.—The condition of the wheat crop in this section is normal in spite of the unfavorable season of February and March. The acreage for the county has been increased over last year more than 30 per cent.

In the Dyersburg section the increase has been 60 per cent. Some districts in this immediate section that have never planted wheat before have a liberal acreage in. The reduction in cotton acreage will be about 20 per cent. More garden seed has been sold by dealers in this county than any two previous years.

Farmers are beginning to feel good over the prospects of a good season.

Ripley, Tenn., April 19.—From best information the wheat crop in Lauderdale County is looking fine. The acreage is about five times more than usual, caused by a disposition on the part of farmers to diversify and get away from cotton. None has been plowed up for any other crop.

Brownsville, Tenn., April 19.—The wheat crop in Haywood County is in an excellent condition. There won't be any of the crop plowed up and planted in cotton, as the farmers of this county are determined to raise plenty of everything to eat and then plant cotton for the money crop.

Dresden, Tenn., April 19.—The wheat crop in this section is about 40 per cent increase over 1914 in acreage. It has come out wonderfully in the last few days and it is now believed that an average yield will be harvested from the present crop. It is not believed that any of it will be plowed up for the purpose of planting cotton.

Clerk for Prison.

John J. Cherry, for many years chief clerk of the State prison, under the administrations of former Democratic Governors, was appointed by Warden C. C. Shaw at the main prison Wednesday to the same position. Mr. Cherry's appointment will be the source of much gratification to the many people in the State who are familiar with his qualifications for this office.

Chief Clerk Cherry was the official who gave the State such satisfactory service in this position for ten years, during the administrations of McMillin, Frazier, Cox and Patterson. He also served several months under Hooper, being retained on account of his efficiency in the position. Mr. Cherry's administrations of the affairs under his supervision attracted wide attention, and he enjoyed the reputation of being one of the most competent chief clerks in the United

States. He is an expert in this kind of work, and is generally recognized as the best man in the State for the place. Mr. Cherry will assume his new duties to-day, succeeding Geo. F. Clark, of Nashville, who was appointed by Gov. Hooper. Mr. Cherry's former term was from 1901 to 1911. He is a well known Democrat, and is about 55 years of age.

Chief Clerk Cherry is a native of Obion County, Union City being his home. He has lived in Nashville for some time, and enjoys the friendship of many people throughout this section of the State and in West Tennessee. The position is one of the most lucrative to be filled by Warden Shaw, who makes all appointments at the prison, under the new law, except those of prison physician and the chaplain.

To the Public.

I have this day sold my interest in The Toggery and will retire from active work for a short time owing to my health. In retiring I want to ask all my friends to give The Toggery their support, for in so doing it will be a favor to me. My friends and associates, Mr. Prieto and Mr. Joyner, will take pleasure in serving you and will appreciate your business.

Yours very respectfully,
April 20, 1915. J. W. FARDUE.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Not a Log House.

We are instructed by the Rives correspondent to say that the first schoolhouse in Rives was not a log house as reported, but a box house made with lumber from one of the early saw mills in the county. This was not a bad mistake for a newspaper. If we all got thru as light as that the newspaper would be more accurate than the best of the historians. There are lots of inaccuracies in the histories.
