HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16."

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them.

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Burglars.

Burglars entered the home of R. P. Whitesell Saturday night while the family was attending the Nielsen concert. A valise was filled with valuable articles and taken from the house. The bounds were sent for and when they arrived a trail was taken to Baptistville, where a couple of negroes were found. Charley Taylor and Webb, the latter from Dyer County, were arrested and brought to jail.

Services at the Park.

Union services were held by the ministers in the city last Sunday night at the Railroad Park, and quite a large audience was assembled. C. V. Jones conducted the music, with the assistance of a cornet, clarinet and two violins. Rev. Roger L. Clark preached the sermon from the text "Who is Your Neighbor?" The sermon was applied locally to our responsibilities with our neighbors. A case in point was that of an epidemic in a certain city. A milkman had sold infected milk to his customers. Typhoid fever developed and spread its poisonous infection to two hundred and fifty victims, resulting in one hundred deaths. The importance of responsibility had been neglected. One man says he doesn't believe in foreign missions, and yet the divine commands are to go into all the world and preach the Gospel.

You and I have no right to forget our neighbor. If our own premises are neglected with the growth of rank and poisonous weeds we owe it to our neighbors as well as ourselves to destroy this unsightly, unhealthy-growth. We are not independent creatures. Our actions and our lives have some influence upon our neighbors, and our responsibility to them is to live clean and pure.

Rev. C. M. Zwingle and W. W. Armstrong assisted in the services. A collection was taken for some poor people in the city who needed help, amounting to \$18, very liberal indeed and a creditable work.

Card of Thanks.

I wish to thank the neighbors and friends for their kind assistance in saving our household goods from the fire and rendering other valuable assistance at a time when it was so much needed. There are often many compensations when trouble overtakes us, and this kindness was fortunate indeed.
