As To a Voice.

"She says her voice is adapted to all sorts of music."

"Well, it seems able to stand any strain."

His Views.

"Would you like some views of the hotel to send to your friends?"

"Sir," said the disgruntled guest, "I presume it will be better for me to keep my views to myself."

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.

Foreign-Born is Deplored.

Stockbridge, Mass., Sept. 4.—Oswald Garrison Villard, publisher of the New York Evening Post, in an address before the Laurel Hill association here to-day, declared that the movement among American citizens of foreign, especially German descent, to form bodies apart from the citizenship presented a far-reaching domestic issue which the American people must conquer.

Villard said that an important factor in the continuance of the "American melting pot" lay in educating immigrants to proper duties of citizenship. He said he was "born on German soil, of a German father."

NO DIVIDED CITIZENSHIP.

Foreigners becoming American citizens should be made to understand, Mr. Villard said, that there can be no divided citizenship or loyalty or allegiance under the American flag; that no one can accept political obligations here while at heart loyal to another social system, another entitle or another code of laws.

Your Body Protests Against Calomel.

You have noticed the disagreeable effects of calomel, the sickening nausea that is characteristic. There is no reason for tearing up your system in such a drastic manner.

LIV-VER-LAX, that wonderful vegetable compound, is just as useful as calomel for toning up your liver and ridding your system of stagnating poisons, and it does not make you feel badly like calomel. It is pleasant to take with no unpleasant after effects. Keep it in your home for health's sake.

If LIV-VER-LAX is not entirely satisfactory, your money will be returned without question. The original bears the likeness of L. K. Grigsby. For sale at 50c and \$1 by Oliver's Red Cross Drug Store.—Adv.

Autumn.

A radiant, rhythmic presence Of mist and sun and cloud, With winter at the crossing, And summer at the ford.

Midway the mystic river, She hesitates between; The sweet, elusive autumn, In mist and shade and sheen.

The silver veil of winter, The golden summer's maze, In mellow measure mingled, Smile in the autumn's haze.

NOTICE

Money to Loan—Cheap Rate on Long Time

The Kentucky Rural Credit Association, incorporated under the laws of Kentucky, is now offering a limited number of shares of its capital stock for sale to the farmers of Obion County, and its agents, M. E. Dilday and J. E. Jackson, will be in the county for the next fifteen days, and one or both of them will be found in the law office of A. J. Harpole in Union City. They would like to have all farmers and land owners who either desire to invest or borrow money to call on them at said office, where they may furnish them with literature and explain the methods and working of the Association. This is a great opportunity to make good, safe investments that will yield a good annual dividend or to borrow money on long time at a very low rate of interest with very little expense. As only a limited number of shares have been allotted to this county, parties who may be interested should call early.

Try This.
If you're used to giving knocks, Change your style; Throw bouquets instead of rocks, For awhile.

Let the other fellow roast, Shun him as you would a ghost, Meet his hammer with a boast, And a smile.

When a stranger from afar Comes along, Tell him who and what you are, Make it strong.

Needn't flatter, never bluff, Tell the truth, for that's enough; Join the Boosters' Club, b'gosh! That's the stuff!

Hiring Sophocles.

"I see the Highbrow Monthly prints something by Sophocles in every number. I rather like the idea, don't you?"

"I gezo," responded the owner of the Weekly Whiff. "But you're the editor. If you fancy his stuff make him an offer."
