## The Kind and Style of Clothes a Man Likes to Wear

To be dressed in perfect taste is no longer a slur upon the man wearing the clothes. On the contrary, the man is subject to criticism unless he wears clothes that have the right style.

These Fall and Winter FITFORM suits are of particular interest to every young man who buys clothing because of their new style appearance.

The cloth and colors are modest or with more life in them if you want it. The prevailing shades of grey predominate and Tartan plaids are always good for most men. We have plain cloth in serges, worsteds, chevots and cassimeres. We have a choice to select from in new plaids and checks. Everything here that is in demand.

No better values than these ever offered at

\$16.50, \$17.50, \$18.00 and \$20.00

### RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

London's Sale.

It rained Wednesday, but the weather did not interfere with Mr. London's sale out in Number Ten. The barbecue was ready and the crowd gathered. The auctioneer was rained out, but Mr. London was not. He knows a thing or two about public sales, so he mounted the block and sold as long as he could find bidders. Satisfactory prices were paid and the sale was a success. Mr. C. A. Davis bought the farm.

The Catron Farm.

T. L. Bransford, executor, sold the Col. Catron farm of 165 acres situated just west of the city last Tuesday to the highest bidders. It was bid in as a whole by Robt. Wade and Wm. Clemmons, of Rives, who paid \$132.20 per acre. It is one of the oldest settled places in the county, the location ideal and will make one of the best homes in this entire section.

Situation Serious for Allied Cause.

London Oct. 12.—Serbia is now being attacked from the north and east. The Austro-Germans after their capture of Belgrade and Semendria, are advancing southward, while the Bulgarians, have forces to endeavor to interrupt communications north and south of Nish, the war-time capital of Serbia, and attack the Serbians on the flank if they are driven back by the German Field Marshal Von Mackensen.

The situation is admitted to be a very serious one not only for Serbia, but for the whole allied cause. It is asserted that the Serbians are inflicting very heavy losses both on the Austro-Germans and Bulgarians, but with their army of about a quarter of a million men they are believed to have little chance of making any prolonged resistance against 300,000 or 400,000 Austro-Germans and probably 200,000 Bulgarians.
