W. W. MAYS, Owner.
W. E. Manley, Auctioneer.

NOTICE.

I have purchased A. E. Kirkland's restaurant. I solicit all the patronage far and near. I am here to treat you right. I invite the ladies. Some know how I have run business for 15 years. I mean to keep my business as my home. Ladies and Christian people will not be embarrassed to come.
E. P. WRIGHT.

On State line in Obion and Lake County, Mississippi River bottom land for sale. Near 2,800 acres of rich river bottom land, three to five miles from river and thoroly protected by levee. Six miles south of Hickman, Ky. The richest soil that Kentucky and Tennessee affords. Immediately on C., M. & G. R. R., a branch of the Illinois Central running from Hickman to Dyersburg. Two stations, Bondurant, Ky., and Tyler, Tenn., on this land. Passenger service connecting with all regular main line trains. About 100 acres cleared. Will make near 100 bushels of corn per acre. I will sell at \$40 per acre, provided I can dispose of the whole tract. Land which joins this affords an \$80 to \$125 gross production per acre per year. Investigate and see. It is near the well-known Syd L. Doods fine plantations. All of the timber has just about been removed and many tenants will be glad to clear land for use of it two or three years. The same soil, same kind of cleared land in every way, in ready demand at \$80 per acre. Will make near 1 1/2 bales of cotton per acre. Hundreds of miles from the boll weevil section. Owner is retiring. You can develop this proposition and it is without doubt the opportunity of a lifetime to make an investment double within three years. Can be bought on terms of \$10 per acre cash, balance five, seven and ten years, if bought at once. You invest only \$10 per acre, let tenant clear land for use of it two years and then the land is worth \$80 to \$100 per acre, more than double before you invest more. Will accept \$10,000 to \$20,000 worth of property in addition to the \$10 per acre. Tract is known as the Hale and Ward land.

FRED FEATHERSTONE,

Bardwell, Ky.

Mr. and Mrs. M. C. Underwood have returned from Dyersburg where they were called in the fatal illness of a sister, some twelve years old, of Mrs. Underwood. We understand the little girl was playfully riding on the back end of a wagon when she fell off and received injuries that proved fatal.

Burglars made their accustomed raid here Saturday night. The dry goods store of Harper & Shore again proving the chief loser. Entrance was had by boring holes until a lower panel was weakened and bursted in. Goods to the value of near a hundred dollars were lifted. Nine paper wrappers from expensive silks was the main clue as to quality of goods taken. One or more of these goods was unbroken bolts. Gloves and shoes are also missed. T. A. Cummings' grocery store was broken into next, mainly to appease hunger it seems. As in the adjoining store, but one, of Harper & Shore, an entrance was made by rear door, over panel of glass being removed. The remnants of a counter lunch are evidence of "unwelcome night marauders. Bloodhounds were brought from Jackson but nothing of consequence developed.

The Auction Bridge Club of Union City was down Thursday afternoon with Mrs. Claude Botts. Mrs. Cobb, winning highest score, was rewarded a prize of thrift stamps. A salad course was served.

The O. E. S. meets Wednesday of next week. Members are requested to be present to attend to several matters of business. A full quota of officers is especially desired. A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

FREMONT.

Mr. Bob Killion and wife, of Protomus, spent Friday night with Mr. Dollie Killion.

A. L. Underwood and family, of State Line, spent Saturday night and Sunday with Mrs. Underwood's mother, Mrs. Abernathy.

The W. C. T. U. will meet next Friday afternoon with Mrs. Geo. W. Carter, Division street, at 2 o'clock. Every member urged to be present.

Disc Records for all talking machines.—Dietzel's Jewelry Store.

Give Dairy Cow a Chance.

Poor feeding and poor management tell the whole story of why the dairy business is unprofitable with some men. Give the cow a balanced ration of palatable feed, plenty of good clean water to drink, provide her with comfortable quarters, give her kind treatment, and milk her regularly; then if she does not pay, send her to the butcher.

If you have cows, now is the time to begin to prepare to keep and care for them next winter.

Plan your crops to provide plenty of feed of the different kinds; then harvest the crops in the way that will make them most palatable. Palatability is just as essential as quantity. Don't depend on buying anything that you can produce on your own farm. Take a census of the cows you have and see how much of the different feeds you will need. If you have cows enough (10 cows) to justify the use of a silo, you will need 3 1/2 tons of silage for each cow; you will need at least 1 ton of legume hay, either cow-pea, soy bean, red clover or alfalfa, or lespedeza where it can be grown for each cow. For additional roughage, you will need all the straw and stover your cows will consume, with plenty for bedding. For grain to feed along with the roughages you will need 15 bushels of corn per cow and then you will need only to buy cottonseed meal or bean meal enough to balance the ration.

One and One-Half Pound Broilers.

Farmers will do well to not offer broilers for sale until they have attained the weight of one and one-half pounds each. This weight can be easily attained by properly feeding and housing, not crowding, and by seeing that they get meat meal, corn meal, and wheat shorts in equal proportions, to which is added one part rolled oats, or ground oats, where it be not possible to get rolled oats. This mixture kept before the chickens at all times with waste milk, and in addition a liberal supply of fresh water, will stimulate rapid growth and early maturity.

Great care should be exercised in selecting broilers for market. No broilers allowed to leave the farm.

St. Louis Live Stock Market.

Today's receipts: Cattle 5000, hogs 12000, sheep 1000.

Cattle: Beef steers \$10.50 to \$11.75; stockers and feeders \$9 to \$11.75; stock cows and heifers \$8.50 to \$10; light yearling butcher cattle \$9.50 to \$15; beef cows \$9.50 to \$13; canners and cutters \$7.25 to \$9.50; beef bulls \$11.50 to \$13; sausage bulls \$9.50 to \$11.50.

Hogs: Market generally 10 cents higher than a week ago, top to-day \$18. Good to choice hogs 160 to 210 pounds \$17.70 to \$18; 220 to 260 pounds \$17.40 to \$17.70; extreme heavy hogs \$17.15 to \$17.40; best roughs \$15.75 to \$15.85; pigs \$10 for common up to \$17.50 for best weights.

Sheep: A decline of 50 to 75 cents has developed on lambs compared with a week ago in spite of the light supply. Sheep fully steady. Wool lambs now bringing \$19 to \$21.50; wool sheep \$15.50 to \$16.50; canners and choppers \$8 to \$13.50; fat clipped sheep \$13 to \$14; goats and kids \$10 to \$15. Monday, April 29.

NATIONAL LIVE STOCK COM. CO.

Where Labor is Scarce.

A careful examination of a large number of records shows that farmers with the highest degree of diversification and the least proportion of cotton acreage produce the largest crop value per man. In fact the diversified farms produced almost twice as much value per man as did the cotton farmers. At this time, when labor is scarce, this is a thought that should influence farmers in deciding the crops to grow.

Farmers outside of the cotton territory should see that they do not "go to seed" with some other crop and so lose the benefits of diversification.
