

VOLUNTEER DAYS TO OPEN FOURTH LOAN CAMPAIGN

LIBERTY LOAN DRIVE OPENS SEPTEMBER 28 AND WILL CONTINUE FOR 3 WEEKS.

VOLUNTEERS HAVE TWO DAYS

Citizens Are Urged to Make Their Pledges on First Two Days, September 28 and 29.

The Central Committee of the Eighth Federal Reserve District has set aside Saturday, September 28, and Sunday, September 29, the opening days of the Fourth Liberty Loan Campaign, as "Volunteer Subscription Days."

It is intended that on these two days opportunities shall be provided for all citizens in the district, to voluntarily, without solicitation, subscribe for Fourth Liberty Bonds.

The directors of publicity are requested previous to the opening of the campaign, to arrange for publicity throughout all counties and cities, bringing to the attention of the people the opportunity of expressing voluntarily their patriotism and loyalty, by buying Liberty Bonds.

Churches Will Help.

The director of speakers will arrange to have patriotic speeches and mass meetings on these days, and all churches on Sunday, September 29, will have patriotic sermons preached. Sales Director Vincent L. Price has issued instructions to each county chairman and director of sales requesting their co-operation on the plan. Places must be provided in each locality, where the people may enter their subscriptions, and ample publicity must be given. Director Price suggests that booths, offices, stores and banks may be used. The factories should be organized for "Volunteer Day," and some one present to receive subscriptions.

It is expected that the Women's Division will have an important part in the work of "Volunteer Days," and they should be included in all plans. The work of subscribing on Sunday, September 29, will be largely through the churches, and the Liberty Loan Workers are particularly instructed to see that the pastors of each church is advised of the plans, and requested to aid in the work.

Buttons and Flags on Hand.

The head of the sales department in each community is expected to see that subscription cards, Liberty Loan buttons and individual honor flags are at hand. These supplies may be obtained through the Central Liberty Loan Organization at St. Louis.

Mr. Price says that it is felt that this idea of Volunteer Subscription Days is wanted by the people and that they will respond to same readily and liberally. If such proves to be the case it will be a movement toward simplifying and shortening the Liberty Loan Campaigns.

In France and England the Loans are all taken by Volunteer Subscriptions.

The Loans are announced by the right kind of publicity, places and means for subscriptions are provided and the people take the Loans.

That's all there is to it there—why not here?

To look her best the matron chooses a tall, simple hat, topped in exquisite fashion, and best of all the prices are most moderate at Mrs. Arn's.

TEPRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Orville Roy Bradshaw, R 1, Elbridge.

Jordan Ferdinand Bloodworth, R 5, Union City.
Wesley Bell, Hornbeak.
Charles Howard Bratton, R 6, Union City.
Riley Brooka, R 7, Fulton, Ky.

HUNDREDS OF THIN PEOPLE GROW FAT

According to leading authorities, it is no longer necessary for thin, frail people to give up hope of becoming strong, healthy and vigorous. It is declared that Irogen, the new discovery for rebuilding blood, is making sturdy men and beautiful, healthy women from human wrecks.

Irogen, it is said, overcomes disease and builds up the weakened system by supplying the element which nature requires for the regeneration of blood and tissues. Hundreds are testifying daily that its results are unusual and permanent.

Warning is given, however, that, owing to its well known flesh-building powers, Irogen should not be taken by any one who does not desire to add flesh.

Note—Irogen, the product mentioned above, is now on sale in Union City by Oliver's Drug Store; in Kenton by Gem Pharmacy, and by the leading druggists in practically every city, town and village in the State.

It doesn't take long for Ml-o-na stomach tablets to end indigestion. First dose relieves. Guaranteed by Oliver's Drug Store.

If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Price 30c per bottle. Sold by Oliver Drug Co.

FALSE AND INJURIOUS RUMORS ABOUT BUSINESS

Merchants of Union City are Subjected to Unjust Criticism.

We are told by some of our leading merchants that there is a propaganda afloat calculated to injure the merchants of Union City. It is spread probably by some malicious tongue who has a personal grudge to gratify. In a general way the merchants here are charged with profiteering and the rumor has gone out that some of them have been arrested.

Specifically it is said that they are selling shoes that cost \$6 for \$14, and other articles are quoted in something like the same ratio. Now we are reliably informed that there has been no arrests whatever made and no indications of an arrest. As to the selling of a pair of shoes that cost \$6 for \$14 there is absolutely no truth in the report, either as to cost price or to selling price.

We have not investigated the matter as to details, but we do know that shoes are selling in Union City on an equality in price with most all the towns we have visited. In the cities they are selling even higher than in Union City. We have investigated the men's shoes, and find that the high-grade brands are selling a little higher in the principal stores of Memphis and Nashville than in Union City.

Many other articles, of course, we know nothing about, but of the item of men's shoes we have as good a knowledge as the average man, and they are sold in Union City no higher, as a general rule, than they are sold in other towns in West Tennessee or in any of the States.

As far as we know they may be sold some cheaper than in many places, but we pledge our readers that they are sold no higher.

In dealing with these rumors please be kind enough to give the matter a test before anyone is criticized.

CITY SCHOOL NEWS.

The following article in substance went the rounds of the exchange some years ago as showing the value of an education in dollars and cents:

A salary of \$50 per month would be regarded as rather liberal as an average for a person with no education whatever. This would amount to \$600 a year, and counting an earning life as 40 years, the illiterate person would earn \$24,000 in a life time.

Now the person with a good high school education can reasonably expect an average salary of \$100 per month. Taking the country over and averaging in the great number of persons whose salaries run up into the thousands and tens of thousands annually, we believe \$100 a month quite low. This salary, \$1,200 a year for an earning life of 40 years, amounts to \$48,000 as the life time earnings of the educated person.

The difference, therefore, between the life time earnings of the educated and uneducated amounts to \$24,000 in favor of the educated man or woman.

Now what has this education that is worth \$24,000 really cost? There are 20 school days in a month and 180 school days in a year. The average child, by attending school 175 days a year will get a good high school education in 12 years or 2,100 school days. If his education has cost him 2,100 days work and is worth \$24,000, what has each day in school been worth? Let the children figure it up and then decide whether it is good business to let them stay out of school for any cause whatever except sickness. When the boy has company or wants to go hunting or visiting, or has a chance to earn fifty cents or a dollar by staying out of school, let us ask ourselves: Is this good business?

But someone may say, "O, my child is brighter than the average; he will earn more than any \$100 a month." Then we say every day in school is worth more to him than it is to the average child. Calculate what a day would be worth to him if his education helped him to earn \$200 a month or \$1,000 a month.

Besides, a money value is not the only value. Most persons would agree that it is not even the biggest value.

Now count up what our schools are worth when they are providing education for over 800 children. You will find their value running around \$9,000 a day. They are costing about \$100 a day. What business in town is bringing as great return?

Calculate the difference between what the teacher is producing and what she is getting. It will be right interesting as an exercise in numbers.
O. E. McGEE, Supt.

Get Clothes that Save for You

Copyright Hart Schaffner & Marx

W. G. Clagett Co.

The Home of Hart Schaffner & Marx Clothes

Union City, Tenn.

THERE ARE other ways of saving than by not spending money; sometimes the greatest saving of all is when you do spend money.

That's what happens when you buy Hart Schaffner & Marx clothes. You get so much real value, in service, in all-wool fabrics, in good looking style; you get clothes that last so long, that there's real economy in buying them.

That's why we have these clothes to sell; that's why we say—if you need clothes this fall, the real way to save money is to spend it for

Hart Schaffner & Marx clothes

Obion Presbytery.

The Obion Presbytery of the Cumberland Presbyterian Church met at Bell's Chapel, four miles west of Rutherford, Tenn., in Gibson County, at 11 o'clock a. m. Tuesday, September 17, 1918. The opening sermon was preached by Rev. T. A. Devore, of Fulton, Ky., the retiring moderator. After the opening sermon the Presbytery was called to order and the first item of business to be attended to was the election of a moderator, which resulted in the election of Elder J. W. Burney, of the Union City congregation.

After the noon hour was over and a most inviting luncheon was served on the campus to all present, the usual committees were appointed by the moderator and stated clerk, Rev. W. B. Cunningham, with the addition of a "war work" committee with Dr. T. Ashburn, of Dyersburg, as chairman. There was a good attendance of both ministers and elders. The greatest spirit of fraternity and good fellowship prevailed during the entire two days of the meeting. At the evening hour Dr. Ashburn gave the Presbytery and visitors a most thrilling and heart touching sermon, such as the Doctor is able to give. Thirty minutes the next morning was given over to the usual devotional exercises, led by Rev. E. Rueb in his usual happy and interesting manner. The report of the various committees showed that a deep sense of earnestness pervaded Obion Presbytery underlying which was evident a greater awakening than ever before for the abiding presence of the Great I Am, and never before have we seen as much spirituality during the entire meeting than we saw on this occasion. At the 11 o'clock hour on the second day Rev. E. White preached a most excellent sermon on the subject of "Regeneration," and it touched the hearts of all present. After the sermon Rev. J. A. McMillan administered the sacrament and gave to his hearers a soul-stirring exhortation, filled with a deep pathos that was the real joy of all his hearers. Revs. R. A. Keathley and J. A. Self, formerly of this Presbytery, came back to their first love and we were glad to have them. Rev. W. A. Boone, now of Texas, was a most welcome visitor, as was also the Rev. J. Will Howell, of Hopewell Presbytery, who preached there at the urgent request of the people of the

community.

One young man, Russell Bryant, who lives near Newbern, placed himself under the care of the Presbytery as a candidate for the ministry. The people of this community are noted for their hospitality and it was much in evidence during this meeting of Presbytery. This body certainly enjoyed to the fullest extent the great hospitality extended to it. Newbern was selected as the next place of meeting, March, 1919.

After all the business had been attended to and a strong resolution of thanks to the church and people of the community for their generous and excellent manner of entertainment and to the choir for such beautiful music, with a heart full of gratitude and a prayer in our hearts that God in his infinite goodness and tender mercy may permit us all to meet in that beautiful beyond, where all is joy and peace and happiness forever more, we said good-bye.

Respectfully,
J. W. BURNEY.

From California.

Messrs. Marshall & Baird, Union City, Tenn.—Dear Friends: Enclosed please find our check for a renewal of our subscription for your paper. It's the medium thru which we learn of our friends. We would like to see more letters from the boys.

We are still well pleased with California and especially Fresno. Mrs. Mollie Coleman has arrived and is already looking much improved. One cannot be sick or unhappy here in this beautiful land of flowers and sunshine. Wishing you much success, we are,
Yours truly,
ALICE AND SALLIE BELLE THOMAS.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Oliver Drug Co.

To The Public:

We, the undersigned garagemen, automobile dealers, and gasoline stations, desire to announce to the public that on and after October 1st, 1918, that we will in conformity with the request of the National Council of Defense, conduct our sales and business on a strictly cash basis to everyone.

This is brought about by the changing conditions, and is a war measure as requested by the National Council of Defense for the conservation of manpower.

We will appreciate the co-operation of the public generally, in helping us to carry out this request, thereby doing what we can to help win the war. Yours very truly,
