**BERRY BROTHERS**  
Largest Manufacturers  
of Automobile  
Varnishes and Paint Specialties

THE chances are that you'll not buy a new car this year, there won't be many new cars on the market. Your car runs as good as it ever did, and the only trouble is that it doesn't look just as good as you think it should. The body is dulled up and the fenders have a lot of color chipped off. The hood, too, needs touching up.

Just a little Berry Brothers Auto Color Varnishes properly applied to your car will make it look just like new and give you a car in which you can take a just pride.

Refinishing your car the Berry way will do more than this, it will protect your car from rust and decay and thereby add greatly to its value.

Berry Brothers Auto Color Varnishes are made in all standard colors and in black and white. You can select any color you wish for refinishing your car in one color only, or you can have the fenders and hood in one color, the body in another and the wheels in a third color.

We have a descriptive folder showing color combinations and giving explicit directions to the finisher, quantities of materials required, etc. Call on us today and get one.
