Time Narrows Down to Hours End of This Great Pathe Phonograph Sale is in Sight

YOU CAN no longer put off, if you would take advantage of the opportunity this sale affords you, to own a perfectly wonderful phonograph and procure \$25 worth of genuine Pathe records absolutely FREE.

This sale is virtually at an end.

Only four of the beautiful Pathe Phonographs, of which we had fifteen, remain.

Three or four days at the most, and the sale is over.

We believe it to be a truthful statement, when we say that this has been the most successful sale of its kind ever held in this vicinity.

It has done what we started out to do: It has demonstrated, conclusively, every point of superiority possessed by the Pathe Phonograph.

The people of this community have been quick to see the advantages of the indestructible Sapphire Ball as a means of playing a record in contrast with needles which scratch and wear out the records and have to be changed every time the record is changed.

So, come in at once. Make it a point to come in. To hear and know the Pathe Phonograph is well worth the time it takes. For sooner or later you will own a phonograph, and to know the Pathe is to want it in preference to all other makes.

The "Conditions of Sale" are identical with those prevailing in Boston, Chicago, New York, San Francisco, and every other metropolitan city where this sale is being held.

The Main Points of this Unusual Sale

1. This is a co-operative nation-wide demonstration sale of Pathe Phonographs and Pathe Records.
2. The sale is one of approximately five hundred similar sales which are planned to be held in five hundred cities and towns of the United States.
3. The plan, advertising, price of the phonographs, and general conditions of sale are identical in every city and town where the sale will be held.
4. The reason back of this great nation-wide demonstration campaign is to better acquaint the public with the superiority of Pathe Phonographs and Pathe Records by letting the people see and hear them direct rather than to reach them indirectly through magazine advertising alone.
5. The entire outfit offered through this special demonstrating campaign consists of:
 - One genuine 1921 Pathe Phonograph, regular Model 10, as shown in cut.
 - One Universal tone arm and sound box for playing all makes of records.
 - One indestructible Pathe Sapphire Ball (full-tone), and one Pathe Sapphire Ball (half-tone), for playing Pathe Records.
 - \$25 worth of genuine Pathe Records given Free.
 - One hundred steel needles.
6. The price for the full equipment is \$150.
7. Your first or initial payment may be as little as best suits your convenience.
8. The balance you may spread out over a period of one year.
9. You may exchange the phonograph procured through this sale for any other higher priced Pathe Phonograph at any time within six (6) months and receive full allowance for every penny you have already paid.
10. Every Pathe Phonograph sold during this sale is guaranteed in writing for one (1) year, both the manufacturer and ourselves agreeing to replace any defective parts without charge should any appear within that time.

**\$25 Worth of Genuine FREE
PATHE RECORDS**

Why you should own the Jeweled Pathe

There are five distinct and definite reasons why you should own the genuine jeweled Pathe in preference to all other phonographs. And this great nationwide Demonstration Sale is to prove the superiority of these points, beyond the question of a doubt.

- 1st. Because the full, clear tone of each individually toned instrument is reproduced by the pure tone chamber and the famous Pathe Sapphire Ball. The music flows from the records. It isn't scratched off.
- 2nd. Because there are no needles to change on the genuine Pathe. The Sapphire Ball never wears out, neither does it wear out the records.
- 3rd. Because the Pathe plays all makes of records and plays them with more natural and lifelike tone than any other Phonograph. The entire wealth of music of the phonograph world is available to you, if you own the Pathe.
- 4th. Because the Pathe is always ready to play. Just slip on a record and the Pathe is ready.
- 5th. Because the Pathe Controlla enables you to play any record loudly or softly with the same Sapphire Ball.

Yet the **Pathe** Costs no more than the ordinary **Phonograph**

Tear this out, fill in and mail to us at once.

Without any obligation whatsoever on my part, you may send me photographs and other descriptive matter of the Pathe Phonograph you are offering upon special terms. Also send photographs of the Pathe Actuelle Model you are offering at \$250.
