

PARKER-WILSON DAY IN UNION CITY,

APRIL 22

20,000 People Expected on the Day of all Days

Every red blooded patriotic citizen has a desire to be in Union City Saturday, which will be Parker-Wilson Day. This big event is in memory of the first white settlers to Obion County. Elisha Parker settled in the northeast part, of which is now Obion county, in 1819. In the following year Col. William M. Wilson, with his family, located about 3 miles southwest from Troy. Col. Wilson was an energetic, progressive pioneer. Obion county was organized at the home of Col. Wilson, which he built of logs. The first court in Obion county was held at his house. The noble and progressive ideas of Col. Wilson are held dear to every heart in Obion and Lake county, which was a part of Obion county until 1870. Make your plans now to be here on this big day and bring your family and friends. Come early and trade early before the big rush. There are a number of new firms added to the following list, therefore don't fail to visit them Saturday with all other stores whose names appear below:

Dixie High School.

Saturday evening, April 15, the closing exercises of Dixie High School were heard. The program consisted of music, recitations, songs and drills. The musical selections rendered by the pupils of Miss Dora Underwood were highly complimentary of the splendid work she has accomplished at our school in only one term. Ex-Senator D. P. Caldwell was the speaker of the evening. After a few preliminary remarks he presented the various tokens of merit. Lois Hall and Moline Caldwell received diplomas for having successfully passed the eighth grade.

The following pupils were rewarded for having the most perfect spelling lessons in their respective grades: Evelyn Cloar, Vivien Edwards, Leola Coleman, Paul Rice,

Reynolds Glover, Philip Glover.

Attention was called to the following pupils who have not missed a day from school: Evelyn Caudle, Leola Coleman, Carrie Coleman, J.W. Kirk, Martha Lou Coleman, John E. Coleman, Walter Baker, George Osborn, Gaynelle Green.

The medal offered by Miss Stovall to pupil in her room making the highest average in all her classes was awarded to Evelyn Cloar.

At the beginning of school last fall Mr. Caldwell offered a medal to the pupil making the highest scholarship. These students deserve honorable mention: Glenn Wiggam, 93 3-5; Carrie Coleman, 94; Evelyn Caudle, 94 5-6; Elcase Pierce, 95; Evelyn Cloar, 95 1-7. Mildred Jackson, having the highest average, 95 3-7, won the medal. The faithful friends and patrons

of this school deserve to be highly praised for having donated three months to the six contracted for by the county school board.

J. P. Brown, State Superintendent of Pubble Schols, has set apart April 21 and 22, Friday and Saturday next, as the time for the examination of teachers for this (Obion) county, and has appointed J. W. Burney, of this city, to assist the County Superintendent in this examination, which will be held at the courthouse in the County Court room.

Grocery on First Street.

Caruthers and Hale have bought the North First street grocery store, formerly conducted by Mr. Wheatley. These gentlemen are well known and will share in the trade. Mr. Hale was formerly with Mr. Ranek in the store on College street.

Lee's School.

Lee's School closed March 31 after a very successful term. Mr. E. F. Neel, principal, and Ruth Woody, assistant teacher, feel that they have not labored in vain as they recall some of the splendid work done by the pupils there. The enrollment for the term was 152. We should be greatly interested in such a large country school and all we can do to build up a high school there.

On April 14 an entertainment was given for the benefit of the school and in spite of the blustering, rainy night, the program was successfully rendered.

The song, "Rock of Ages," was beautifully pantomimed by eleven little girls, while the recitations, "Is Dood" and "Is Bad," given by two little girls, were enjoyed by all. Other recitations were given, and the play, "Out in the Streets," made a wonderful impression.

Show the people there that you are interested in their school and give them all the help you can.

Children's Week Program.

Children's Week has been set aside all over the country as a time for fathers and mothers to be visited and have their attention brought to the importance of religious education and training. The teachers of the Junior department of the Methodist Sunday school have made an effort this week to see every parent of our Junior boys and girls and end the week's work on next Sunday afternoon at 2:30 o'clock in the auditorium of the Methodist Church. A special invitation is extended to the Methodist parents and any visitors to attend the following interesting program:
