Don't Measure Clothes Economy by Low Prices

True economy is determined by long service—thoroughly satisfactory service. Long-wearing, pure-wool fabrics, perfect and lasting fit, the stylish appearance of good tailoring—these are obtained only when you pay enough to make them certain.

Kuppenheimer GOOD CLOTHES

are the least expensive, per month of service, because they are made according to a high quality standard that has never been sacrificed in order to sell at a low price.

Be wise this Spring—choose Kuppenheimer Good Clothes. The new models are ready now—come in and try them on. Reasonably priced.

would be awarded the one with the lucky number. Fortune smiled on Miss Roper and she was presented with the "newest thing out," a new-born, downy, yellow chick, which completed the Easter idea.

The next meeting is to be held in Rives with the Rives members.

C. P. Christian Endeavor.

The Endeavorers of the C. P. Church had a "four-square meeting" last Sunday evening. Everything was done by fours. Four members selected the songs, four members made short talks on the subjects assigned them, four others answered questions, etc. Miss Inez Lovelace was the leader.

Next Sunday evening Robert Bond will lead the meeting on the subject, "Better Sabbath Keeping." Show that you know how to keep the Sabbath by coming to the meeting.

The Endeavorers of the C. P. Church have opened up their tennis court and croquet grounds at the rear of the church and all Endeavorers are heartily invited to use them.

The only admission fee charged is membership in some Christian Endeavor Society. The question has often been asked, "If the Church forbids its young people to dance and play cards, what will it give them in the place of that?" This is one of the answers to that question—clean sports and entertainment.

Did you know that there are only four more Sundays of the contest? We are on the home stretch and everyone must do his best. The score now stands: Whites, 382; Reds, 348.

A Trial of Hearts.

The senior class of the Union City High School gave their annual play before a large audience in the auditorium of the high school building Monday night. The parts were well played, as was evidenced by the applause received from the audience.

The play, "A Trial of Hearts," is woven into a story of school life, and has for its central figures the principals of a true-love affair. The scion of a family of wealth and position is married to a ranchman's daughter, whom, on a summer vacation he falls in love with. Then the old story of a proud and indignant mother and the social marplots to separate the young couple. Here are introduced some other characters and incidents of a lighter and humorous vein to relieve the intensity of the situation and to contribute to the dramatic force of the play.

The lovers are separated and then comes the denouement and a happy ending. There were two or more names entitled to special praise, but every part was well sustained and the play throughout was a complete triumph of school dramatics. The costumes were especially charming. There was special music between the acts by Gladys Jones, E. H. Conde, Ernest W. and Rufus Massey.
