

Produce Buyers.

Another produce firm in Union City has been organized. Jimmie Dyer and W. H. Riley have formed a partnership at the old Davidson stand, where they are now engaged in business. These gentlemen are well known and Mr. Dyer is an old-time poultry dealer. They will move along in the march of business in Union City.

W. C. T. U.

The W.C.T.U. will meet with Mrs. Seid Waddell at 3 o'clock Friday, June 2, with Mrs. Chas. Miles, leader.

Opening song.
Scriptural lesson, Matt. VIII: 1-18.
By Mrs. Chas. Miles.
Prayer by Mrs. Brummel.
Business.
Song.
Paper by Mrs. W. J. Caldwell.
State Superintendent Medical Temperance.
Discussion.
Reading by Miss Sarah Chapel.
Social hour.

CRAIG GAINING IN RACE FOR CONGRESS

People are Organizing for Craig and Determined to Elect a Congressman to Serve the People and Not Himself.

Eighteen Years, They Say, is Long Enough for any One Man to Hold Public Office.

Ripley, Tenn., May 3.—Some of Mr. W. W. Craig's friends met Monday night and perfected an organization which will spread out all over Lauderdale County in the near future and similar organizations are being rapidly built up throughout the entire Ninth District—all intent upon doing the things necessary to further his candidacy for Congress. Mr. Craig is meeting with much encouragement wherever he goes. The general trend of the times is toward

"a change" and a change for the better. But for a long term in office Mr. Wilson's peace treaty would never have been defeated. Senator Lodge has been in office so long that he had gained a strangle hold. It isn't best that one man should be in office for so long—custom prevents our President from serving over 8 years—even old Joe Cannon is retiring voluntarily because he knows it's best for his district. If 18 years in office and \$130,000.00 has just now fitted Mr. Garrett to lead, then turn him out now for he has spent these many years and much money opposing government aid for good roads down here while the down-easterners and far westerners have been building them with our money. The people want a Congressman who will seek beneficial aid for the Ninth Congressional District and not so much political preferment for himself. Hero-worshippers have about all died out in this section.

Service is the order of the day. What have you done for your district?" is the question for Mr. Garrett to answer and not "Look at ME." This is an age of unselfish service. The real men in Congress as well as in the world at large are striving hard to see what they can do for some one else. There are men in office and out of office in the United States who have done many beneficial things for the nation and their respective communities within the last 18 years. A progressive thought put into words, a campaign for social, agricultural or financial betterment, an unselfish act of any kind—do you find Mr. Garrett doing a thing of this kind? Suppose he was inclined to serve in a similar manner as many men-of-service have done, suppose he spent his spare time (an investigation will show that he has plenty of it) doing something for his district, then he might claim political preferment. Mr. Pierce served 14 years and Mr. Garrett asked the people to turn him out because he had been there so long. They did it and Mr. Garrett has spent all the time since—18 years—playing politics to keep himself there. What's the use for the ambitious young man to educate himself and strive to rise to a higher plane, if you are going to keep one man in the same office all his life. Eighteen years is enough for any one man—the people are determined to give some one else a chance. Vote for W. W. Craig for Congress.—Adv.

WOODLAND ITEMS.

Farmers are quite busy planting corn. There is a fair prospect for a good wheat crop.

Some changes have been made with our merchants. Alexander, Hefley & Jones, formerly Alexander, Logan & Ford, have been very busy getting their strawberries to market this week. They have had some trouble getting help, as everyone is busy.

The W. M. N. Ladies had an entertainment at Mrs. F. B. Preuett's last Wednesday. All the guests had to give one penny for each inch, waist measure, which afforded some amusement. After which there were nice refreshments of angel food cake and strawberries.

We hear that Woodland is fortunate in procuring for another year the services of Miss Mary Bird Pursley as principal, Miss Ruth Burrus as teacher in the intermediate room and Miss Sallie Kate Brevard for the primary work.

A cemetery association was organized last Saturday at Antioch on the occasion of decoration. President, John Crawford; secretary and treasurer, Chas. Harris. Committee, N. W. Whipple, Jas. Marshall, Wm. Jordan.

Class Recital.

Miss Nona Jones announces a recital by her class at the Methodist Church on Monday night, May 29. Public cordially invited.

Announcement.

Owing to the fact that I am called away, if my accounts are not settled at once, I'll be forced to put same in the hands of an officer.—Dr. Roper.

Rare Tire Value for Owners of Ford Cars

We sought a fabric tire larger than average to obtain greater air space, thus guaranteeing fullest comfort and longer life.

We took on Mason Maxi-Miles, believing this distinctive tire would fully meet the insistent demand of customers for a tire beyond question as to value.

We know now how happy was our choice. Scores of drivers of light cars claim Maxi-Mile to be the most satisfactory, high quality tire they have ever known.

The Ford factory at Detroit now use Mason Maxi-Mile as standard equipment on cars and trucks. That indicates exceptional tire value.

Equip with Masons.

Notice to the Ladies

The season for Non-rustable, Cloth-covered buttons is now here. There is nothing neater or more desirable for dresses than buttons made in solid or combination colors.

Buttons made and Guaranteed not to rust, on white, non-rustable metal moulds.

Mail orders given prompt attention.

Mrs. G. D. Capps
UNION CITY, TENN.

THE Studebaker LIGHT-SIX will appeal to every buyer who wants a low-priced car that will be satisfactory in performance, appearance, comfort and endurance.

And in addition to its recognized superiority in these essentials, the LIGHT-SIX carries refinements found only on more expensive cars.

The LIGHT-SIX is equipped with cowl ventilator operated from the instrument board; cowl parking lights; inside and outside door handles and large rectangular plate-glass window in rear curtain. A thief-proof transmission lock, which reduces the rate of insurance to LIGHT-SIX owners 15 to 20 per cent, and cord tires are also standard equipment.

Long, semi-elliptic springs (50-inch in rear; 36-inch in front) and soft, genuine leather upholstered cushions, nine inches deep, provide unusual comfort.

Its 40-horsepower motor delivers ample power for the hard pull. And vibration is practically eliminated by Studebaker's method of machining the crankshaft and connecting rods.

The intrinsic value of the LIGHT-SIX is unmatched at anywhere near the price because Studebaker does not skimp on materials or workmanship but uses the best. It is built complete in the most modern and complete automobile plant in the world, making possible its low price of \$1045, f. o. b. factory.

Studebaker has been building quality vehicles and selling them at fair prices for nearly three-quarters of a century and is the largest builder of six-cylinder cars in the world.

Towing, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.

THIS IS A STUDEBAKER YEAR

The Thrifty Citizen Who Caught the Plugged Nickel

MR. BROWN had swallowed his lunch and had paid his bill. Cautiously he counted his change. "Here!" he said, sharply, "Take back this plugged nickel and give me a good one!"

Mr. Brown walked proudly out. They couldn't fool old Brown.

But old Brown had fooled himself.

Brown's day was heavy and dull. He lacked "pep." There was a mid-afternoon drowsy spell when he needed to be awake—the direct and natural result of heavy, starchy breakfasts and lunches, taken on faith and without question as to value—just because the food looked and tasted like food.

Thousands of shrewd business men who count their change, take their food for granted.

That's what builds up the sanitarium business, and puts the tired "all-done" feeling into the mid-afternoon of a business day.

Grape-Nuts is a scientific food whose delicious, appetizing flavor and crispness are an introduction to well-balanced nourishment—a nourishment easily and quickly assimilated, so that body, brain and nerves are well fed and kept free of the stored up poisons left by so many ill-selected foods.

Served with cream or good milk, Grape-Nuts is a complete food, always ready, always a delight to the taste—and always a safe selection for the man who thinks his stomach is entitled to some of the same protection he gives to his pocket.

Grape-Nuts—The Body Builder

"There's a Reason"

Made by Postum Cereal Company, Inc., Battle Creek, Mich.

Notice.

All who are interested in Shady Grove Cemetery will please meet at the church Sunday afternoon at 3 o'clock for the purpose of organizing a cemetery association. Rev. E. M. Mathis will preach.
