

LeDUKE—We are authorized to announce B. F. LeDuke, of Lake County, as a candidate for re-election as State Senator from the counties of Weakley, Obion and Lake, subject to the action of the Democratic party.

The Commercial would like to emphasize some points heretofore made along the lines of street improvements. Union City cannot afford street paving at \$60,000 a mile, or a matter of half a million dollars for paving the streets of Union City. We can manage a system, however, which will provide for standard paving in the strictly business sectors and railroad track crossings, and less expensive construction on the residence streets. We have always stood for that plan. But the Board took a different view and provided for an extension of standard paving to some of the preferred resident streets. Now, if this residence section is done on the abutting property plan as planned we have no objection to make. But if some few of the resident streets are to be paved with standard paving and others with cheap paving then the objection made by some of those present Tuesday night to the abutment plan is not well considered. To levy a general property tax for this sort of an arrangement would be altogether unreasonable and unjust. A general tax to improve one man's property with paving at five dollars a foot and another one's at 50 cents a foot, would be class legislation of the rank character and illegal, no doubt, if tested by law. Therefore the only fair way to make improvements on the resident streets under general taxation is to make them all of the same cost. The people certainly would not stand for anything else.

For State Senator.

Senator Ben F. LeDuke, of Lake County, announces this week as a candidate for re-election as State Senator from the Twenty-eighth Senatorial District, composed of the counties of Weakley, Obion and Lake, subject to the action of the Democratic party.

There is no better known citizen of Lake County than Mr. LeDuke. He is a citizen of the highest type and a Democrat who has never known how to forsake his party. He served the people in the General Assembly with the very highest order of ability and integrity. His record shows that he stood for the interests of his people against the inroads of treasury raiders. He is a progressive and at the same time a man who understands the importance of financial economy. He is withal a man exceptionally fitted by nature and experience for the work of legislation.

Mr. LeDuke is seeking a nomination for the second term and he believes his services entitle him to the consideration of his fellow citizens and voters of the district. The Commercial takes genuine pleasure in presenting the name of Mr. LeDuke for State Senator.

ENDORSES CRAIG FOR CONGRESS.

The writer was in Brownsville Saturday visiting his brother, Paul Sims, an employee of the Brownsville States-Graphic, and had the opportunity of hearing Hon. W. W. Craig's opening address in his campaign for Congress. Mr. Craig's speech was printed in Sunday's Commercial Appeal and is a masterly effort in the presentation of his claims. The News is proud of the record of Mr. Craig on Capitol Hill where he fought for the best interests of the citizens of this State. He has climbed from the bottom round of the ladder and now comes before the people hoping to realize the ambition of a life time, a seat in the Congress of the United States. Mr. Craig is a native of this town; this county the place of his youthful endeavors and his friends here are anxious to see him attain this high position. The opposition to Mr. Craig does not discount his ability; it relies principally upon the plea of Mr. Garrett's position as a party leader. This issue was discussed by Mr. Craig in his opening address, and should be read and considered by all impartial Democrats. The News supports Mr. Craig upon the grounds that he is able to fill with credit the high office to which he aspires and also for some of the many exalted principles in his platform and as a home grown product, a man who has achieved remarkable success. Should the Democrats of the Ninth Congressional District see fit to return our representative, he will have our loyal support as the party nominee, but in this campaign, we feel that the neighbors and friends of Mr. Craig in Crockett County are going to show their interest in their fellow-citizen by rallying to his support.—Tri-County News, adv.

EN-AR-CO BOY

A Musical Fellow

Our reporter has found the most musical fellow in town. He is a boy, six foot tall, has wonderful eyes, a broad smile and is considered an authority on music.

When interviewed he was at the Motor Sales & Service Co. place of business. Our reporter asked this remarkable boy to sing a song. The boy replied—"One doesn't need to be a singer to keep the even tenor on his way." So our reporter then asked—"What is the sweetest music in the world?" Everyone should know that," replied the boy, "why—a baby's first chuckle is the sweetest music in the world." "Give me a few definitions of Jazz," pleaded our reporter and here is what the boy handed out:

"Jazz—delirium tremens made audible."

"Jazz puts the 'harm' in harmony."

"Jazz knocks the 'L' out of melody."

"In jazz saxophones are played so you won't hear the rest of the music."

"After jazz people may take up music as a fad."

"Often one gets harmony by playing second fiddle," was a terse musical epigram that the boy quoted. Knowing that no one likes too much chin music, our reporter left after first ascertaining that this monster boy is here to stay and his job is to keep everyone in good humor and to keep motors in tune also.

Motor Sales & Service Co. have hired the boy to help them sell En-ar-co Motor Oil—an oil that is refined with such scientific accuracy and painstaking care that it is considered everywhere the best motor oil obtainable. It will make your motor run smoother, keep it remarkably free from engine trouble, repair costs and similar annoyances.
