GREEKS NEED HELP.

Athens Government Sends Appeal for Relief in Money.

Owing to the serious situation in Greece which has resulted from the invasion of that country by scores of thousands of refugees from Smyrna and other stricken districts recently conquered by the Kemalists, the Greek government has requested the American Express Company, thru its agency in Memphis, to make a strong appeal to Americans for relief in the form of money with which to purchase food.

Cables from Athens convey the intelligence that the problem of feeding the vast army of survivors of the Smyrna catastrophe is extremely difficult and the food supply is diminishing with alarming rapidity. These messages further state that the suffering of those who escaped the nationalist army's advance on their city is intense, and that every agency in Greece is fighting valiantly to cope with the terrific situation.

"It is estimated that more than 400,000 Greek refugees already have arrived in Greece," states one cable from the Athens office of the American Express Company.

"Greece is unable to feed the refugees, and this appeal for relief is for relief in the form of money."

The American Express Company has made arrangements to place the facilities of its organization at the disposal of those wishing to render financial assistance direct to the local relief committee.

Official instructions have been issued to all the company offices to accept funds for transmission, either by cable or draft, at actual cost, when sent in care of the American Express Company, Athens, Greece, and payable to W. S. Taylor, the American treasurer of the relief committee at Athens. Mr. Taylor is the Greek representative of the Standard Oil Company and is president of the American Chamber of Commerce in Greece.

UNION COMMUNION SERVICE AT CUMBERLAND CHURCH

Every follower of Jesus is requested to be present at the opening service at the opening evangelistic meeting at the Cumberland Presbyterian Church Sunday at 11 a.m. when, just before the sermon, we shall observe the Holy Communion together.

Art Class.

Miss Mary Howard Turner announces the opening of her studio next Monday at the Central High School, in the old commercial department room. She will receive pupils on Mondays and Thursdays.

Christian Church.

Sunday school, 9:50 a.m.
Christian Endeavor meetings, 6:00 p.m.

Don fail to attend the opening service at the union meeting which begins at the Cumberland Presbyterian Church at 11 a.m.

Just before the sermon we shall all sit together at the "Lord's Supper." Come praying for a great blessing.
E. S. BAKER, Minister.

Baptist Sunday School.

Why Not?
Congenial surroundings; capable teachers. You can't be mistaken in going to Sunday school. Play safe.

Go to the school of your choice; we'd welcome you to ours.

Brace up; make a fight against carelessness and worldliness. Quit loafing and lend a hand. You don't know how you're needed. AGOGA class meeting next Tuesday night.

To Remove Grass Stains.

Use ordinary black baking molasses rubbed well into the fabric. Whether it be cotton, linen or wool, it will remove the stain. Let stay on a few minutes, then wash as usual. It will not injure delicate materials or color.

SUNNY SOUTHLAND

We believe that no part of our country offers as great opportunities to the homeseeker and investor as does Florida, the land of Golden Sunshine, Golden Fruits and Golden Opportunities. The state yet has much cheap land that is being rapidly developed—land that may be had for \$20 to \$50 and made worth \$1,000 per acre in five years and in the mean time pay all expenses of developing.

The wonderful climate of Florida, where it is literally "Springtime all the Time" is the foundation upon which is being erected this wonderful commonwealth. Her shores, washed by the briny deep and her surface dotted with thousands of beautiful lakes, her virgin lands covered with stately pines or spreading oaks, her golden sunshine ever tempered by salty breeze, all go to make an ideal climate.

Everywhere are beautiful deep, clear lakes, literally alive with choice fish, surrounded by native forest or golden orange groves, with clean, white sandy beach, inviting you to bathe in the "Fountain of youth," be it Christmas time or June.

Florida's "Golden Fruits" include many varieties of many kinds but the term is usually understood to refer to her splendid groves of oranges and grapefruit, Golden in profit to their owners, it being not unusual for these groves to net their owners \$1,000 per acre annually.

Practically all the soil is adapted to the production of paying crops—orange, grapefruit, potatoes, cabbage, beans, tomatoes, cucumbers, celery, lettuce, and many other fruits and vegetables being staple and profitable.

Young man; if you want a future all your own—if you believe the road is "cut out" beyond your line of vision, consider these opportunities.

And you older people; why not golden sunshine in winter and shady breezes in summer?

As an agricultural proposition you have here in Union City that which has no superior in any state—for growing grain and the regular farm products you can find no more productive soil. Socially and intellectually your citizenry is surpassed by none and we account it an honor as well as a pleasure to have met and known some of the noblest men and women of our acquaintance, but always there are some who seek new fields of opportunity where honest effort will yield greater results.

I truly believe in the West Coast of Florida and would be glad to give you the benefit of my experience and observation. See me at 318 N. 1st St., Union City before Oct. 10. After that date write me at Suite 308-9, Citizens Bank Building, Tampa, Florida, and I will give your letter my best personal attention.
