Severe Indigestion
"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Thedford's BLACK-DRAUGHT
and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.
"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."
Have you tried Thedford's Black-Draught? If not, do so today.

ONLY CURE FOR A TENNESSEE RIVER CHILL
Dr. J. T. Henslee & Son, Blood, Ky. write, "We carry in stock Mendenhall's Chill Tonic, black label without arsenic and red label containing arsenic and are having big sales on same. Mendenhall's is the only Chill Tonic that gives a complete cure for a Tennessee River Chill. Chill Tonic, black label is a pleasant substitute for quinine. The properties of arsenic are set down in medical books as follows: "Most successful agent in the treatment of chronic malaria, malarial or bilious fever, intermittent fever or chills, brow ache, neuralgia, headache or rheumatism due to malaria or general bad health. Increases the appetite, digestion, weight and strength of the patient and has great power to improve the condition of the blood. It is one of the few substances which deserve the name of a general tonic. Inactive liver and spleen functional nervous disorders with malnutrition and anemia are benefited by its use."

refuge under the branches of a tree in the Williams field. Lightning struck the tree and the men nearby received the shock. Their injuries proved temporary and they have entirely recovered, we are glad to state.

At the Canning Factory.
Mr. G. B. White, secretary and treasurer, reports a very busy and profitable season for the Union City Canning Co., under the able supervision of Mr. Carey Brummel, who has so successfully managed the plant for several years. During the canning season the company's pay roll amounts to over \$700.00 per week and the amount paid for tomatoes each season runs well up into the thousands.

They have canned and shipped to the wholesale markets this season about 20 cars of Union City tomatoes. For the finished product of this plant the prices received this year amount to about \$1,500.00 per car, or about \$30,000.00 for the season's pack.

Registration Notice.
The registration books will be open at the City Hall October 19 to 21. If you have not already registered, you will have to do so in order to vote in the regular election, November 7, 1922.

New N. & C. Equipment.
Fifteen new locomotives, three passenger and twelve freight, have been ordered by the N. C. & St. L. Railway from the Baldwin Locomotive Works, according to announcement by W. W. Lovelace, the local agent. Delivery of the new engines will commence within two weeks.
The new passenger locomotives, which are among the most powerful ever built, are similar to the five mountain type locomotives now in service between Nashville and Chattanooga. They are eighty-five feet long, and have a total weight of 251 tons. The engine proper weighs 327,000 pounds. They combine the speed of the passenger engine with the power of heavy freight engines.
The twelve new freight engines are of the Mikado type, similar to the largest freight engines now in service on the N. C. & St. L. They are eighty-one feet long, weigh 233 tons and develop a tractive power of 55,000 pounds.
All of the new engines are to be equipped with the latest improved mechanical stokers, power reverse gears, thermic siphons in fire box and other modern improvements.
