CITY BUYS LAND FOR DUMPING GROUND

Makes New Electric Power Rates and
Orders Repairs.

Taking up the schedules for motor power, ordering street and school building improvements, and attending to many other details of municipal government, the Board of Mayor and Aldermen at the meeting last Tuesday night had not altogether an unimportant session.

Some time ago an attempt was made to fix an electric power rate to accommodate those persons who desired to avail themselves of the opportunity of installing an electric range. The question was discussed and finally a rate of six cents per kilowatt hour was agreed upon. At the following meeting the matter was reconsidered and the new rate was rescinded. It was decided that as this rate was not for general use it was therefore unfair. So a general motor power rate of six cents per kilowatt hour for all purposes was agreed upon last Tuesday night and so ordered. This rate does not apply for the first 50 kilowatts but for all over that amount for the current month. All under that is charged at the regular electric rates heretofore in effect. Fifty kilowatts at the old rate per kilowatt hour amount to \$5.20. So, to make it more easily understood, those persons who use as much as \$5.20 worth of electric current per month are allowed the six cent rate only for all over that amount. This will give an opportunity to try out the electric range, vacuum cleaner, iron, sewing machine, clothes washer, or any other of the power machines, and if coal continues high another year electricity may be more generally used.

Z. W. Corum, H. A. Bransford and G. C. Cloys were appointed to constitute a park commission, to take charge of and make provisions for improving the city parks.

The Streets and Sidewalks Committee was instructed to order a street grader and a supply of gravel for repaving the streets.

C. T. Lovelace was appointed to look after the work of repairs at the old city school building, having wood work painted, etc.

The city adopted report of a special committee and ordered the purchase of eight acres of land east of and adjoining East View Cemetery for a general dumping ground for garbage, etc. This is a matter that has needed attention for some time. The city was practically without a place to dispose of its refuse, and draymen exacted most any price to haul it away. Now it will be a more satisfactory arrangement.

Ford Loses Contest.

Washington, Feb. 1.—A recount plurality for Senator Newberry of about 4,500 over Henry Ford in the Michigan Senatorial contest was forecast in to-day's announcement from the Senate committee making the canvass, which will be finished to-morrow. It was said. With all but 82 precincts recounted, Mr. Ford's net gain was 3,125. Senator Newberry had a plurality on the original count of 7,500.

A Card of Thanks.

We are truly thankful to the friends who were very kind and attentive during the illness of our mother, Mrs. Mary Jackson. We wish also to acknowledge our appreciation of the flowers and many tokens of kindness in our sorrow.—Albert Jackson, brothers and family.

The repeal of the anti-cigarette law means that the State and county will get revenue of which they have been deprived during the past few years. It does not mean that there will be any greater sale of cigarettes than heretofore. Under another bill passed by the Legislature a severe penalty will be provided for those who sell cigarettes to minors. The disregard of the anti-cigarette law has added to the general disrespect for all law. Now that the ban is lifted, let us see that the saner clauses—those affecting the sale to minors—are enforced to the letter.—Jackson Sun.

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. **ONE HUNDRED DOLLARS** for any case of Catarrhal Deafness that cannot be cured by **HALL'S CATARRH MEDICINE**. All Druggists & Co. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

COMMISSIONERS ELECT SUPERVISOR

The Board of Obion County Highway Commissioners met yesterday morning at the City-Hall in Union City, according to the provisions of the Waddell road law recently enacted by the General Assembly and proceeded to elect a County Supervisor. The names of several candidates were presented, resulting in the election of J. W. Buchanan, of Obion.

The Board is made up of the following members: Hugh Smith, No. 13; Joe Peoples, No. 16; T. P. Finch, No. 11; Walter Via, No. 9; A. E. Caldwell, No. 3.

The Board completed its organization and agreed upon stated meetings on the fourth Monday in each month.

The election of Mr. Buchanan undoubtedly pays him a very high honor since there were a number of candidates of exceptionally fine qualifications for this position. The honor however comes to a good man, specially equipped and qualified for this work. Mr. Buchanan has had years of practical experience in road work. He has not only been active in construction but he has been interested in the general progress of public highways, familiar with such matters, and will make this work a matter of personal pride as well as a duty to the citizens of the county.

Recruiting Station.

There have been three previous service men accepted at our local Army Recruiting Station during this week. They are as follows: Thomas C. Butler, Hickman, Ky., a World War Veteran who enlisted for service in the 18th Infantry; Ernest Foville and William L. Crenshaw, of Dyer, Tenn., both of whom are world war veterans and both enlisted for the 26th Infantry, which is now stationed at Camp Dix, N. J.

Union City Recruiting Station secured the applications of 54 men during the month of January and found 34 out of that number to be acceptable for the army.

Hastings Seeds 1921 Catalog Free

It's ready now. 116 handsomely illustrated pages of worth-while seed and garden news. This new catalog, we believe, is the most valuable seed book ever published. It contains twenty full pages of the most popular vegetables and flowers in their natural colors, the finest work of its kind ever attempted.

With our photographic illustrations, and color pictures also from photographs, we show you just what you grow with Hastings' Seeds, even before you order the seeds. This catalog makes garden and flower bed planning easy and it should be in every single Southern home. Write us a post-card for it, giving your name and address. It will come to you by return mail and you will be mighty glad you've got it.

Hastings' Seeds are the Standard of the South and they have the largest mail order seed house in the world back of them. They've got to be the best. Write now for the 1921 catalog. It is absolutely free.

CASH GROCERY CO. ENLARGED QUARTERS

New Shelving, Counters and Fixtures
and Bigger Business.

H. B. Horner, the human dynamo of the grocery and dry goods trade in Union City, has completely remodeled his Cash Grocery and Dry Goods stores in Union City on Washington avenue, and installed new shelving, cabinet fixtures, etc.

This is one of the liveliest stores in Union City. Mr. Horner, one of the most resourceful business men we have, a few years ago opened a grocery store to make better use of his buildings. From the opening this store has been growing until it enjoys a rural trade second to none anywhere, and an exceptionally liberal city trade. Mr. Horner has been selling groceries principally in case and bulk lots and always at the very closest margin. In that way Union City, thru Mr. Horner, has gained a reputation for very low prices and has become a much larger grocery market as well as a bigger dry goods center. Thousands of dollars pass over his counters during the week and sometimes his trade reaches into very large sums during a single day.

Mr. Horner is a business man from the ground up. He has worked hard to build up this business and he deserves all the success he has earned. In his new store doubtless this business will continue in the same liberal way, and the public will be pleased to enjoy the opportunities afforded there.

Credit Called Curse.

Pine Bluff, Ark., Feb. 1.—Credit was described as the "curse of the South" and likened to the drug habit in an address to farmers and business men here to-day by George R. James, Memphis business man, urging the necessity of forcing reduction of cotton acreage in the county this spring.
