ESTIMATES AND PLANS FOR STREET PAVING

Ordinances Confirmed and Sale of Bonds to Be Advertised.

The Board of Mayor and Aldermen met last Tuesday night in regular session and received the report of the engineer, Mr. Weatherford, which is a complete survey of the city for the purpose of laying paved streets.

First after the publication of the ordinance will be the advertising of the street improvement bonds to be sold, and the board will proceed after that to arrange for street construction in the way of letting contracts or in whatever way the work is to be done. All of these things will come in regular order, unless the citizens to be effected by these improvements make objection in the regular way provided by the ordinances for such objection. No such objections have yet been made.

As heretofore understood the improvements embrace First street from the south line of Harrison street north to the north line of Main street; thence Main street crossing the M. & O. R. R. tracks to the crossing of Main and Ury at the Methodist Church; then all of Ury street from Mill street north to Todd street.

The estimates for this work included in the survey are as follows: Type of street: Asphaltic concrete.

Depth of center street bed, seven inches.

Cost of First street improvements: Total, \$21,297, or \$5.80 per front foot.

Cost of Main street improvements: Total, \$20,778, or \$6.45 per front foot.

Cost of Ury street improvements: \$52,844, or \$9.42 per front foot.

The grand total of entire street paving improvements is \$94,919.

As we understand the above front foot estimate, it is the amount each abutting property owner is to pay. Multiply that by three and it carries the front foot across from one side of the street to the other, each property owner paying one-third and the city one-third.

The report of the engineer is in several volumes and the estimates and specifications are all typewritten and ready for reference.

The bonds will be twenty-year serial bonds. The installments to be paid by the abutting property owners are for ten years or one-tenth of the cost each year.

This estimate is approximately \$3.50 per square yard, which was made heretofore by Mr. Harris.

The city refused the petition of citizens to locate confection and refreshment stands at the park.

CHILDREN'S PLAYGROUND.

Formal Opening Friday, June 10, 5:30 p. m.

The children's playground will be formally opened Friday, June 10, at 5:30 p. m.

An interesting program of short talks and special music has been arranged. Every one is urged to be present at this meeting and see the wonderful improvement in our park.

All stores will be closed and the merchants will attend.

Every man has days when his suspenders insist on getting twisted and his socks keep coming down.—Howard (Kans.) Courant.

SAY ATHLETIC GIRLS ARE POOR MOTHERS

Should Remain Gentler Sex, London Women Say.

London, June 3.—Whether athletic girls become healthy mothers is a problem now being hotly debated by woman doctors here.

The question arose in an acute form when the pioneers of the recent agitation against athletics for girls held a conference in London and condemned games as tending to be injurious to the next generation.

To such dimensions is the campaign against feminine athletics growing, that it is considered likely many colleges will shortly revise their games curriculum and that the present craze of violent exercise among all classes of British girls will be struck a fatal blow.

The chief blow to the "muscle girls," as they are known here, was dealt by Miss Cowdroy, a college principal who has had experience of girls for three generations. She said:

The girl trained to hockey, cricket, football and tennis suffers in after-life. Sometimes the child suffers and sometimes the mother, and sometimes one of them dies.

The Victorian girl was better physically than the modern girl.

A great many girls brought up on present methods of physical training are bad tempered and soured in later life.

Equally sweeping in her criticisms was Miss Radmar, head of a large institution for the physical development of girls.

"The typical athletic girl of today," she said, with her wide hips and over-developed chest, is not elegant or fine. Big muscles are out of place in a girl. She should be educated to do the soft and gentle things of life."

Medical support was given by Dr. Arabella Kenaly, the celebrated doctor. "Athletic women produce female offspring mainly," she said. "Seldom do they have sons, and these are apt to be puny and delicate."

On the other hand, there is an influential body of medical opinion in favor of athletics for girls. Dr. Mary Scharlieb, the famous woman surgeon, says: "Much of this criticism is nonsense. Athletics are excellent for girls, provided care is taken over them."

"These criticisms are merely part of a plan to get women back to their old-fashioned atmosphere," comments Dr. Jane Walker. "Athletics are exceedingly good for girls. The lie about puny children was natted to the counter years ago. Investigations were made concerning the families of athletic women who had been to Oxford or Cambridge. It was proved that they had had beautiful, healthy children—and plenty of them. The trouble is that some timid mothers are beginning to be fussy about their girls, and there is danger of healthy exercise being interfered with."

Dr. Sloan Chesser, another well-known woman doctor, said there was a tendency to over emphasize the value of athletics for both sexes.

"Boy and girls can play pretty much the same games until the age of 14 or 15," she said. "Girls seem to be as good as boys until then, but after that age the boys become relatively stronger, and other types of exercise appear to be better for girls. Dancing is a much better form of exercise for girls than Swedish drill, and I am also in favor of curythenica."

The view of big business concerns employing huge numbers of girls

(most of whom in this country provide their personnel with grounds for games) is expressed by a member of Lyons, the tea-shop concern.

"The most efficient members of our staff are those who indulge in games," he said. "We have never found that the health of the business girl suffers from tennis, hockey or football."

Even the staidest London newspapers think the subject worthy of editorial comment. The Pall Mall Gazette complains that there exists a class of women school teachers who want girls' schools run on the lines of boys' schools, especially in the playing field. "Sex jealousy is at the root of the mischief. The muscular development produced in girls by violent exercise may be undesirable, but more than any question of aesthetics is the risk of nervous strain and physical exhaustion, and the probability that the child-bearing capacity of the woman of the future will be seriously curtailed."

Methodist Church.

Rev. Asa F. Stem, one of our general evangelists, of Berkeley, Cal., will preach at the Methodist Church next Sunday at 11 o'clock a. m. He will neither preach on Christian education nor the centenary—just a good evangelistic sermon.

Our subject for Sunday evening will be, "What Is Your Life?" We hope to see as many as possible out at each of these services.

Children's day services will be held at Salem Sunday evening at 8 o'clock

C. P. Church Notes.

Sunday school, 9:45 o'clock.

Morning and evening worship at the regular hour. Sermon by the pastor.

Junior Christian Endeavor, 3:00 o'clock.

Senior Christian Endeavor, 7:00 o'clock.

Topic: "Out and Out for Christ." Have you written your friends to visit you during the Home Carnival July 4 to 10, something doing every day that every one will enjoy.

Builds Ice House.

Hickman, Ky., June 7.—The Union City Ice Company of Union City, Tenn., is building in West Hickman an ice house to take care of its Hickman patrons. The company has been selling ice here for the past two months and has been bringing it over by trucks. After the completion of the ice storage house here ice will be shipped in carload lots.

Big Rally at Reelfoot Lake.

The Northwest Christian Endeavor Union held its first annual rally at Samburg, Tuesday. Ninety-seven Christian Endeavorers from Dyersburg, Newbern, Rives and Union City enjoyed the day. Boating, fish fry, devotional services stressing the importance of rural Christian Endeavor and a baseball game between Endeavorers and Samburg were features of the occasion.

Card of Thanks.

We wish to express our thanks to the many friends and loved ones for the many deeds of kindness and words of condolence and sympathy for us in our bereavement and sorrow in the sudden passing away of our much loved husband and father, Jerry A. Clear. May God's richest blessings be and abide with you henceforth and forever.—Mrs. Ann McAllister Clear, Martin Clear and family, Mr. and Mrs. John Covington, and little A. T. Clear.

Debtors, Take Notice.

The accounts of the firm of J. A. Coble & Son are now in my hands for collection, and must be paid without delay. Persons wishing to pay accounts may do so at my office or at Farmers Exchange Bank.

If not paid promptly suit will be brought to enforce payment. Pay us and save costs.

Respectfully,

W. M. MILES, Attorney.

FARM LOANS

I AM AUTHORIZED to take applications for loans to be made in sums of \$3,000.00 or more on first-class improved farm land in Obion and Weakley Counties, Tennessee, and Fulton County, Ky. Will only be able to make a limited number of loans at the present time, and suggest that you make application immediately if you desire a loan. The interest rate is very low and the conditions as to payment very favorable.

Union City O. SPRADLIN Tennessee
