NEWSPAPER WEEK BOOST HOME PAPER

Week of November 7-12 Set for Nation-Wide Endeavor to Broaden Field.

"Subscribe for your home town paper." This is the slogan of a new nation-wide movement backed by the National Editorial Association and other agencies including the Division of Extension of the University of Tennessee through its news service department.

The movement has back of it far more than a selfish desire on the part of newspapers to acquire increased circulation, for it is in effect, a step toward the perfect unification of America by the strengthening of ties that bind anyone to his native soil.

The campaign is, moreover, an excellent opportunity to boost the home town. The men and women who were born and reared here have, some of them, been away from home many years and many important changes have taken place—changes in which they would be greatly interested.

The newspaper prints all the items of interest, large and small, and is the ideal medium through which to keep in touch with the old home town.

Nothing holds a town and the people of a county together quite so well as a weekly newspaper. Nothing boosts for you quite so strenuously, first, last and all the time as the county paper. Nothing is quite so ready to laugh with you in your joys, sympathize with you in your sorrows and extend help in your misfortunes as the home town newspaper.

Everybody is expected to subscribe for his home paper during the week of November 7-12 which is to be known as "Subscribe for your home town paper week." If already a subscriber you are expected to pay up your subscription. Boost your home town and county by subscribing for your home town paper.—Extension News Service, University of Tennessee.

Four-Minute Men.

Of interest not only to Presbyterians but members of other denominations is the announcement that members of the laymen's missionary movement of the Southern Presbyterian Church will take an active part in some of the items on the progressive program. It has been decided to make use of the four-minute men of the movement in presenting: Tithing, in December; the Use of the Family Altar, in January; the Every Member Canvass, in March; and the Call to the Ministry, in August.

The laymen's missionary movement has grown rapidly within the past two years. It was organized for the purpose of doing much of the work heretofore devolving on the ministers; and working with the ministers. It has accomplished a great deal. There are now over thirty of these associations over the entire South, and others are being organized as rapidly as possible.

The officers and executive committee consist of the following: Chas. A. Rowland, Athens, Ga., chairman; J. P. McCallie, Chattanooga, Tenn., vice chairman; Dr. M. H. Hull, Atlanta, Ga., recording secretary; F. H. McEntire, Athens, Ga., treasurer; F. L. Slaymaker, Athens, Ga., secretary; A. J. A. Alexander, Spring Station, Ky.; H. B. Arbuckle, Davidson, N. C.; Jno. W. Friend, Jr., Petersburg, Va.; J. Allen Graham, Greenville, S. C.; J. Nat. Harrison, Petersburg, Va.; Jas. Lewis Howe, Lexington, Va.; Rutherford Lapsley, Aniston, Ala.; Wm. J. Martin, Davidson, N. C.; A. D. Mason, Memphis, Tenn.; J. R. McCain, Decatur, Ga.; W. S. McClanahan, Roanoke, Va.; C. T. Paxon, Jacksonville, Fla.; A. R. Phillips, New York City; E. H. Scharringhaus, Knoxville, Tenn.; J. Hart Sibley, Union Point, Ga.; J. B. Spillman, Columbia, S. C.; W. A. Watt, Thomasville, Ga.

WAR SECRETARY REVIEWS CASE OF OBION MAN

Washington, Oct. 19.—The determined action of Senator Kenneth McKellar and his personal appeal to Secretary of War Weeks Wednesday, will, it is believed, go far to ratify a grave injustice done by an army court-martial to Carl J. Bryan, a Tennessee soldier, whose home is at McConnell, Obion County. He is under life sentence in the Federal penitentiary at Fort Leavenworth on a charge of murder, committed at Renz, near Coblenz, Germany, although the record of the court-martial does not contain a scintilla of

evidence to show implication of Bryan.

Together with four other soldiers, Privates Odell, Yangilder, Youngblood and Richardson, Bryan was convicted of killing an English officer, which occurred June 20, 1920, during a brawl. Bryan a soldier in the army of occupation, submitted a perfect alibi, showing he was at a place seven miles from the scene of the fight at the time it occurred. Notwithstanding this he was convicted, although none of the witnesses was able to identify him as one of the participants in the row.

SKELETON AND THE LADY OR THE FUTURE UNION CITY

Dr. Oliver's Illustrated Lecture—The Two Symbols.

The present and future of Union City was presented in a symbolic manner by Dr. Oliver, of the Oliver-Cobb Drug Co., at the meeting of the Lions last Tuesday at the Forrester quarters on Washington street. The present was in the form of a human skeleton and the future in one of the handsomely draped female forms used in window displays. One represented what the Lions had to work on, the other the possibilities in the hands of the club with properly directed efforts.

Some discussion was held of a local Legion celebration soon to be held in Union City, and the preliminaries of organization for that purpose.

The question of a location for the Cumberland Presbyterian Seminary, a literary and theological school to be established by that denomination, was discussed and deferred for future action at a mass meeting.

The membership campaign is still in the process of formation and the Lions expect to do some real things when they get thru with it.

Must Have Average Price Harmony.

President J. R. Howard, of the American Farm Bureau Federation, has exceedingly sound ideas regarding the return of national prosperity. Mr. Howard has little patience with the bankers and papers that are continually crying that we are fast getting back to good times. At the recent implement dealers' convention Mr. Howard declared that "optimists were continually saying the bottom has been reached, that things were on the upgrade, that markets are recovering, but this is an attempt to create psychological optimism which up to the present time has proved to be naught but a will o' the wisp. Prosperity will not return until a stable price level has been reached and the farmer's buying power restored."

The bankers and the city dailies may kid themselves and others into believing that we are all set for prosperity-in-high but they would do better to present the real facts to their clients and readers and thus aid in a general readjustment and normal price relationship.

In other words, as Mr. Howard suggests, how can we expect all industries to keep busy and make money when the farmer, the largest single purchasing class in the country, is forced to sell what he produces at prices back to pre-war levels, while he is in turn compelled to pay half again or double pre-war prices for what he buys.

How can we expect prosperity and normal conditions of industry and living when some of us can't get a job at any price in order to provide bread, and others safely heeled in positions are getting double or treble the pre-war stipend. How can we expect normal activities when many of us out of work or with or without wages deflated to pre-war levels, are compelled to pay 100 per cent more for coal and 100 to 200 per cent more for rent than prior to the war.

Whether the ultimate price basis will settle close to pre-war levels on an average or ascend to a definitely higher plane, we are unable to say. One man's guess is as good as another's when it comes to this subject. It is certain, however, that whatever the final level, there must be general average price harmony between all commodities before we attain what the optimists will soon be at hand—general prosperity.

The immortal Lincoln declared that no State could exist half slave and half free. Neither can good times exist with half the industries deflated and half deflated.—Stock Reporter.

UNION CITY HIGH GAME AT FULTON

High School Defeats Carr Institute.

The fast team from the High School went over to Fulton last Friday and won rather handily in a hard-fought game by a score of 13 to 0. The game was hard fought throughout and it was anybody's game until the final whistle was blown.

In the first quarter the ball was advanced to the twenty-five yard line by the Union City team when Jordan made the touchdown on an off-tackle play. This ended the scoring until the final period. During the second and third quarter the ball was scooped backwards and forwards in mid-field. Fulton was held several times for downs and was forced to play a punting game. On one occasion Callicott caught the ball on Union City's ten yard line and made a brilliant run of forty yards before he was downed. The fourth quarter was as pretty a battle as one could wish for. In the last three minutes of play Union City advanced the ball to Fulton's eight-yard line by a series of passes. Jordan was again called on and went over the line on a short end run just as time was up. There was considerable argument as to whether the score counted as their timekeeper argued that he called time before the play was started, but nevertheless the referee did not blow his whistle. The rule is that when once a play is started it has to be completed. That being the case Union City was entitled to the last touchdown.

Jordan played a good game at half making several long gains on end run scores and scoring both Union City's touchdowns. Heppner repeatedly broke up their interference and got the runner behind the line of scrimmage. Callicott featured by his long return on a punt and by playing his usual brilliant game at quarter. Cravens alternated as referee and umpire.

The same two teams meet again on Union City's field next Friday, the 28th. This will be one of the best games that has been played on our field this year. Judging from the number of cars that went to Fulton to witness the game and the unprecedented interest that has been taken a good crowd is expected out. The game will start promptly at 3:30 o'clock.

Misses Vieva Roper, Nell Bond and Bernice Lovelace returned from the State Christian Endeavor Convention last Monday full of enthusiasm for Christian Endeavor. Miss Roper was a member of the State Executive Board.

Over four hundred delegates attended the convention and Union City was kept constantly before the convention, losing to Knoxville for the 1922 convention only by the fact that the All South Christian Endeavor Convention will be held in Hot Springs, Ark., July 1922.

A large crowd heard the returning delegates last Sunday in an "Echo Meeting." A large delegation of young people from the Bethlehem Christian Endeavor Society was present to hear the excellent report of the delegates. We hope that they will visit us often.

The pastor has been in McKenzie for the past two weeks where he has held a very successful revival.

Rev. J. L. Hudgins, beloved by the entire town preached at the regular hours Sunday. He is always a welcome visitor. Rev. Hudgins will resume the editorial work of the Cumberland Presbyterian, which he has so successfully edited in the past.

PERFECT PACKING CAMPAIGN.

Rail and Express Companies Are Interested.

A nation-wide "Perfect Package" movement will be conducted by the railroads and the express carriers of the United States and Canada, during the month of November, which will be known as "Perfect Package Month." The shipping public of this city will be asked to co-operate in the campaign. During November, the railroads and express companies will examine the condition of all freight and express shipments and record the faults of shipments which do not come up to the general classification of "Perfect Packages." Special report blanks for freight and express will be made out for every shipment that is found wanting in some detail of good shipping, and these reports will be sent to the shippers of the packages.

A great many shippers by railroad or express lose costs of articles shipped because the packages are badly marked or poorly packed. This campaign is to teach shippers how to eliminate many of these troubles.
