

## HEALTHFUL VIGOR IN STRONG BLOOD

Rich, Red Blood Built Up by Pepto-Mangan—Liquid or Tablet.

Blood is strong and full of life-giving vigor when there are plenty of red cells in it. Anaemic people have little strength because there are not enough red cells in the blood. It is thin and watery. Weak blood makes faces pale, pulls down the strength and leaves the body tired, weak and sickly.

A course in Gude's Pepto-Mangan restores weak blood to its normal strength. Taken regularly for a while it adds red cells to the blood. Then with good blood, the strength and vigor of youth return. There is pleasure in living, with good blood running through the veins. Gude's Pepto-Mangan is put up in liquid and in tablet form. They are the same medicinally. Physicians have prescribed Gude's Pepto-Mangan for years. The name "Gude's Pepto-Mangan" is on the package. Adv.

### It Started Something

"Your medicine is the talk of the town since pulling me from the grave. I have told dozens about it and I know of at least ten who are now taking Mayr's Wonderful Remedy, all with good results. I never saw anything like it. One man who had been operated on for gall stones and had them come back, took it and says his symptoms are all gone now and he swears he is cured. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Oliver's Drug Store and druggists everywhere.
