REPORT BLIND BABIES.

It is not generally known that the State of Tennessee has passed a law that gives special care, maintenance and education to the blind from the day they are blinded.

This law empowers the State Board of Education to provide for "the suitable care, maintenance and instruction of blind children of school age, who are not eligible to the Tennessee School for the Blind for lack of training, and who need special kindergarten training to prepare them for admission in said school for the blind, residing in this State, who may be born blind, or become blind, in any case where by lack of means the parent or parents of such children are unable to properly care for, maintain and educate such children."

It is at last fully realized that a child blinded in infancy is not likely to live to what has been considered the school age, eight years, without becoming crippled both mentally and physically because of lack of special care that should be given in the first years of the child's life. Most of the babies die before they reach the age of eight years, and those who manage to exist, meet with a worse fate by becoming feeble-minded.

Therefore, mothers, take note of this new step in education Tennessee has made, and report your blind babies to Mrs. Cynthia Westover Alden, president general of the International Sunshine Society and founder of the home 96 Fifth Avenue, New York City. This society has succeeded in getting this bill made a law.

You will receive prompt attention and booklets and reports on the care of the baby blind will be sent free to those who wish them.

MIDDLEBROOK.

Mr. and Mrs. James Harrison visited relatives in Carroll County Sunday.

Ernest McEwen and Walter Kee went to Pan Branch near Lexington Sunday.

Caldwell Bridges and sister of Birmingham, Ala., are visiting relatives near here.

Rev. Mr. Yates delivered an excellent sermon at Smith's Grove Sunday afternoon.

Mr. and Mrs. J. W. Greer spent the first of the week with the family of L. B. McEwen.

Children's day will be observed at Cowell's Chapel Sunday, July 4.

Everybody is invited to attend.

With the assistance of a few men who furnished wagons and teams, the women have cleaned the Cowell's Chapel Cemetery.

The Waxhaw Enterprise, after investigating the subject, has decided that farmers have about the same attitude toward reducing cotton acreage that the man in the story had toward reducing the size of his meals. His doctor advised him to eat less, so he went to his wife and said: "The doctor says I mustn't eat so much. So instead of cooking me twenty biscuits in the morning don't make me but nineteen; but make them just a little bit bigger."—Progressive Farmer.

HOUSE BILL 148.

A bill to be entitled, "An act making it unlawful for any person to obtain money or other property or credit by check, draft or order which is not paid by the drawee, and where the same is not refunded or restored by such person or written demand mailed to his last known address; and making the fact of such person not having on deposit with the drawee such money or other property, prima facie evidence of said fraudulent intent."

Section 1. Be it enacted by the General Assembly of the State of Tennessee, that any person who shall obtain, with fraudulent intent, money or other property which may be subject of larceny, or who shall obtain credit with like intent, by means of a check, draft or order, of which he is the maker or drawer, which is not paid by the drawee, shall be guilty of a misdemeanor if the amount or value is thirty dollars or less, if the amount or value is more than thirty dollars he shall be guilty and punishable as in case of larceny of such money or other property, or of anything of value obtained on such credit, unless payment of such check, order or draft after giving seven days written notice to the drawer's last known address, and the fact that such maker or drawer did not have on deposit or to his credit with the bank, person, firm or corporation upon which such check, draft or order is drawn, sufficient funds to pay the same when presented, unless such check or draft is paid or accepted when presented, shall be prima facie evidence of fraudulent intent.

Section 2. Be it further enacted, that all laws and parts of laws in conflict herewith be, and the same are, hereby repealed, and that this act take effect from and after its passage, the public welfare requiring it.

The above act was passed May 12, 1915, and approved by the Governor May 15, 1915.

RALLY AND PICNIC.

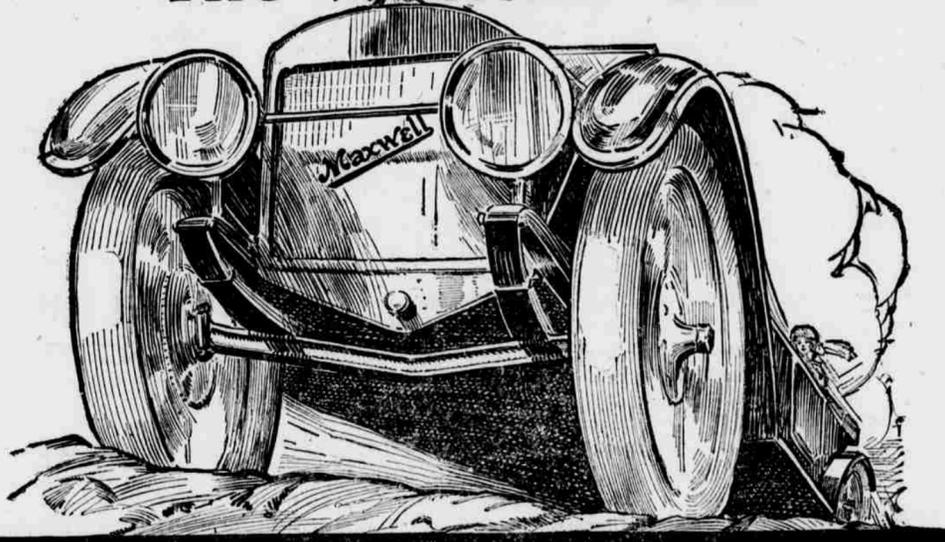

The Benton County Farmers' Union will convene in its regular quarterly session at Morris Chapel on July 2 and 3. Morris Chapel is located on the Memphis-to-Bristol Highway, 4 miles southeast of Camden. We are especially anxious that every local be fully represented and send a complete report of the membership.

For several weeks the Morris Chapel community has been planning—in their cooperative way—to make this picnic and rally a decided success, and we are looking forward to this occasion's influence as a great stimulant to the cause. The program is so arranged that the executive session will be held in the afternoon and evening of July 2.

As Saturday will be a day of public entertainment, we have arranged to have an address by State President L. M. Rhodes in the forenoon. Professor H. A. Morgan of Knoxville will lecture in the afternoon.

CLAY RASHING, President.
GRANVILLE GOODMAN, Secretary.

Maxwell "The Wonder Car"

You can own an exact duplicate of "Wild Bill" Turner's or Billy Carlson's record-breaking Maxwells

Think of owning one of these same Maxwells! Think of driving it wherever you want to, over any kind of roads—up any kind of hills—wherever four wheels can go! The same car for \$695.

Remember—every 1915 Maxwell is an exact duplicate of the regular stock Maxwell Touring Car, in which "Wild Bill" Turner and Billy Carlson broke the world's records up Mt. Hamilton and Mt. Wilson.

That is the kind of a hill-climber you get when you get a Maxwell.

Now consider these Maxwell Racing Car Records:

Barney Oldfield, in a Maxwell Racing Car,

won the Venice Grand Prix Race, making a non-stop run.

Billy Carlson, in another Maxwell Racing Car, finished second, a few seconds behind Oldfield.

A short time previous, Oldfield won the Corona Race,—300 miles at 86 3-10 miles per hour, without a single stop.

Carlson won the San Diego,—300 miles without a stop.

These Maxwell Racing Cars were built by the same designers—the same chief engineer—that build the regular Maxwell Cars, and the same Maxwell Laboratory-tested, heat-treated steel was used in them that is used in the regular stock Maxwell Touring Cars.
