It is situated directly on the Road leading from Benton to Athens, about two miles from Hiwassee River, and contains 400 acres—about 140 acres in cultivation—plenty of timber, and a good deal of the timbered Land well adapted to cultivation. It is a very pretty and desirable place to live; as healthy as any place in the State—comfortable Dwellings, a good Barn, Stables, Cribs, and other out-houses; a fine large Spring, as good water as any, a good Orchard of young Apple Trees of well selected fruit.

Any person wishing to purchase a good and comfortable home, on liberal terms, would do well to call and look for themselves. For further information, call on the undersigned on the premises, or A. P. Bradford at Riceville, Tenn. HENRY BRADFORD.

## Farm for Sale.

THE subscriber offers for sale her FARM, situated 1½ miles from Athens, on the old road leading to Philadelphia, and in the immediate vicinity of Forest Hill, containing **100 Acres,** more or less—about 45 acres under cultivation. There are about 12 acres of splendid meadow land, a portion of which is well set in grass—all well watered. There is a comfortable Dwelling House, two neat Brick Cottages, good Brick Kitchen, and all necessary outhouses.—There is a young Apple Orchard of the best variety of fruit, and a Peach Orchard.

If the above property is not previously disposed of, it will be sold at public sale, at the Court-house, in Athens, on the 2d Monday of August next. Terms made known on day of sale. MARY E. P. LIDE.

## Valuable Farm for Sale.

THE subscriber wishes to sell his FARM on which he resides. It contains 240 ACRES—about 150 of which are well improved, the balance is well timbered. It is situated about three miles North-west of Riceville Depot, McMinn county, and is well watered. There is a good Dwelling House on the premises, Kitchen, good Double Barn, and a first rate Orchard—in fact, it is one of the most desirable Farms in the country, as there is no more healthy location anywhere. Persons wishing to purchase are requested to call and look at the Lands and improvements.

☞ As the subscriber intends moving to the West, if he does not sell before the 1st day of *August next*, he will on that day offer the above FARM at public sale, on the premises, to the highest bidder.

## Schenectady Agricultural Works

MANUFACTURE

IMPROVED RAILWAY HORSE POWERS, THRESHERS AND SEPARATORS, COMBINED THRESHERS AND WINNOWERS, CLOVER HULLERS AND CLEANERS, WOOD SAWING MACHINES, &c.

THE undersigned having been twenty years engaged in building various kinds of Horse Powers and Threshing Machines, feel confident, from past experience, and the numerous testimonials they are receiving from all parts of the country of the superiority of their machines, that they can give satisfaction to all who may favor them with orders.

Our Horse Powers are made strong, and so geared that it requires the team to travel only about 1½ miles per hour to thresh dry grain, thereby making it suitable to work either horses or cattle on them.

Our Threshers and Threshers and Winnowers are so constructed as to discharge all the grain and dust through the machine, and not into the feeder's face as is usual with other kinds.

The Thresher and Winnower has a revolving wire separator, which does its work more perfectly than can be done in any other way.

The Separator (Riddle) has a fork straw shaker, which shakes the grain out of the straw as it passes from the Thresher.

We warrant these machines to suit the purchaser upon trial, or they can be returned and the money refunded.

G. WESTINGHOUSE & CO.

☞ These machines will be for sale in Athens as soon as they can be brought out by steamer. S. K. REEDER, *Agent.*

## Premium Wheat Fans!

*IMPORTANT TO FARMERS!*

THE subscriber would respectfully inform the Farming public and all others interested, that he still continues to manufacture **S. U. Thurber's Improved Premium Wheat Fans,** at the old stand in Philadelphia, Tenn., where he will be happy to wait upon those old friends and as many new ones as may desire the machines. These Fans are an improvement upon the "I. T. Grant Fan," by Mr. Thurber, who was the inventor of the Grant Fan. These Fans have received Premium Wheat Sacks wherever they have been exhibited, in various States of the Union, to WHEELS, NOT TO, where they were ever fifty competitors for the premium, and in Ohio, where there were thirty contending for the same. Virginia, Pennsylvania, North Carolina, and the Middle Division of the State of Tennessee, have acknowledged the superiority of these Fans by awarding premiums at their respective Fairs, to the preference. This Fan also took the premium at Columbia, So. Ca., last Fall. In a word, they are superior to anything ever before offered to the public. He subjoins a certificate of several gentlemen of Philadelphia, well known to the people of lower East Tennessee.

"This certifies that the undersigned heard and tried S. U. Thurber's Premium Wheat Fan, and state that it cleaned one bushel per minute, separating all filth to such a degree of perfection that it cannot be rivalled by any Fan now in use; and we recommend all who stand in need of such a machine to examine this improved Fan before purchasing elsewhere. D. Dixon,

Chas. Gowen,

A. W. Gowen."

His wagons with Fans will travel throughout lower East Tennessee and up to Georgia, during the present Spring and ensuing Summer. J. COTTON.
