Mr. ADAM HARRIS, Assistant Surgeon U. S. Navy Hospital, New York, says:—Dr. Rogers' Liverwort and Tar cured a case of the most distressing Asthma of twenty-six years standing.

Sworn to and subscribed this 28th day of November, 1854.
HENRY E. SPENCER,
Mayor of Cincinnati.

Mr. Child resides on Sixth street, two doors west of Smith, Cincinnati, says:—I had the pulmonary Consumption, attended with a most distressing cough, which relieved me a mere skeleton, and although under the care of an able physician, and gave up all hopes of recovery. At this crisis I was persuaded to try Dr. Rogers' Liverwort and Tar, which entirely healed my lungs and restored me to perfect health, by the use of a few bottles.

Dr. William Richards of Cincinnati, says:—Although it may seem unprofessional, I feel constrained to state that I used Dr. Rogers' Liverwort and Tar in the case of Charles Wade, who was quite low with Pulmonary Consumption, with the happiest effect, after the usual remedies had failed.

The following is written from Elizabeth-town, Ky.:—Your Dr. Rogers' Liverwort and Tar gives great satisfaction in this place. Dr. Howard prescribes it, and pronounces it one of the best medicines in use.

Rec. Henry Wiseman, of Patriot, Gallia county, O., writes:—Dr. Rogers' Liverwort and Tar has been the means of snatching my wife from a premature grave!

Dr. Rogers' Liverwort and Tar has met with great success. A young man of this place, supposed by every one to be in the last stage of Consumption, was entirely cured by its use!

WAYER'S
CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has yet been found which could compare in its effects with this preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not hesitate to give the information of those who have tried it, but those who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Medicine in September, 1847; also, the Medals of the three great Institutes of Art, in this country; also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City of
St. Johns, May 8, 1852.
Dr. J. C. Ayer:—Five years trial of your Cherry Pectoral in my practice has proven what I forecast from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.
J. J. BENTON, M. D., F. R. S.
See what it has done on a recent constitution, not only in the following cases, but a thousand more:
September, Jan. 24th, 1851.

Dr. Ayer: In the month of July last, I was attacked by a violent diarrhoea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of diet and climate. My diarrhoea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed, that at this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral.
WILLIAM W. SMITH,
Washington, Pa., April 12, 1848.

Dear Sir: Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude. A Cough and the alarming symptoms of Consumption had reduced me to the verge of nothing, when your Cherry Pectoral brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health.

If it will do for others what it has for me, you are certainly one of the benefactors of mankind. I sincerely wish you every blessing, I am Very respectfully yours,
JOHN J. CLARKE,
Rector of St. Peter's Church.

With such assurances and from such men, no stronger proof can be adduced unless by its effects upon trial.
Prepared and sold by JAMES C. AYER, Practical Chemist, Lowell, Mass.
Sold in Athens by G. W. ROSS & CO., Philadelphia by JAMES CURRIE, Cleveland by W. K. PICKENS, and by Dealers in Medicines everywhere.

GEORGIA SARSAPARILLA.
PREPARED BY
J. DENNIS, M. D.,
Augusta, Georgia.

For Diseases of the Liver and to purify the Blood.
THIS preparation is made of the Sarsaparilla which grows in Georgia and South Carolina. Those who have used the various preparations will find that it produces the best effect upon the system in all diseases in which Sarsaparilla is indicated, and has a taste more like pure Sarsaparilla than any other preparation of this superior home-made article in the market. The article sent South, labelled Sarsaparilla, has a sweet taste—more like Sugar or Molasses than any thing else, which proves that there is but little or no Sarsaparilla in it.

The Georgia Sarsaparilla has a bitter taste, corresponding with the taste of the fresh roots which proves that it contains nothing but Sarsaparilla, with spirit and Sugar enough to preserve it.

With most persons it acts upon the bowels as a mild purgative. Its healthy action on the Liver and Blood prevents the tendency of morbid influences and is often a safeguard against disease. Physicians who may question the efficacy of this superior home-made article in the diseases of the Liver, have only to observe its effects in the cure of Jaundice, to be convinced that it is the best adapted to professional and family use, and that it is the best that is prepared in the United States.

Price, \$1 per bottle, or 6 bottles for \$5.
For sale by WM. H. BIRD & CO., Athens; W. C. LILLARD, Sweetwater; John Stanfield, Philadelphia; Dr. W. R. Hurley, London; Dr. B. R. Strong, Knoxville; B. F. Martin, Calhoun; Cowan & Hammond, Charleston; L. B. & V. Miller, Cleveland.

JUST received from New York an additional supply of such desirable Goods.
FOR THE LADIES.
Most fashionable Silks; latest style Bonnets; Gaiter and Kid Shoes; a great variety of the richest and most beautiful Muslins and Prints, from 25 to 50 cents.

GENTLEMEN
Can be furnished with almost everything, from the most desirable Cloths to the most beautiful Summer Goods.
Received, a heavy stock of Shoes and Boots of almost every description. Men's from \$1 to \$2.50; Ladies from 50c to \$2.25; Children and Boys from 25c to \$1. Also, Hats in abundance, of every hue, from 25c to \$3.
Received, a heavy stock of *Queenstown* and *Colony*, embracing almost every article needed in this country. Tea 35c to \$1.50; and a good Pocket-knife for 10c; best *Eastern Nails* at 6c; *Coffee*; *Tea*; *Sugar*; *Indigo* 10c an ounce, and the Madder into the bargain.
I cannot mention everything in this notice. I will hold strictly to the
CASH OR PAY-DOWN SYSTEM!
I prefer a "nibble penny" to a slow shilling! Some Goods I cannot sell cheaper than here, because they are as low as they can possibly be put. But many others I can, and will sell cheaper than ever I bought them or saw them cheap.

When you come to town to buy Goods, please call at my *Cheap Pay-Down Store*, on the Public Square, West of the Court-house in Athens, and you will not regret the purchase of my Goods. I will purchase for Goods any Produce that I can sell again. I will give for good Butter 12c; Eggs 6c; Feathers 30c.
Received, also, a few boxes (not ordered) *Artificial Flowers*, and they are of no service to any living being, (the ladies will please excuse me!) I just threw them away. As Snuff, Cigars, and Tobacco are of little or no service in reality—and gentlemen will please also excuse me in this—they will not find these *delicious* things in my Store; and last, but not least, *Half-Pace* or *Rob-Eye* is positively forbidden to come under my roof.
A man who will not ask me to put on that at the lowest price, and then offer me a sum that must fall quite below first cost, I think would steal if he had a good chance—I mean no personalities—but I detest this *jeering and winding* practice. Perhaps such an one imagines that all merchants are swindlers, and that he himself is a saint, and will not be deceived. I am a person who traveled from store to store to make half a cent, having passed twelve or fifteen, fell into the hands of a sharper who wadded him out of two and a half cents.

GEORGE HORNE,
P. S.—5000 lbs. good Feathers wanted, for which I will give 20c per lb.

Town Lots for Sale.
SWEETWATER, midway between Athens and London, in the beautiful and productive Sweetwater Valley, in a handsome situation, has been laid off into lots and the lots remaining unsold are now offered for sale.

A very large and fertile section of country, embracing a part of McMinn and Roane counties, a large portion of Monroe, and some of the Western counties of North Carolina, will ship their products in vast quantities upon the Railroad at Sweetwater. It is a favorable point for the contemplated Railroad to Charleston, So. Ca., to connect with the E. T. & Ga. Railroad, the charter requiring the connection at some point between the McMinn county line and the Tennessee river. Merchants seeking a location for a profitable business would do well to look to the advantageous location of Sweetwater. Half a dozen farmers, owning good farms, live within a half mile of the place, and as the circle enlarges trade are particularly invited to come and see if the place does not offer superior inducements. There is no better location for a good Blacksmith in East Tennessee. Brickmakers and Bricklayers can find employment. Carpenters are needed to help build up the town, which they had "better believe" is now rapidly being done. A most desirable surrounding country, as well as a growing town, will give all employment.

A plan and the number of the lots can be seen at the town, and an agent will be there authorized to sell in the absence of the proprietor.
