PATENT PUMP. A. BALDING'S DOUBLE-ACTING SUBMERGED FORCE PUMP, Patented August 8, 1865.

ALBANY, June 7.—The National Typographical Union met this morning, and, after appointing a Committee on Credentials, adjourned till noon. One hundred and twenty delegates were present.

NEW YORK, June 7.—The Post says there is a report through a private channel, this afternoon, to the effect that 4000 Cubans have surrendered to Generals Valmaseda, Buceta and Bugaza, and that quiet reigns in Havana. This information comes from Spanish authorities, and is addressed to persons in the Spanish interests.

ST. LOUIS, June 7.—Late dispatches from Western Kansas say that a courier from Adjutant General Moorehouse, who left for the Saline with accents on Friday, had reached Ellsworth on Saturday for help to take care of the wounded. The courier represents that what are left of the Swedes in that region are preparing to leave for Chicago. A mail party due at Fort Larned on the 2d had not been heard from and are supposed to have been captured. Guards have been sent to the different stations on the railroad to protect life and property. Bands of Indians daily cross the railroad, going both north and south.

WASHINGTON, June 7.—Gen. Spinner has received a dispatch from Santa Fe, New Mexico, announcing that the United States depository at that city was broken open last night. The loss has not been ascertained. The watchman, E. J. Collins, was found shot through the heart. The Government officials had possession of the building and such funds as remained, and would proceed to ascertain the exact condition of affairs.

MEDICAL. SIMMONS' LIVER REGULATOR.

The symptoms of liver complaint are uneasiness and pain in the side, sometimes in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and constipation, sometimes with flatulence, and sometimes with biliousness. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accumulation of bile in the system, and at other times very few of them; but the liver is generally the organ most involved. FORCE PUMP, Patented August 8, 1865.

MANY THOUSANDS OF THEM HAVE been tested during the past four years, and have proved a perfect success, as thousands of certificates could be produced; but I need not be tedious, as the Pump will show for itself and prove all its qualities on examination.

It is a Pump which is ultimately destined to supersede all other Pumps now in use, for several simple facts: First, the cylinder is made of solid cast iron, and is undoubtedly the strongest, and still be good as ever. Second, it will never give any taste to the water, or rust it. Third, it will never wear out, so as to put the working part out of order. Fourth, the Piston working in glass, will last as long as five in iron or wood. Fifth, the valves are made of glass, and are so placed that it is impossible for them to get out of order. Sixth, the condenser pipe is manufactured of wrought iron, galvanized inside and out, making it perfectly free from rust. Seventh, no water stands in the pipe to get warm in summer, or freeze in winter, and requires no priming to start it. Eighth, it is the best hand engine ever invented. It will force the water from any common well or cistern to the top of the highest dwelling, at the rate of twenty gallons per minute. Ninth, its whole construction is so simple and complete that renders it less liable to get out of order than any pump yet invented, and makes it by far the cheapest and most reliable.

Having established a factory in the city of Memphis, Tenn., for the manufacture of these Pumps, we are now prepared to furnish them, at wholesale or retail, to all parties engaged or wishing to engage in the business.

Prices for this Pump, Complete: For Pump 14 feet long, \$1.50 per foot—\$21.00
" 12 " " " 1.00 " " " 12.00
" 10 " " " .75 " " " 7.50
and fifty cents per foot for every additional foot.

Agents wanted for this Pump, either to buy contracts and sell the Pump, on which a liberal discount will be given to the wholesale trade, and no charge for the right of territory.

All orders for this Pump must be addressed to BALDING, McNUTT & CO., No. 30 Jackson St., Memphis.
