GROWING MONOTONOUS Is Chile's Delay in Making a Reparation.

OTHER NEWS FROM WASHINGTON.

Disposition to Sidetrack the Silver Question, as Advocated by Mr. Mills, Growing Stronger - A Bill to Abolish Federal Fees.

WASHINGTON, Jan. 11.—There seem to be a disposition growing on the part of government officials to chafe at the course that is being pursued by Chile in the present controversy. Various documents presented to the state department from time to time would seem to outwardly indicate that Chile was making all the judicial headway possible in investigating the Valparaiso riots. But the demand of the United States for an apology and indemnity has never been mentioned. The conviction and the punishment of a few Chileans will not meet the requirements of the government unless regret is expressed and reparation rendered. An official of the state department, in discussing the matter, remarked: "Chile can indict all the men she wants. She can hang half of her population if she desires, yet she will be far from satisfying the demands of the United States. She may hold trials from now until doomsday and keep her executioners busy night and day, but until she tells this government that she apologizes for what she has occurred, she has made no reparation. The United States is not concerned in Chile's domestic legal policy, nor in the outcome of the riot, except so far as the original demand is concerned. To be sure it is very courteous and polite in that government to keep us so well informed about the progress of the legal steps being taken in Valparaiso, yet the whole case is drifting uncomfortably toward a condition that savors of crumb throwing. This view, in my opinion, is strengthened by the frequent use in these dispatches of such phrases as a "deplorable incident" and "unfortunate affair" that form a vivid background of regret on the part of the Chilean government. The vulgar vernacular would suggest the worst "bluff" with unpleasant emphasis. Senator Montt very properly declines to be interviewed upon the question. He believes, however, that a speedy trial will follow the indictments found and that the result should be known within two weeks.

Fifty-second Congress. WASHINGTON, Jan. 11.—The Fifty-second congress is now in the second month of its existence, and yet it has not materially advanced any legislation, nor is the present week likely to work any change in this particular. The senate is waiting on the house, where the appropriation bills must originate, and in the absence of rules conferring the necessary authority the house committees are unable to report the measures. On the calendars of the senate there is nothing of general interest and there is little prospect of any reports coming from committees at an early day in the week, so beyond listening to speeches and considering nominations in executive session there will be little for the senate to do. The house has no programme of business for the week. It is still embarked on its sea of "general parliamentary practice" and until a code of rules is framed its course of proceedings depends upon conditions that arises from day to day. Committees as yet have done nothing more than effect organization, so it is unlikely that any measure will be on the house calendars for action before next week. Under a temporary order of the house made to facilitate business prior to the adoption of a full set of rules Monday will be devoted to the introduction of bills under a call of states. The committee on accounts expect to report early in the week a resolution making the usual assignment of clerkships to the committees. There is some opposition to the allowance of clerks to the smaller committees, which may lead to prolonged debate on the necessity to force economy in expenditure. Mr. Blount, chairman of the committee on foreign affairs, moved a reconsideration of the vote by which the house refused concurrence in the senate resolution making an appropriation to charter supply vessels for the relief of the Russian famine sufferers, and if an opportunity comes he will endeavor during the week to have the house agree to a reference of the resolution to the committee on foreign affairs.

Under Two Serious Charges. LEXINGTON, Mo., Jan. 11.—A young man giving his name as William Storall was jailed here charged with burglary. He fully answers to a printed description and resembles in every way a photograph of Arthur D. Sloan, wanted at Blair, Washington county, Neb., for the murder on Oct. 1, 1891, of B. J. Baldwin and his son, John Baldwin, at Fort Niobrara, Neb. Sloan was arrested in Iowa in November and escaped from the Washington county jail Dec. 11. He claims to be from Johnstown, Pa., and that he was never further west than Lexington. The sheriff at Blair has been notified. Governor Thayer has offered a reward of \$400 and Washington county \$200 for the capture of the murderer.

The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart dropsey. Dr. Miles' book on Heart and Nervous Diseases free. The unsequel New Heart Cure is sold and guaranteed by H. C. Risher & Co., also his Restorative Nerve for headache, fits, sprees, hot flashes, nervous chills, opium habit, etc.

WEAKNESS.

Why will anyone remain weak when they can be made strong?

Everyone should know that the entire human structure is constantly being torn down and rebuilt, the same as in the vegetable world the trees shed their leaves and again put forth new shoots. Now, when the blood becomes too weak to carry to the kidneys and liver this dead tissue that should be removed, the whole system becomes enervated and a distressed feeling of weakness and muscular fatigue follows. One feels half dead, so to speak, and literally is half dead, the old tissue clinging in

DO YOU FEEL

particles throughout the system, preventing the forming of new tissue and the awakening of new life. At such times a medicine that will enliven the blood, remove its sluggishness, fill it with red corpuscles, and strengthen it, is necessary. There is only one such medicine and that is Dr. John Bull's Sarsaparilla. Its action on the blood is like the effect of cream on coffee, it makes it good. Do you want to feel the exuberance of perfect health? Do you want to feel strong and full of life in every part? Do you want to increase your self-control and be a perfect man or perfect woman, free from the unnatural tendencies of wasting and debilitating diseases? Then use Dr. Bull's Sarsaparilla. It will make you feel new and full of strength. T. D. Burrows, Covington, Ky., writes: "I would not be in my grave had I not used Dr. Bull's Sarsaparilla. I was pale, listless, and so weak that I spent more than

HALF DEAD?

half my time lying in bed. My memory was bad. I could not concentrate my mind on business or anything. My nights were restless, and my dreams unnaturally vivid. I lost flesh, and seemed to be wasting away. I grew despondent, and constantly feared that something evil was going to happen. The smallest cut would run into a sore, and my blood was thin and cold. I heard Bull's Sarsaparilla was a good strengthening medicine, and so gave it a trial. It has made life seem different to me, and filled me with activity, hope and determination, while my health is all I could desire. Mrs. Lucy Bedal, Lawrenceburg, Ind., writes: "I was weak and nervous, weighed only eighty-six pounds, took twenty-three bottles of Dr. Bull's Sarsaparilla, and grew strong and fat. I now weigh 117 pounds."

If you love your child, look after its welfare by occasionally giving it Dr. John Bull's Worm Destroyer. They never do harm and will keep it well.

Smith's Tonic Syrup cures chills and fever after quinine has failed. It is pleasant to take, and never fails to cure. You do yourself a wrong to use quinine or any other chills medicine.

In Their New Office.

Among the first to accept elegant offices in the new Provident building on Fourth and Franklin streets, is the firm of Pickett & Dugelby. They are snugly ensconced in imposing rooms on the third floor, and their sign, Pickett & Dugelby, Auditors and Adjusters, is handsomely displayed on the great windows on the northwest corner of the great building. The new offices are among the finest in the city, most handsomely furnished and a credit to taste. In their new business, which is one greatly needed in Texas, they have met with great encouragement and the evidences are that will soon be overcrowded with work. Call on them and take a look at their elegant new quarters. Merchants and others will save money by calling in their services on complicated accounts.
