Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my abent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at W. B. Morrison & Co.'s Drug Store, regular size, 50c. and \$1.

MARMADUKE High Grade Education for Young Gentlemen and Boys. Superior Hygiene, Salt Baths, Gas, Electric Light, Steam Heat, Address Laey Street, WACO, TEXAS.

ARANSAS PASS STRIKE. Officials Report Everything as Lovely,

BUT TROUBLE HAS JUST BEGUN, So Say Chairman Kiler of Yoakum and Other Strikers—One of the Guards Accidentally Shoots Himself—Resolutions of Sympathy by the Farmers' Alliance.

YOAKUM, Tex., Jan. 18.—All trains moved as usual Sunday. New men are coming on to take the place of the strikers, and the string of lighted cabooses is longer each night. Chairman Ed Kiler returned from San Antonio Sunday and on being interviewed said that nothing new could be said on the situation; that the strike is no nearer a solution than when it first started; that all the railroad employes of all the roads in San Antonio, and so far as we can learn at every other connecting point, positively refuse to handle Sap freight until the strike is settled satisfactorily to the strikers; that the strike has just commenced.

Others of the strikers, however, expressed the opinion previously reported that it would be settled in a few days. The strikers say that all freight from the Sap has been positively refused by the train men at San Antonio, West Point, Wallis and Eagle Lake, also that the Sap has not yet got a freight train into Waco.

A reporter was requested to deny the report that one of the engineers was going back to work. Interviewing the engineer referred to, he did not deny the report, but said he did not know anything about it and that he had not reported for duty.

One of the guards named Alwine accidentally shot himself about 8 o'clock Sunday morning. He was stooping over washing his face when his pistol, a .45-calibre, fell out of the scabbard and was discharged, the ball passing through his right shoulder and lung and coming out through the back, inflicting a dangerous wound from which he is not expected to recover.

The Farmers' Alliance passed resolutions of sympathy and support to the strikers at a meeting here.

The engineer, Jameson, charged with aggravated assault on "Smoky" Hall, waived examination and was bound over to appear before the county court. Counter charges were sworn out against "Smoky" Hall for abusive language, aggravated assault and carrying a pistol. On the last two charges he waived examination and was bound over to appear before the county court. On the first charge he will have a hearing before Judge Montgomery next Wednesday.

A meeting was held by the strikers on the question of the merchants selling to new employes, at which it was finally decided that the strikers interpose no more objections to the merchants selling to scabs or anyone else. Some of the merchants were already selling them, and it was decided that it would be unwise to place their friends at a disadvantage; also that as they would otherwise buy what they needed elsewhere they might as well have their money in the town.

A telegram has been received at the railroad office here from General Superintendent Sands denying the report that carpenters' and bridgemen's wages are to be cut 50 cents a day. The road reports that everything is moving along nicely and that the freight service is improving. They have all the blacksmiths they need at the shops and a sufficient number of machinists and boiler makers for present requirements.

Situational San Antonio.

SAN ANTONIO, Jan. 18.—There was a carload of cedar posts set in on train 22 of the Southern Pacific from the Aransas Pass, and the Southern Pacific trainmen most positively refused to handle it, and the engineer said that before he would handle it he would cut the engine loose and put it in the roundhouse, that his engine had never pulled scab freight and never would while he stood in and was in charge of it. The car was sidetracked, and none of the men discharged for failing to handle it. This is regarded as a test case.

A telegram received here from Taylor announces that two train loads of coal were made up in the yard there for shipment here to the Aransas Pass railway, but no crews could be found to handle them and they are still standing in the yard there. It is expected that the various railway operatives all over the state, and possibly all over the United States, will follow the example of the Aransas Pass employes. Since the strike a number of men have concluded to federate. Six of the old employes, station agents of the Sap, have been on their application restored to their former positions or similar ones. They were at Runge, Giddings, Gmahl, Yorktown, Winchester and other points.

A large meeting of citizens, under the auspices of the liberal association, was held at convention hall. After a lengthy address by Professor O. A. Phelps on the question of individual liberty of the servant and the tyranny of the master, the following resolutions were adopted. Whereas, there is now a strike in progress between the employes of the San Antonio and Aransas Pass railway

and the receivers thereof; and Whereas, the facts and justice of the strike is on the side of the strikers; and Whereas, we recognize the fact that the interests of a few men are upheld while those of said employes and the community at large are entirely ignored, now therefore be it

Resolved, that it is the will of this meeting that the public generally ought to rally to the support of the strikers, and be it further

Resolved, that our heartfelt sympathies are with the men, their wives and children; and be it further

Resolved, that it is our opinion that the strike should be at once terminated in favor of the striking employes; and be it further

Resolved, that we appeal to Judge W. W. King to remove the great obstruction to such termination, to-wit: the wrecker of railroad companies; and be it further

Resolved, that the business men of our city are hereby appealed to attend en masse the meeting to be held at convention hall and use every endeavor to terminate the strike and prevent its spreading; and be it further

Resolved, that the thanks of the meeting be tendered to Professor O. A. Phelps for his able and eloquent address, and we hereby invite him to remain in our midst and deliver a series of lectures; and be it further

Resolved, that we thoroughly detest and hold up to public scorn all scabs, and especially men who sell themselves for a few paltry dollars to harass, arrest and shoot down their fellow citizens; and be it further

Resolved, that we earnestly hope and expect all employes on connecting lines of the San Antonio and Aransas Pass railway will be true to their principles and stand by the strikers in this contest.

Still Apprehensive.

FLORESVILLE, Tex., Jan. 18.—The San Antonio and Aransas Pass passenger trains continue to run on time and the local freight trains have been in operation several days; still all apprehension of the effect of the strike has not been dispelled. It is insisted by the strikers and their sympathizers that a general strike will ensue as soon as Aransas Pass freight is offered for shipment on other lines. If this is true a general tie-up is imminent unless some settlement is made. Floresville is exceedingly anxious about the matter, as she has already suffered greatly from the strike as first inaugurated. Not a few people here are afraid to ride on the trains at present, because it is known that in some instances incompetent and inexperienced persons have been given responsible positions on these trains since the strike, and it is impossible to know or conjecture to what extent this has been done.

Surprised at the Governor.

HEARNE, Tex., Jan. 18.—The report is current here that Governor Hogg in a letter written either to the foreman of the grand jury of this county now in session at Franklin or to the district attorney, stated that certain men en route from the east to accept work on the Aransas Pass railroad were intercepted at this point, taken from the train upon which they were traveling and locked up in box cars and returned eastward. The people at Hearne are surprised to learn of this through the governor, since they had not before heard of such shipments by any persons from this place. Railroad employes deny the truth of the allegation.

Receiving Freight.

AUSTIN, Jan. 18.—The International and Great Northern is receiving freight for points on the San Antonio and Aransas Pass, though for a time the agent kicked against it.

ARBOR DAY.

Proclamation by the Governor of the State of Texas.

Whereas, the 23d day of February is now a legal holiday; and, whereas, the legislature of the state of Texas has further set apart and designated said day as arbor day, to be devoted to the planting and cultivation of forest, shade and ornamental trees throughout the state;

Now, therefore, I, J. S. Hogg, governor of the state of Texas, do earnestly request that said day be generally observed by the people of the state for that purpose in such manner as may seem best to the people of each community, and I do recommend that all the officers and teachers of the public and private schools of this state prepare a suitable programme, enlisting the interest of their pupils in this beautiful custom, and that they and all officers and employes in the public institutions of this state utilize the day in planting forest, shade and ornamental trees and shrubbery, to be the object of their future care and attention, for the benefit and adornment of the public grounds, the highways, streets and waste places throughout the state.

In testimony whereof I hereunto sign my name and cause the seal of the state to be affixed, at the city of Austin this 14th day of January, A. D. 1892. J. S. Hogg, Governor of Texas.

By the governor: GEO. W. SMITH, Secretary of State.
