"I am for free commerce with all
nations."—Thomas Jefferson.

Editor Gibbs says Texas will go for
Hill, and Editor Howell says Georgia
will go for Hill. The people of Texas
and of Georgia are not supposed to
have any choice in the matter.

Friends of the World's Fair move-
ment should make it a point to be
present in Waco January 20, at the
big meeting. World's Fair celebra-
tions from all parts of the state will
be at the meeting.

The present cold weather will
doubtless prove satisfactory to all our
citizens who have been displeas-
ed with the temperature prevailing here-
before. At 6 o'clock this morning the
thermometer stood at 10 degrees
above zero.

The Times-Herald cites the ap-
pointment of Holman as chairman of
the appropriation committee as proof
that in the organization of the house
the hoodlers were not in it. The
Holman appointment was a blud. He
is only one man if he is chairman.

To our farmer friends: Cut your
cotton patch in two in the middle and
plant one-half in grain. Then culti-
vate what cotton you do plant as you
would a garden. Result: Three
bales of cotton on the same ground
where only two grew before at little
more than half the cost, and at the
same time a general reduction of 25
per cent. in the gross yield of cotton
will be secured.

The proposition to elect United
States Senators by popular vote has
been put squarely before congress and
the fight is on. Senator Palmer, who
won the senatorship in Illinois, by his
advocacy of election of senators by the
people, will champion the cause in the
senate, and there will be several
champions in the house. The change
will, of course, require a constitu-
tional amendment, which, if agreed to by
both houses of congress, will be sub-
mitted to the states for ratification. It
is not likely that an amendment will
be submitted by the present congress.

The New York World has had the
politicians in New York, Washington
and Albany interviewed and is candid
enough to admit that "the result of
these interviews, it is but fair to say,
leaves still undetermined the question
of the next presidency. Indeed it
does not settle the question of the
Democratic nomination, nor perhap
even the attitude of the New York
delegation in the convention." In
the light of well known events the
result as above stated is astonishing.
We were of the opinion that the New
York politicians had settled the
question of the next presidency. The
World's statement proves that that
paper was of the opinion that if they
had not settled the question they had
the power so to do, and it expected
them to do it. Those Gotham editors
are so full of gall that it is not sur-
prising that they spill a little of it in
Fort Worth, Texas.

TRAINS RUNNING LIVELY.

Is the Latest from the Scene
of the Strike

ON THE ARANSAS PASS ROAD.

At Yoakum Yard Clerks Wing and Parr
Have Returned to Work—Conductor
John Appleby Reports for Duty—In-
dorsed at Denison.

YOAKUM, Tex., Jan. 19.—Trains have
been running pretty lively, four freights
having been sent out Monday. One of
these was a stock train for Wallis. Pas-
senger trains are about on time. Yard
Clerks Wing and Parr will probably re-
turn to work, but they have the good
will and permission of the strikers as
they were not members of the feder-
ation nor considered as having entered
the strike. Conductor John Appleby
reported for duty Monday night and car-
ried out a local freight. He is the man
who reported for duty early in the
strike and was ordered to take a train to
Waco but was persuaded by the strikers
to relinquish his purpose. He is an old
order of railway conductor man.

The employes held a meeting Monday
evening, but there was no business of
importance. The strikers claim to have
received some important news, but it
was withheld from the correspondent.
In an interview with the people of Edgar
Monday a difference of opinion in regard
to the result of the strike was found.
They are anxious to see trains moving
regularly.

Indorse the Strike.

DENISON, Tex., Jan. 19.—On Sunday
evening of last week a union meeting of
the various railway labor organizations
of Denison was held in the Odd Fellows'
hall for the purpose of discussing and
taking some action with reference to the
strike on the Missouri route. The meet-
ing closed without action and it was gen-
erally supposed that that would be the
last of the matter so far as Denison was
concerned. Such, however, was not the
case. Saturday night another union
meeting was held, at which some 150
members were present, and after a full
and free discussion the following resolu-
tions were unanimously adopted:

Whereas, as there is a strike in exis-
tence on the San Antonio and Aransas
Pass railroad, and as the aforesaid em-
ployes have used all honorable means to
adjust the same without avail; and

Whereas, the officials of the different
railroads running in connection with the
San Antonio and Aransas Pass railroad
have counseled the officials of the afores-
said railroad to make no concessions to
the striking employes aforesaid and to
fight them to the bitter end; and

Whereas, a decision has been rendered
by the supreme court of the unconstitu-
tionality of the interstate commerce law;
we the employes of the Missouri, Kansas
and Texas railroad resolve that the situ-
ation on the Aransas Pass railway has
been thoroughly investigated and the
cause of the trouble learned; be it

Resolved that this union meeting in-
dorse the action of the San Antonio and
Aransas Pass employes and that we
pledge them our moral and financial
support and that we consider their cause
a just one; and

Whereas, in as much as we do consider
the cause a just one, we ask the manage-
ment of the Missouri, Kansas and Texas
railway not to handle San Antonio and
Aransas Pass freight and cars.

Handling Sap Freight.

TAYLOR, Tex., Jan. 19.—The strike
originating on the Aransas Pass ex-
tended to Taylor, when two train-
loads of Aransas Pass freight which had
been sidetracked in the International
and Great Northern yards at this place
since the beginning of the strike were
made up in the yards, and local em-
ployes of the Missouri, Kansas and
Texas were asked to take the same out
over the Taylor, Bastrop and Houston
railway, a branch of that road which
connects with the Aransas Pass at West
Point, refused to take the same out, the
locomotives being returned to the round-
house and the trains left remaining side-
tracked.

Monday morning, however, when
other crews were called, the trains were
made up and taken out, which relieves
the yards here of Aransas Pass freight
heretofore held pending a settlement of
the Sap troubles. It is believed here
now since the so-called "scab" freight
was taken out that the backbone of the
strike, supposed to extend to other con-
necting lines, has been broken. Most of
the freight was coal for the Aransas
Pass.

Messrs. Frey, Maxwell, Gavin and
other officials of the Missouri, Kansas
and Texas were here Monday morning
and it is the supposition of many that
they influenced the boys to take the
freight out with the promise of an early
adjustment of the Aransas Pass trouble.

Action at Fort Worth.

FORT WORTH, Jan. 19.—The following
action was taken at a meeting of the

railway employes held here Monday
night:

Resolved, by representative railway
men, employed by the different lines
centering in Fort Worth that we, as em-
ployes, do hereby refuse to handle San
Antonio and Aransas Pass cars and
freight until the troubles existing on
the said railway and its former employes
are satisfactorily settled; and be it fur-
ther

Resolved, that we request that em-
ployes of connecting lines stand firm in
refusing to handle the San Antonio and
Aransas Pass cars or business, assuring
them our mutual co-operation in said
action. Unit-ed we stand upon this issue
and we kindly request our different
managements not to require us to han-
dle this business.
