What I Know About Hardware and Hard Times.
The cause of hard times is not short crops, floods nor drouths, low price of cotton nor scarcity of money. It is the habit of the people to live beyond their income, or in the language of political economy, consumption is ahead of production. If the man who earns \$50.00 per month and lives comfortably on same, is advanced to \$100.00 per month, will he save his increase? Very seldom. He will at once increase his cost of living. But if the \$100.00 man is reduced to \$50.00, he will go in debt as long as he has credit, before he will reduce his cost of living. Laborers who earn \$40.00 per month spend \$50.00. Those who earn \$100, spend \$150. Farmers spend their crops before there is a seed in the ground. Merchants whose income is \$1000 a year manage to live on \$1500. Cities whose income is \$100,000 spend \$200,000. Railroad Co's., who earn a million a year, spend two million. No one seems to look out for the "rainy day" which is sure to come sooner or later. These deficits (between earnings and expenses) which appear from the lowest to the highest strata of society, accumulate until credit is stretched to the highest tension. A panic is the result. This is the only remedy, for nothing short of absolute necessity will teach the average citizen to live within his income. For your hardware go to
E. STRAUSS.
Corner 4th and Mary Sts. Waco.

CONRAD! CONRAD! CONRAD!

A CARD TO THE PUBLIC.

While it is true I have been chosen the President of the Louisiana State Lottery Company, vice M. A. DAUPHIN, deceased, I still retain the Presidency of the Gulf Coast Ice and Manufacturing Company, so all proposals for supplies, machinery, etc., as well as all other business communications should be addressed to me here as heretofore
