**BOOTS AND SHOES**

IN THEIR NEW HOME.

Curtis and Orand Building. Some  
Facts Concerning the new Struc-  
ture, one of the Finest and Most  
Commodious Buildings in the  
City. Arranged to be a Great  
Promenade of Art and the Stock  
When Completed to Compete  
With any Trade in Texas.

The great fire on Austin and Fifth  
street last summer which destroyed  
two immense stores and the largest  
stock of house furnishing goods and  
one of the largest dry goods in the city  
was a great calamity and one which  
will be long remembered as the great-  
est fire Waco had ever suffered. The  
losses were very heavy and in that re-  
spect it was a calamity. Eventually  
Austin street has been the gainer for  
where then stood two large but unpre-  
tentious two story buildings now will  
stand two three story structures which  
are grand ornaments to the street and  
the city. The Curtis building though  
yet unfinished shows what a noble  
building it is going to be. It is built  
after the most approved modern de-  
signs combining great solidity with  
big show. The front of iron zinc and  
imitation stone with immense plate  
glass opening on the first floor will be  
second to none in the state and ex-  
teriorly and interiorly the finish  
throughout is in the perfection of  
massiveness and elegance of artistic  
finish. The building has a frontage  
of fifty feet and a depth of one hun-  
dred and sixty-five feet, and the three  
stories will be used for the stock of  
goods that will be carried. This will  
make a surface of twenty-four thou-  
sand, seven hundred and fifty square  
feet devoted to stoves, grates, mantles,  
crockery, tin and granite ware, house  
furnishing goods, lamps, bric a bac,  
art work and the ten thousand articles  
which go to make up a stock of house  
furnishing goods, as the aisles will be  
more than made up for by the shelv-  
ing.

The interior arrangement is of new  
and latest styles, and something never  
seen before. All the interior work is  
of hard pine finish and on a scale  
most elaborate and beautiful. The  
arrangement is such as to display the  
entire stock, and the aisles will make  
a promenade for ladies and gentlemen,  
which, taken together, will make a  
walk of fifteen hundred feet or  
over a quarter of a mile.  
It is admirably lighted  
which is another feature as pleasing as  
modern. When building and stock  
are complete it will become one of  
the favorite resorts for ladies, not only  
for the purchase of goods, but also to  
exhibit the grandness of Waco to vis-  
iting friends. The front of the lower  
floor is all plate glass. The rear is  
most copiously lighted and from sky-  
lights in the center running through  
light up all three stories so that it will  
be the best lighted building in the  
city.

In a new building the stock will be  
entirely new, and when completed  
will distance anything in a similar  
line in Central Texas. It will em-  
brace everything required to the fur-  
nishing the most elegant mansion as  
well as the humblest home. It is al-  
ready very large and fine, and com-  
pleted it will be immense. Curtis &  
Orand are doing a fine business now  
in spite of the confusion of the finish-  
ing work going on and the wear and  
tear of removal. In this fine new  
store and the magnificent business  
being opened up anew every citizen is  
interested and will rejoice in the spec-  
tacle of Curtis & Orand arising new  
and grander from the ashes of the  
disasterous fire of last summer.

**ALEXANDRE,**

COLDWATER AND

119.

Yes, one hundred and nineteen  
Waco people hold deeds to lots in  
Coldwater the county seat of Sherman  
county. When I lived in the Pan-  
handle a few thousand dollars would  
have paid for every house from Wich-  
ita Falls to Hartley a distance of 250  
miles, now millicos would not do it.  
I met a man a few days ago on my  
way from Coldwater that was so deep-  
ly in mourning because he had not  
bought property in a county seat in  
the Panhandle when it was cheap  
that he would only eat mutton that  
came from black sheep. Less than  
five years ago nothing but a village  
called Wichita Falls, no railroad now  
built through the Panhandle seven  
hundred miles ending at Denver,  
nothing but grass and cattle roving  
where we find Iowa Park, Harrold  
Vernon, Chillicothe, Quanah, Child-  
ress, Clarendon, Amarillo, Hartley,  
with small towns that now contain in  
any one of them more houses than  
was built in that entire country when  
I lived there. The Panhandle of  
Texas is still in its infancy, every lot  
in the county seats have increased in  
value more, for amount invested than  
any other property in Texas. In  
Coldwater the county seat of Sher-  
man county you can buy lots now so  
cheap that you cannot fail to make  
money if you invest at present prices.  
The Chicago and Rock Island R. R.  
has one branch less than seventy  
miles from Coldwater northeast,  
its destination is south from that  
branch to go through Hartley and  
the capital syndicate lands. Remem-  
ber now that I am selling you this  
property as county seat property be-  
cause it is the county seat situated  
in the middle of the county  
If Coldwater was a railroad town you  
could not buy lots within one block of  
the court house square for \$10, or a  
lot for \$15 within 100 feet of \$6,000  
worth of county improvements. You  
can do it now. If you can spare the  
money buy at once at my present  
prices. We are having 60,000 circu-  
lars printed to carry the news that  
Sherman county has millions of acres  
of rich land for sale at \$2 an acre, half  
of it on forty years time. The first  
payment amounts to five cents an  
acre, the balance in thirty-nine years.  
Are you surprised that the people are  
flocking to the Panhandle? County  
seat lots at my present prices are cer-  
tainly a first-class investment, promis-  
ing a much larger and quicker return  
for amount invested than anything  
now offering in the state. Buy now  
while you can at \$5, \$10, \$15, \$20,  
\$25, \$30, \$40, \$50 a lot. If that is  
not cheap, what is?

The Morning's Fire.

The fire department answered  
promptly to an alarm of fire this morn-

Sixth streets. They barely escaped  
with their lives, one of whom was se-  
verely, if not seriously burned. The  
building is a total loss, with no insu-
