### WASHINGTON NO ES.

IMPORTANT PENDING BUSINESS IN CONGRESS.

Senator Palmer's Bill for the Election of Senators by a Direct Vote of the People—World's Fair Investigation Resolutions—Mr. Bland's Free Coinage Bill.

WASHINGTON, Feb. 8.—The senate programme this week includes the Paddock bill to prevent the adulteration and misbranding of food and drugs.

After final action is had upon the bill relating to public printing and binding, which is unfinished business, the Idaho senatorial contested election case will be brought to the attention of the senate at the earliest possible moment. Mr. Palmer may also address the senate upon the bill proposing the election of senators by a direct vote of the people. It is expected that in executive session will be fought out the contest over the nomination of Postmaster Rathburn of Elmira, wherein Mr. Hill has taken issue with the president, and perhaps also the contest growing out of the opposition of the Indiana senators to the nomination of Judge Woods of Indiana to be circuit judge.

Contests are expected over several matters which will be called up in the house at the first opportunity. The most important of these are the World's fair investigation resolutions reported by the appropriations committee and the special Columbian exposition committee. The latter committee will make a strong fight to have the jurisdiction of the investigation conferred upon it. The rules committee will report during the week and if occasion offers will call up one or more of the numerous resolutions of the investigation now before it.

Perhaps the most interesting feature of the week, however, will be found in the proceedings of the house coinage committee, which made an order that discussion close and voting begin at 11 o'clock Wednesday on the Bland free coinage bill. Since that order was made Mr. Bland introduced a substitute for the bill named in the committee order and the session Wednesday may be exhausted before the committee reaches a final vote on the question of reporting the free coinage bill to the house.

#### A Girl Baby.

NEW YORK, Feb. 8.—Mrs. Minnie Spindle, aged 35, of 162 Monroe street, started out to do the family marketing. On her way home she was taken suddenly ill. She boarded a Grand street car going west at Third avenue. At Broadway and Grand street Mrs. Spindle gave birth to a girl baby. The passengers on the street car attended the mother and child as best they could until an ambulance could be summoned. They were then removed to St. Vincent's hospital, where mother and child are doing well.

#### A Vandal's Work.

NEW YORK, Feb. 8.—The people of Woodlawn and the cemetery authorities are much excited over the mysterious person, who, armed with hammer and chisel, enters the larger cemeteries at night and defaces the most costly monument shafts and blocks as if for a pastime. Among the tombs the vandal has defaced are the Roxalienah vault, Horace F. Clark, Sarcophagus and the Farragut pillar. He was detected near Gould's mausoleum Friday night, but made his escape.

#### Murdered by His Wife.

MILAN, Tenn., Feb. 8.—Charles Travis, living in Carroll county, was murdered Friday night by his wife whom he had kicked out of his house a short time ago. The woman entered the house and going to the bed where her husband lay asleep, slashed and cut his face and throat with a razor, death following immediately. When help arrived the woman was covered with blood and in the act of shooting herself. She is now insane.

#### Beaten by Whitecaps.

HOPKINSVILLE, Ky., Feb. 8.—Friday night a mob of thirty men, wearing tall, peaked white caps, went down to the jail and secured a colored man, John Pendleton, charged with several ugly deeds. They carried him to the woods near by, stripped him of every shred of clothing, tied his hands high above his head to a tree, and with hickory sticks beat him almost to death. They ordered him to leave the country, which he did after crawling to the physician's.

#### Dancer Drops Dead.

PITTSBURG, Feb. 8.—Miss Kittie Shaw, a daughter of a prominent physician, dropped dead at 3 o'clock Friday morning while dancing a waltz at a reception given by the Pittsburg club.

#### A NEW YORK DEATH TRAP.

Catches Many Horror-Stricken Victims—One Hundred Missing.

NEW YORK, Feb. 8.—A disaster appalling in horror and bringing to mind the terrible occurrence at Park Place still fresh in the public mind, occurred in this city Sunday morning. The Hotel Royal, a well known landmark which stood for more than a quarter of a century at the southeast corner of Sixth avenue and Fortieth street, burned to the ground and a large number of people were burned, crushed and suffocated in the ruins. At the time of the disaster there were nearly 450 guests in the hotel. The employees all told number fifty-five. Of this number of people five have thus far been found dead, six are in the hospital and sixty-three have been reported alive. One hundred are still missing. The number of dead will probably not exceed thirty.

The scenes were heartrending and appalled even the firemen and policemen, who are used to terrible scenes. Soon after the fire broke out ambulances arrived from the various hospitals. Many physicians whose residences are in the neighborhood were quickly on the scene and they did all they could to relieve the injured.

Nearly every one of the 124 rooms which the hotel had on its five floors was occupied by guests. Many of them were transient. In fact, all the rooms save four had been taken at 1 o'clock Sunday morning when Richard Mears, the proprietor, went to bed. The flames burst forth from some unknown origin near the elevator shaft about 3 o'clock and soon the entire building was enveloped in flames.

#### Bitten by a Tarantula.

EVANSVILLE, Ind., Feb. 8.—For nearly thirty years Joe Mariscano, a wholesale merchant here, has been handling bananas and other fruits, and has seen hundreds of tarantulas concealed in the bananas. This morning, however, while handling a bunch he felt a sharp sting in the fore finger of his left hand. He jerked his hand away and a huge tarantula fell to the floor. The hand swelled rapidly, but a prompt immersion in ammonia neutralized the poison until medical assistance could arrive. The arm is swollen to twice its natural size, and so painful that two injections of morphine were made to deaden the pain. The doctors have hopes that the bite was not deep enough to prove fatal.

#### Kansas Democrats.

KANSAS CITY, Feb. 8.—The Democratic state central committee of Kansas met here Friday night and decided to hold the state convention March 5 at Leavenworth, Kan., to select delegates to the national convention.

#### Crushed to Death.

GUERDON, Ark., Feb. 8.—Frank Tyler, a well-to-do farmer, and his wife were crushed to death while attempting to repair an outbuilding. The building collapsed, crushing every bone in their bodies.

#### An Open Switch.

KANSAS CITY, Feb. 8.—A disastrous wreck occurred on the Chicago and Alton railway. Three men were killed and considerable property was destroyed.

The limited passenger train from Chicago, bound for Kansas City, left Centralia behind time. At Larabee the switch of the siding had been left open, and the passenger train dashed through it into a stock train standing on the siding. The two engines came together with such force that they were wedged tightly together. Two of the stock cars, loaded with cattle, were demolished; and many cattle were killed. The fireman and engineer of the stock train were instantly killed, and the fireman of the passenger train was so severely injured that he died within an hour. Not a passenger received as much as a scratch.

The names of the killed are: Olie Elliston, Roadhouse, Ill., engineer of freight; Thomas Hindman, Roadhouse, Ill., fireman of freight; John W. Kelleher, Kansas City, fireman passenger train.

Injured: Charles Adleman, engineer passenger train, leg broken; John O'Day, bag-gage-man, arm broken.

#### A Harmless Jersey Crank.

MILVILLE, N. J., Feb. 8.—Ephraim Hine, the Millville crank who tried to borrow \$1,500,000 from Jay Gould in New York, arrived home on a late train last night. He lives about four miles out of the city on the road leading to Newport, and is looked upon around here as one of the most harmless men in the world. When questioned about his visit to Mr. Gould's office, he seemed much discouraged that he had been unsuccessful in getting the financier to boom his big enterprise, and was much surprised when informed that the clerks were afraid that his three satchels contained dynamite. He does not know what dynamite is and never shot a gun in his life. He says that while he would like to have secured a loan of \$1,500,000 from Mr. Gould, he would not harm a hair on his head. Hine is a farmer's son, and for many years worked on an oyster boat in Maurice River cove. He has always had big schemes on his brain.

#### Kansas' Coming Crop.

TOPEKA, Kas., Feb. 8.—A heavy rain has been falling in Kansas the past forty-eight hours. All sections of the state received a thorough soaking and the ground is in fine condition for spring plowing. The rain virtually insures a magnificent wheat crop, as the plant is in fine condition and looks better than any previous year at this time. The total yield of the state this year will be 75,000,000, an increase over last year of 15,000,000.

#### Georgia Politics.

ATLANTA, Feb. 8.—The Democratic state executive committee has been called for March 2. Chairman Atkinson says there is a necessity for early action, as the People's party leaders are figuring on working with the Republicans and there is work for the Democrats to do if they wish success.
