ANOTHER GEYSER.
The College Heights Investment
Company Strikes a Gusher
on College Heights.

About midnight last night another grand flow of water was struck in the well being bored at College Heights by the College Heights Investment company. An enormous flow of water was struck at a depth below that of any well yet struck and this morning a grand stream of water is gushing out from the depth of mother earth. All the people interested in that beautiful suburban property are jubilant this morning. The water from this well, it is understood, will be free to all citizens of College Heights and this will undoubtedly quicken the lagging interest in that location, connected with the fact that the Female college is fast approaching completion. Every new well struck is a matter of general rejoicing as making more and more certain that Waco overles a great and inexhaustible ocean of pure fresh water and makes more clear the title to the newly made name of Geysers city.

THE CITY FINANCIERS.
The Franklin Street Fire Station to
be Sold.

The finance committee met yesterday afternoon to consider the bond question and devise ways and means for the construction of a new central fire station. It will be remembered that the building now in use on Franklin street has been reported dangerous, the bell tower being shaky and the stalls below in such a condition as to be a constant menace to both men and horses. It was some time ago decided that this building be condemned and a safe and more suitable one constructed. Looking to this end the site of the old Cumberland Presbyterian church, on Washington street was purchased. The finance committee decided yesterday that they advertise for cash bids for the purchase of the Franklin street property and also for bids for the construction of the proposed station on Washington street, the contractor taking the old property in payment. These bids will be opened next Thursday afternoon and if satisfactory in all respects, the contract will be awarded and operations at once commenced on Washington street. The question of the sale of the city bonds also came up and after much discussion and consultation was referred to the city attorney, requesting him to report thereon as the next meeting of the city council. The committee then adjourned to meet again at 5 o'clock next Thursday afternoon.

Remarkable Rescue.
Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a *hopeless victim of consumption* and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption, she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at W. B. Morrison & Co's., Drug Store, large bottles 50c. and \$1.00.

City Work.

Notwithstanding the fact that the city needs money and has issued sewer bonds for the construction of sewers, which they have not yet obtained, the work is still going on.

An investigation was instituted this morning and it was ascertained that considerable work is now in progress, some of which is reported as follows: A sanitary sewer in the First ward is being rapidly constructed to Marlboro Avenue and will be completed in about thirty days—R. C. Story contractor.

A sewer corner of Twelfth and Columbus streets, 2500 feet long is nearing completion.—Willard Jackson contractor.

Sewers on Clay and Elm streets, A. Ockander and Son contractors, are approaching completion.

The city engineer is now making a survey for a proposed sewer between Mary and Franklin, extending from Eleventh to Thirteenth streets.

Besides the above work now in progress, and that in contemplation, and already surveyed, upon which the sewer bonds are predicted are:

A sewer from Jefferson to Seventh streets, between Columbus and Barnard, and one to be extended from First out Jones and Dutton to Eleventh streets, thence up Jackson to Sixteenth, thence to Austin street, with the necessary laterals, amounting in all to about 10 miles of sewer.

The Waco Juvenile troupe of cavalry under command of Capt. M. B. Davis, in full uniform, called on Capt. Kingsbury at 602 South Fourth street, before his departure from the city. They formed in line in front of the house and when Capt. Kingsbury came out the youthful cavalymen drew sabres and saluted him in true military style. BETRAYED AND FORSAKEN.

A Young Girl Quits Her Home in Yoakum and Flies to Waco.

One day last week Mayor McCulloch received a letter from Mrs. McLaughlin in Yoakum, Lavaca county, inquiring for her daughter, a young lady with dark eyes, dark hair, a tall and graceful figure, prepossessing in appearance and probably very reticent as to her past history. Of course this was not the exact language used in the letter, but it was of the same import and the kind-hearted mayor took in the situation at once. The letter was turned over to Marshal Neill and a systematic search was commenced at once. No trace of the young girl could be found and the matter was partially dropped. On Saturday morning last a carriage drove up to a boarding house in this city and a young woman alighted and entering the house asked for lodging for herself three days. The landlady gave her a room, and in answer to a direct question the new arrival said her name was Rosa Leo. She was given a comfortable room and when she was called for breakfast the next morning she answered that she was ill. Upon investigation the landlady found that her new lodger was *enciente* and she at once began to question her about her relatives and friends. Miss Rosa told her that her mother lived in Yoakum, and the landlady today wrote her about her daughter. Some other friend had written, however, and last night the mother arrived nearly distracted believing her daughter lost forever. The police were put to work and at about 11 o'clock Policeman J. S. Hall found the girl and the poor heart broken mother was guided to her bedside. The meeting was effecting in the extreme. The sobs of the daughter, mingled with those of her mother and it is safe to say that all of the sins of that poor girl were forgiven and that although she may be overwhelmed with shame, a mother's love, infinitely sublime, would shield her from shafts of every kind. Mother and child left this afternoon for their home at Yoakum.

Undisputed Authority.

The United States Dispensary says that "Onions are a stimulant, diuretic and expectorant; they increase the appetite and promote digestion." The juice made into syrup as in Dr. Gunn's Onion Syrup, has a specific action on the throat, lungs and air passages, it not only cures coughs, colds, croup and consumption, but its stimulating effect, strengthens and builds up the system afterward. As a tonic and restorative it has no equal. We solicit a trial in the most chronic and stubborn cases. Price 50cts. Sold by W. B. Morrison & Co.

Had not Slept for Years.

Mr. A. Jackson, an old resident of Rusk, Texas, and manager of the magnificent new hotel at Rusk, informs us he had not slept at night for years except in short naps, owing to incessant coughing. He was advised when very much run down to try Ballard's Horehound Syrup; he was immediately relieved of his cough and his rest improved to such a degree that he could sleep soundly all night; Mr. Jackson states: "I regard Ballard's Horehound Syrup superior to any Cough Syrup on the market, and its freedom from opium and morphine leave no constipation after using it. For this reason alone I consider it the best cough syrup in the world for children. My lungs are now stronger than they have been for years. This syrup is very soothing to the throat and lungs."
