A Great New Store.

One of the greatest accession which the business of Austin street has enjoyed for some time, is the opening of the new shoe store at No. 414. Hilt & Co., is the name of the new firm and consists of Hilt & Co., of Dallas, Mr. Frank Connor lately with Sanger Bros., of Waco and Mr. W. R. Tucker, formerly with the Goodbar Shoe company, of St. Louis, Mo., and well known all over the state. It is a remarkably strong team and all members are thorough experts in the shoe trade from infancy. Mr. Connor and Mr. Tucker who will represent the firm in this city at the new store No. 414 Austin street have a fine reputation in Waco, which backed by their thorough conversance with the business and abundance of capital insures them a fine business from the very start. With stock still incomplete they have done a fine business already. In a few days with a complete stock and prefaced with a formal opening, to which the public will be warmly invited, they will show a line of goods which will delight the hearts of the fair ladies of Waco and at prices which will not dampen enthusiasm. The new shoe store will at once take front rank among the flourishing business houses of Austin street. Watch for their opening day.

Kirk & Reesing have been making great improvements in their place of business and have added an elegant parlor for their patrons. They have now one of the neatest and handsomest places in the city for their customers and a fine line of new spring goods. Give them an early call.

Strictly in it.
 The proprietor of the Royal Barber Shop and their efficient assistants are strictly in it. A better shave, hair cut or bath cannot be found anywhere in the city than there. Give them a call.

Opening on Monday.
 On Monday morning the grand new dry goods and clothing house Nos. 500, 502 and 504 Austin street Whittinghill, Jones & Goodloe, proprietors, will be thrown open to the public at 8 a. m., and add another to the great dry goods and clothing houses of Waco. The new house occupies three large stores with an elegant frontage and their large plate glass show window, one of the largest in the city, will hereafter claim its share of attention from people out shopping and the new firm will receive its full share of patronage. The last two members of the firm have won great success in business in Waco and Mr. Whittinghill is a merchant to the manner born. Their stock when complete will be one of the finest in Waco, and the new store will be a vast accession to the business of Austin street. Fine new goods, an immense stock at popular prices will at once put the new store in the front ranks with the other great leading houses.

The Day Publishing Company filed a deed of trust yesterday evening with Pat Massey as trustee. This action was taken in order to bring about a reorganization and improve the paper which will be continued under the same management.

MRS. DOSS'
 400 1/2 AUSTIN ST.

Walter V. Fort & Co.

The firm of Fort, Willig & Patton, has been dissolved and a new firm, under the name of W. V. Fort & Co., has been formed of which Mr. Fort is the head. The business of real estate and insurance has had an able exponent and representative in Mr. Fort, who has been engaged therein for twelve years in Waco, and has a reputation that is imperishable. Promptness, dispatch and accuracy are three characteristics that his friends claim, have always marked Mr. Fort's business relations.

What I Know About Hardware and Money.

It is a popular fallacy, 1. That a government can take 70 cents worth of silver and make it worth \$1.00 by stamping it. 2. That free coinage of silver would make money easier and interest lower. 3. That a double standard of value can be maintained in any country. 4. That the best money for the rich is not the best for the poor. I deny all this. Gold is the best money for all, excepting for change. Let free silver coinage start and gold will disappear as rapidly as it did when green backs were started. Money will become scarcer and the rate of interest higher, and business of all kinds, in adjusting itself on a silver basis, will become unsettled and disorganized. Our government is now taxing the labor and industries of the nation four millions a month, for the sole purpose of creating a better market for the product of rich silver mining companies. What school of finance authorizes such a proceeding, and what moral right has the government to do this? One dollar will go a long way in hardware. It will buy a post auger, a good axe and handle, a fluting iron, a pat. buggy wrench and jack, a five foot step ladder, a mattock and handle, a steel wire door mat, 1 dozen 6 inch flower pots, stovepipe shelf, or a galv. iron wash tub, at E. STRAUSS' Hardware Store.

Society Notes.

Society notes are again crowded out of this issue. The report will appear Monday filled with interesting items concerning the Waco 400. We hope our friends will bear with us in this matter. We are overwhelmed with business on Saturday.
