A National Event

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials, free at H. C. Richer & Co's. I is warranted to contain no opium or dangerous drugs.

Bought Cheap.

One of the largest purchases made in Waco for some months was the purchase on Tuesday of the entire stock of wagons and agricultural implements of S. A. Owens & Son, sold by the United States marshal to the highest bidder. Mr. W. E. Dupree was the purchaser for spot cash at a very low price. This big stock added to his own, makes the biggest stock of agricultural implements in Central Texas at his great houses, 101 and 105 Bridge street. His big stock embraces all the popular brands of wagons, plows, cultivators, corn and cotton planters and everything else in the agricultural implement line. His late purchase gives him a big lever in prices and Dupree's agricultural house is the best place to buy farmers' goods in the state.

FIFTH WARD.

A Mass Meeting Selects Mr. Latimer as Candidate for Alderman.

In pursuance of a call published in THE NEWS of yesterday, about 100 citizens of the Fifth ward met at the firemen's hall on Tyler street to select a candidate for alderman from that ward.

Mr. Thos. Mann was elected chairman and Mr. Percy McGee secretary.

Several nominations were then made and upon ballot it was found that Mr. S. W. Lattimer had received more votes than all of his competitors combined, and he was declared the duly chosen candidate for alderman from the ward.

After the result of the ballot was made known the election was made unanimous by a rising vote.

After all business had been transacted the crowd called upon Mr. Lattimer for a speech and he responded, briefly thanking them for the nomination.

Mr. Lattimer was followed by Messrs. Goode and Herbert, candidates for mayor, who spoke more lengthily.

COL. MILLS COMING.

HE WILL WORK HARD FOR THE LONG TERM.

The Anti-Silver Men and Silver Men Completing Arrangements for the Battle on the Silver Bill—Mr. Crain's Point of Order Sustained.

WASHINGTON, March 22.—In the river and harbor bill the following appropriations were made: Sabine Pass \$300,000, Cedar bayou Galveston bay ship channel \$40,000, Buffalo bayou \$25,000, mouth of the Trinity \$10,000, Cypress bayou \$20,000, for the completion of the survey of Sabine river from the mouth of Suddeth bluff \$50,000. Examinations and surveys are provided for from the mouth of the Brazos to Columbia, of the ship channel through Sabine lake from the upper end of Sabine Pass to the mouth of Sabine and Neches rivers from Suddeth's bluff to Logansport. The committee refused to order a survey of the Trinity river for the reason that there had been one survey and the engineer in charge of it had reported adversely to going into its improvement. This was done in all cases where there had been surveys with unfavorable reports.

Mr. Mills has informed his friends that he intends to return to Texas and enter vigorously into the campaign for the term in the senate which will commence March next.

The anti-silver men and silver men are very busy getting all their men together for the battle on the silver bill. The best judgment is that the bill will pass by fifteen or seventeen majority.

Strengthening the Fleet.

WASHINGTON, March 22.—It is said at the navy department that no orders have been issued looking to the dispatch of the naval fleet to Bering sea this season. Notwithstanding this semi-official statement it is said the department is preparing vessels for service in the Northern Pacific ocean in the event they will be needed. These are the Adams, the Ranger and the Michigan. Other vessels that will be utilized in case it is deemed advisable to strengthen the fleet are the Baltimore, the Charleston, the Boston and Yorktown.

These with the four vessels Bear, Rush, Corwin and Albatross would constitute quite a formidable fleet.

For projects there is directly appropriated in the bill the following amounts: Charleston harbor \$300,000, Mobile harbor \$350,000, Savannah river \$425,000, improving the Ohio river by the construction of a movable dam at or below the mouth of Beaver river \$100,000, Point Judith, R. I. \$100,000, Columbia river, Oregon, at the Cascades \$435,000, Mississippi river \$4,000,000, of which \$2,500,000 is below the Ohio's mouth and the rest above. Among appropriations are the ship channel at Galveston bay \$40,000, Sabine Pass \$300,000, Buffalo bayou \$25,000, Trinity \$10,000, Cedar bayou \$14,000.

The Chinese Minister Talks.

WASHINGTON, March 22.—Tsun Kwe Gin, Chinese minister, has prepared a letter to the secretary of state urging an early response to the various communications of the Chinese government sent this government with reference to the restriction of Chinese immigration. In an interview the minister said: "For several years I have been endeavoring to secure better treatment for my people at the hands of the United States. If the United States wishes to put a stop to Chinese immigration it should be done by means of treaty with my country. For the United States to agree to a treaty providing for the admission of Chinese and then override it by an act of congress is hardly acting in good faith."

Said the reporter: "If the United States puts further restrictions on Chinese immigration will the Chinese exclude Americans from their territory?"

The answer was a diplomatic one. "It seems to me the Americans should consider the situation and withdraw from China of their own free will. The American people are talking a great deal about reciprocity just now. They should remember reciprocity works two ways."

River and Harbor Bill.

WASHINGTON, March 22.—The house committee on rivers and harbors completed consideration of the regular river and harbor appropriation bill. It appropriates \$20,700,000. The greatest feature of the bill is the extent to which the committee enlarges the policy of the contract system. This year the committee authorized national contracts to be entered into aggregating \$32,151,706 distributed as follows: Charleston, S. C., \$2,178,000; Savannah, \$3,217,000; Mobile, \$1,443,800; Hudson river, \$2,447,906; Columbia river, Ore., \$1,700,000; Great Lakes, \$3,340,000; Point Judith, R. I., \$1,175,000; Beaver dam in Ohio river, \$650,000; Mississippi river, \$16,000,000.

No Alliance with Argentine.

WASHINGTON, March 22.—The state department officials say there is no truth in the report that the United States has established an alliance offensive and defensive with Argentine and the courts-sis exchanged with Admiral Walker's fleet at Buenos Ayres have no significance.

SARSAPARILLA.

Isn't one Sarsaparilla as good as another? No! No!! No!!!

Don't think it. Don't for a moment think it. If you want Bull's Sarsaparilla, demand it and take no other. It contains ingredients that are not found in any other sarsaparilla. These very ingredients that make it different from other sarsaparillas are its curative virtues. In fact, essential to its curative virtues. Omit them and Bull's Sarsaparilla would be as inert as the many inferior preparations of sarsaparilla found in many drug stores. Bull's Sarsaparilla contains no unimportant ingredient. Each ingredient used is chosen for its beneficial effect upon the human system. Combined, they exert a harmonizing influence upon every function of the body, improving digestion, strengthening the liver and kidneys, cleansing the blood of poisonous matter, soothing the nervous system, enlivening the mental faculties, and in a word, by infusing new strength and life, completely rejuvenates every part and makes one feel altogether like a new person.

SARSAPARILLA

Elmer Hodson, Alvaretto, Tex., writes: "My strength and health had been failing me for several years. My blood was in a very impoverished condition and very impure. My limbs felt lame, rickety and rheumatic, and I could not walk without tottering. I felt myself growing prematurely old, and my face began to look pinched and shrivelled. I suffered considerable, was restless at night, very nervous, and growing very melancholy. My eyes were sore and I had catarrh. I tried many tonics, and bitters and blood purifiers, but failed to get better. I finally
