Remarkable Rescue.

Mrs. Richard Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at W. B. THE WORST TO COME

JOHN BROWN, 19 YEARS OLD, CONVICTED OF MURDER.

Remanded to Jail to Await Sentence of Death—He is One of the Hampton Gang Who Murdered Detective Whitehead and Deputy Marshal Poorboy.

FORT SMITH, Ark., March 23.—John Brown, aged 19 years, was convicted of murder in the federal court and was remanded to jail to await sentence of death. Brown is one of the Wacooh Hampton gang, who, on the 8th of December last murdered Thomas Whitehead, a detective, and Josiah Poorboy, a Cherokee deputy marshal, near Tahlequah, Cherokee nation. Wacooh Hampton was an escaped convict from the reform school in the District of Columbia. He and Brown became boon companions after Hampton reached his home after escaping. The evidence at the trial just closed showed that one Sim Craig had been arrested by Charles Lamb on a charge of adultery. He escaped from Lamb and Whitehead, with Poorboy, were at the house of Lord W. Sherlay, laying to catch him. During the night Hampton, Brown and John Roach came along and the two officers ordered them to halt until they could see who they were. Roach got off his horse and laid his gun down when Brown shot him in the arm. Then Brown and Wacooh both opened fire upon the officers, killing them. They took Whitehead's pistol and robbed him of some money, also took Poorboy's Winchester. Roach was arrested and lodged in jail here, but a nolleprosequi was entered in his case and he became a witness against Brown. Hampton and Brown remained at large, committing depredations and peddling whisky until the 29th of last January, when Wacooh was killed by Deputy Marshal Heck Brunner, and on the same night Brown was captured in bed at the house of Hampton's mother. When arrested he had his own Winchester lying across his bed and the gun they had taken from Poorboy lying on a table by his bed. At the trial he claimed that he acted in self-defence, not knowing who the parties were, and that they shot first. This he could not prove and he will no doubt hang. He takes the matter very coolly.

HEROIC MRS. BALDWIN.

Her Eyes Removed and a Hand Cut Off, but She Wants to Found a Mission.

NEW YORK, March 23.—Mrs. Homer Baldwin, who was injured in the Hastings railroad wreck on Christmas eve, has submitted to a painful operation at the Getty House, Yonkers. The unfortunate woman's sightless eyes were removed, as was one hand at the wrist and the fingers of the other hand. The operation upon her eyes was to lessen the pain that she has suffered and also to aid the progress of skin grafting.

"I know I shall never come out of the ether alive," she said, "but I am willing to take every possible chance of living offered me."

Dr. David Johns administered the ether and the operations were made. The first operation, that of removing the eyes, was performed by Dr. Callan, assisted by Dr. Schopen. It lasted twenty-five minutes. Then Dr. Schopen amputated four dead bones that protruded from the right hand and patched up the mutilated thumb of the hand. He then cut away the heart of the dead bone of the left arm and removed the mortifying flesh around it. The operations on the hand lasted just eight minutes, and a short time afterward Mrs. Baldwin came to and called for her father.

Of the ten pieces of skin already grafted upon her forehead five have retained their vitality and grown into place. One has already attained the size of a half dollar.

It is Mrs. Baldwin's intention, if she ultimately recovers, to establish a mission.

Went Back on Him Once.

SAN FRANCISCO, March 23.—The announcement is made that Anita Baldwin, the only daughter of "Lucky" Baldwin, the well known California millionaire, had eloped with her cousin, George Baldwin. The latter came seven years ago from Crawfordsville, Ind., and since then has been employed in the Baldwin Hotel in this city. He is 25 years of age, while the young woman is 18. The millionaire seriously opposed the match and had taken measures to keep the young people apart.

As Miss Baldwin is a minor the young couple could not obtain a license to marry, so young Baldwin obtained a tug and they were married out at sea by a minister.

The secret was well kept and only divulged when the husband and wife became tired of living apart. Even after the secret marriage Anita frequently asked her father's consent to marry her cousin, but he was obdurate. He frequently expressed the intention of making Anita his heiress if she obeyed his wishes and it is said that he promised to give her the famous Santa Anita farm with \$10,000,000. During the trouble which arose during the courtship "Lucky" Baldwin threatened to disinherit her if she married young Baldwin.

Horrific Atrocities.

PHILADELPHIA, March 23.—When the board of charities meets at Huntington a mass of startling information will come before it by State Senator Osborne of this city, bearing upon cruelties inflicted upon the inmates of the Pennsylvania Industrial reformatory. The names of eighty-three boys will be presented, all of whom have been victims of long confinement in solitary cells, and in most instances have also been whipped with water-soaked leather flaps, chained up to iron bars above their heads or to floors, and in some cases compelled to carry a ball and chain. Some of these victims, it is charged, were driven into insanity and to attempt suicide.

Russell Harrison at Evansville.

EVANSVILLE, Ind., March 23.—Russell Harrison, the president's son, J. P. Delamar and C. C. Upham, latter two from Montana, are here negotiating for the purchase of the Evansville street car lines which are to become electric this year. It is claimed that Harrison and his friends are on a political lay in the interest of the former's father, but this the young man denies, saying that his visit is purely a business one. He declines to talk politics.

Hill Growing Daily.

NEW YORK, March 23.—District Attorney Ridgeway, who accompanied Senator Hill on his southern tour, has returned to Brooklyn. He said Senator Hill will have delegates from every southern state. The ex-governor, he said, was growing stronger in the minds of the people, not alone in the south, but throughout the country.

Accidentally Shot.

VELASCO, Tex., March 23.—Joseph Cox, a young gentleman living on his father's farm near Kried's ferry on Bastrop creek, a few miles from this city, accidentally shot himself while cleaning a six-shooter. The bullet entered his thigh half way between the knee and groin, and ranging down lodged between the ankle bone.

ON TO WACO.

The Rock Island Crosses Red River in July.

It is now nearly an assured fact that long before the expiration of 1892 the trains of the Chicago, Rock Island and Pacific will be running regularly into Waco. General Freight and Ticket Agent Bell of the Texas Central told a News reporter yesterday that the track-builders of the Rock Island route would cross Red River some time in July. He did not know at just what point it would cross, but thought that a point opposite Henrietta would be chosen, and that they would build through that town and connect with the Wichita Valley road at Wichita Falls. The Rock Island has already acquired the Wichita Valley road and when they make connection with it, it will leave a gap of only about fifty or sixty miles for them to fill to have a through line to the gulf via the Texas Central from Albany and the San Antonio and Aransas Pass from here. There is little doubt but that this gap will be filled as soon as connection is made at Wichita Falls. As soon as the gap is filled the through trains will be run into Waco and on to the gulf as soon as the Brazos can be bridged.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus Mrs. Elmira Hatch of Elkhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill., says "worked wonder for his wife." Levi Logan, or Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by H. C. Risher & Co. A Mothers Mistake.

Mothers frequently make a mistake in neglecting the Cough of a child. A Fort Wayne, Ind., lady writes: My little daughter 6 years old had a severe Cough but as it was nothing unusual I thought nothing of it, and allowed it to run on for 4 or 5 weeks, when it became so obstinate she began losing flesh. I called in a physician who treated her three weeks without benefit. A neighbor insisted upon my trying Ballard's Horehound Syrup; it relieved her from the first dose and she began gaining flesh rapidly, when we had used two bottles her Cough had entirely disappeared. I would not be without it. It does not constipate my children. Ballard's Horehound Syrup is free from Opium. It's the most soothing Throat and Lung medicine in the world. Price 50c. and \$1.00. Sold by H. C. Risher & Co.
