You Should not be Without It

Every family is liable to have a hereditary taint of Consumption in it. It may date back 3 or 4 generations. This fact makes it necessary always to have no hand a remedy with which to combat this formidable disease. A cough when taken at first can readily be cured before it gets a serious hold on the lungs. Ballard's Horehound Syrup when taken in its early ages will cure Consumption. It is guaranteed to bring relief in every case, when used for any affection of the Throat, Lungs and Chest, such as Consumption, Inflammation of the Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant to take, perfectly safe and can always be depended on. Sold by H. C. Risher & Co.

Bought Cheap.

One of the largest purchases made in Waco for some months was the purchase on Tuesday of the entire stock of wagons and agricultural implements of S. A. Owens & Son, sold by the United States marshal to the highest bidder. Mr. W. E. Dupree was the purchaser for spot cash at a very low price. This big stock added to his own, makes the biggest stock of agricultural implements in Central Texas at his great houses, 101 and 105 Bridge street. His big stock embraces all the popular brands of wagons, plows, cultivators, corn and cotton planters and everything else in the agricultural implement line. His late purchase gives him a big lever in prices and Dupree's agricultural house is the best place to buy farmers' goods in the state.

The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart dropsy. Dr. Miles' book on Heart and Nervous Diseases free. The unequalled New Heart Cure is sold and guaranteed by H. C. Risher & Co., also his Restorative Nerve for headache, fits, sprees, hot flashes, nervous chills, opium habit, etc.

That Electric Light Check

The following appeared in Sunday's issue of Current Topics:

"To Mayor McCulloch: Has the city ever got those lights which were to be furnished for the forfeited \$1,000 certified check which you did not have the nerve to collect?"

The following correspondence refers to the above:

Waco, March 28, 1892.

Having had my attention called to a statement in last Current Topics that Mayor C. C. McCulloch did not collect forfeit check put up by gas company, I take pleasure in stating that said money was on deposit in the First National bank and same was paid on demand of Mayor McCulloch.

J. K. ROSE, Cashier.

Waco, March 28, 1892.

C. C. McCulloch, Mayor, Waco.

DEAR SIR:—Replying to your favor of this date will say that in the month of August, cannot give you the exact time or date, you left with me for collection a check on the Waco Gas company on the First National bank, said check being certified by the First National bank, same was presented and refused. The check was returned to you, and on the 25th day of September you deposited to the credit of the city of Waco \$1,000 in cash, the same being in payment of check herein before mentioned. Yours respectfully,

W. W. SELEY,
City Treasurer.

Mayor's Court.

Three offenders were up before the mayor this morning.

Mrs. George Devine, charged with assault and battery on the body of Ella Arrowood, acknowledged that she had given the girl a shaking, but that she had raised Ella, that she was wayward and disrespectful, and that she came to her house and sauced her. The complainant is the same girl who was caught some time ago in a compromising position with a negro hack driver, by Officer Black, and against whom a fine was assessed for such outrageous conduct. Mrs. Devine was discharged upon the suggestion of the city attorney.

Jim Scotty was fined \$1 for intoxication.

Frank Lowery was arraigned for the same offense but his case was continued till tomorrow week, on account of an important witness.

PLANS ACCEPTED.

The Great Notatorium Corner Fourth and Mary Will be a Beauty.

The plans drawn by Architect Sam Herbert for the Natatorium on the corner of Fourth and Mary streets have been accepted, and it is to be one of the finest institutions of its kind in the south.

The erection of the building will begin very soon and it will be an ornament to that part of the city. At some future time THE NEWS will give a detailed description of the building, showing that like the great Provident building, it will be an ornament to the city and a lasting monument to the enterprising Col. Parrott.

The Cotton Belt will sell a one fare for round trip rate to Hot Springs, Ark., on April 7 and 8 good for return until May 10. The occasion is the sale by the government of all of its property not occupied by springs or hospital buildings.

JUDGE DICKEY'S DEATH.

Waco Loses One of Her Oldest and Most Honored Citizens.

One of Waco's oldest and best known citizens, Judge E. Dickey, died late yesterday afternoon and was buried this afternoon at 3 o'clock. The funeral took place from the family residence on Seventh and Columbus streets.

Judge Dickey was a life long member of the Presbyterian church and his pastor for many years, Rev. Dr. S. A. King, officiated at his funeral.

Judge Dickey was a native of Simpson county, Ky., and was 62 years of age. For thirteen years he has been living in Waco. In his death Waco loses a valuable citizen.

Specimen Cases

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of electric bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by W. B. Morrison & Co.'s drug store.

How is This.

Parker Brothers, the carriage men, have just received from the Artesian System Laundry four of the finest delivery wagons ever seen on the streets of Waco. The four jobs cost \$1,000.

BLOOD POISON.

A destructive agent, that, like fire, consumes and annihilates life.

Is there a single particle of blood poison in your veins? Beware! Like the devouring flame, it increases in force and leaves only destruction in its track. Poison in the blood is due sometimes to contagion. Sometimes it is inherited. It ruins health, no matter from which source it springs. It feeds in a horrible manner on the flesh, and devastates every organ of the body. Pitiably in the extreme would be the condition of that man awaiting death from the effects of scrofula, syphilis, deep-seated ulcers, rotting of the bones, sloughing of the flesh, aching joints, etc., were there no salvation for him. But there is; for, although these conditions continue to grow worse if neglected, he nevertheless can be saved to a life of usefulness, and every trace of blood poison can be eliminated from his system and he made safe from further suffering, and his posterity insured against the possibility of a fearful heritage, easily and quickly, if he will only use that infallible antidote for blood poison, Dr. John Bull's Sarsaparilla. It contains just such ingredients as nature has provided for cleansing the blood of every impurity, for restoring strength to the digestive processes, for assisting in the correct assimilation of nutrition and building up new tissue. Try it when other remedies have failed. It has never and never will disappoint any one. J. B. Morse, Clinton, Ind., writes:

MADE PURE.

"I was for many years affected with contagious blood poison. Portions of my flesh seemed to be fairly putrid and mortifying. My hair fell out, and I was an object of repulsion to every one. My breath smelled horrible, and I had catarrh so fearfully bad that pieces of frontal bones rosted and came out my nostrils. I lost the sense of taste and smell. I became a veritable bag of bones, and weighed only eighty-nine pounds. I could hardly sleep from pain, and was so weak I could hardly walk. The doctors said I could not live many months. A druggist persuaded me to try Dr. Bull's Sarsaparilla, and strange as it may seem, that remedy saved my life and brought me back to health. I now weigh 136 pounds, am free from pain and sores, and although I have deep scars where sores were, I consider myself in excellent health."

Don't wait for your child to have spasms. Remove the worms at once with Dr. John Bull's Worm Destroyer.

My wife had chills and fever for nearly a year. At last Smith's Tonic Syrup broke them up, and I now prescribe it in my practice.—Dr. A. W. Travis, Silver Lake, Kas.

Strange as it may seem, the question is often asked, "Do you furnish meals for men also, at the Woman's Exchange?" Consignments of all kinds of eatables, needle work, and orders for plain sewing solicited from women alone. The Exchange furnishes a market for all such from women who wish to help themselves; but the eating department of the Exchange is open to men and women both, as it is only the method to defray expenses. All gentlemen who wish to see a worthy institution succeed, call and get a nice meal.
