Tucker's "Almondine."
Proof against cold winds and hot sunshine for the complexion. It has already become quite popular with the ladies, as also with gentlemen to use after shaving when troubled with roughness and breaking out. Price 25 and 50 cents per bottle. Prepared only by the Lion Drug Store, by
W. L. TUCKER.

Following Suit.
On and after March 1, 1892, I will sell for cash. My terms will be from 10 to 20 per cent cheaper on everything except lard. Prompt delivery as heretofore. Try me for cash, Respectfully,
J. C. STAFFORD,
Corner market 601 Franklin st.

A CARD
To the Subscribers of the Subsidy Fund of the San Antonio and Aransas Pass Railway.

The notes given by the citizens of Waco to secure the building of the above named road into Waco have been turned over to the road by J. W. Mann, the trustee for the subscribers to said notes. The conditions named in said notes have been complied with by the road, and therefore the whole amount of the notes are due. The receivers of the San Antonio and Aransas Pass railway have placed the notes in my hands for collection. All persons, therefore who have such notes outstanding will please call at my office in the Pacific hotel building and settle up.

ALL OVER TOWN.

Tomorrow is the last day of service for this term of the federal court.

Pompey Smith and Ed Long were arrested last night and looked up on charges of robbery, and Will Farris for burglary.

The Board of Lady managers of the Texas World's Fair Association will meet at Col. R. B. Parrott's residence tomorrow afternoon.

Judge Rector, the newly appointed federal judge for this district, is expected to be here with Judge McCormick at the coming term of the court. It will be the last time that Judge McCormick will preside in that capacity here.

The Clark club meets to-morrow night at the court house and a large attendance is desired. Every man who desires the election of George Clark is invited to lend his presence to the meeting and assist in the good work.

Mr. J. R. Seales and wife and Mr. Alfred Seales returned today from their trip down the river. For three weeks they have been floating down the river in a twenty-two-foot boat, camping on the banks hunting and fishing and having a general good time. Both gentlemen were good sailors and they shot every fall and rapid they came to.

There was a peculiar accident at the Katy city office this morning. Some improvements are being made and among them was a big plate window, 4x8 feet. Just opposite the window at a distance of about ten or twelve feet is Mr. Smith's desk and chair. This morning a gentleman walked into the office and seated himself in the chair. Just as he did so the head of the bolt which holds the big spring under the chair gave way and the bolt shot as if from a gun and went through the new window.

AN IMPORTANT CASE.

The Principal of the Second District School in Trouble.

W. E. Day, principal of the second district colored school, was arrested yesterday evening charged with aggravated assault upon the body of a son of Jack Wallace. The boy was punished by Day for some disobedience or violation of the rules of the school of which he is a pupil, and the case promises to be an interesting one. Day gave bond in the sum of \$100 for his appearance this morning to answer the charge before the mayor's court. He appeared this morning but upon the request of Justice J. N. Gallagher the case was reset for April 9, on account of the unavoidable absence of Judge W. W. Evans, the defendant's attorney. About thirty witnesses have been subpoenaed in the case and the trial will occupy an entire day.

This is the same boy who, about the 1st of April, refused to sweep out the schoolroom when requested so to do. This disobedience was reported to Mrs. House, superintendent, and by her to the school board which reported thereon to the city council as follows: "Since the organization of the public free schools in Waco it has been a uniform custom and practice in the colored schools to require the children by turns to sweep the house, no janitor being employed by the city. There has never been any written regulation on the subject and is not now and never has been any general objection, but recently an objection has been made, and the board has adopted a written rule endorsing the former practice, to-wit: authorizing the principal of the school to require the pupils in turn, when necessary, to sweep the house, and that a refusal to do so is an act of disobedience, and the pupils shall obey or go home. We submit this regulation applicable to colored schools only for action of the committee."

The above report, upon a vote of the council, of four to six, was not adopted.

It is said by some that the charge made against Day was done more for the political significance it will have, in the present race for mayor, than from any other cause.

The late grand jury returned 209 bills of indictments, all told. Of this number 59 were for felonies, ranging from murder in the first degree to the theft of a common \$5 yearling, and the remainder, 150, for misdemeanors.

Perry Hottel was re-arrested this morning by Deputy Sheriff Press Standifer upon another indictment found by the late grand jury for embezzlement of over \$20, up to the time of going to press he had not secured bail, but it is thought he will do so in a short time.

The Clark club meets tomorrow night.

FURNITURE!

EVERY ONE GOES INTO EXTACIES

Who comes to our Store and catches a glimpse of our
Elegant Furniture and Beautiful Carpets,
and no wonder, for we have the latest and the most stylish designs in every piece of—

RAILROAD MELANGE.

Miscellaneous News Items from the Depots—Distinguished Visitors.

The officers' car of the San Antonio and Aransas Pass railway arrived in the city last night. On board were General Passenger Agent R. W. Andrews, General Superintendent George L. Sands, General Inspector, John H. Harris, F. E. Nelson, Roadmaster and Greene Pickens, stenographer. The trip is one of general inspection and to introduce Mr. Nelson the new road master. The party spent the morning in driving over the city and inspecting the numerous improvements now being made here. They expressed themselves as being well satisfied with the progress of Waco and the increasing business being done by their road.

Mr. Geo. L. Sands, of the San Antonio and Aransas Pass, said that the cause of the coincidence of a visit of the officials of all the roads running into Waco within a week was that they all needed a good bath and that Waco was the best town in the United States to get it. Be this true or not, it certainly is true that nearly all of the distinguished visitors tried the natatorium.

The San Antonio and Aransas Pass is receiving sixty to seventy car loads of cattle a day from different points along its line for delivery to the Missouri, Kansas and Texas here. The Katy has been drawn on for over 1000 stable cars which will be filled with cattle from along the Aransas Pass railway.

The Missouri, Kansas and Texas seems to be doing all the cattle hauling for central and southern Texas. Besides the 1,000 cars called for by the Aransas Pass there have been numerous calls along her own lines and numerous other tributaries. The Katy will haul many a thousand carloads of cattle to the market this year.

The pay car of the Aransas Pass was in the city yesterday afternoon and left for the south last night, leaving all the boys happy.

The Cotton Belt, Texas and Pacific and other roads will give a very low excursion rate into Texas on April 20. This was secured by Director General Slosson and General Agent Fairbanks of the Texas Car Exhibit. The work being done by the Texas cars has been steadily increasing in effectiveness, and Mr. Slosson sends a list of several hundred names every week of parties who are coming to Texas. All the roads running into Texas and having direct connection with roads running to the state are giving every assistance possible to the furtherance of the cars work. The cars are now in Kentucky between Nashville and Louisville. Their next postoffice address will be Louisville.

Mr. L. C. Harwell with a large construction gang is at work erecting a big turn-table for the Aransas Pass. It is located on the recently purchased property on the river bank and will be near the end of the "Saps" big bridge across the river that rumor says is shortly to be built.

CHAIRMAN CARUTHERS.

The Tall Sycamore of the Waco Lumber Company the County Chairman.

Capt. A. J. Caruthers has been appointed by Gen. Felix Robertson chairman of McLennan county to organize Clark and elective commission clubs and he will begin at once to organize clubs over this county. It ought not to be necessary to organize in McLennan but the action of the Hogg men at Crawford shows that wherever they can drum up a majority they propose to endorse Hogg, no matter what the occasion. They took the Clark men unawares at Crawford and will do it again the first opportunity.
