NEW NATATORIUM.

Details of the New Resort to be Established by Cal. Parrott.

The plans for Col. R. B. Parrott's natatorium have been completed and accepted, and a beauty it is too. The building is to be erected of pressed brick and stone, and will be one story in height. The pool will be seventy by thirty feet, and from three to seven feet in depth. There will be seventy dressing rooms for the convenience of the pool bathers. In addition to the pool there will be twenty-five tub baths in elegant rooms. Every kind of bath that a human being can call for will be at the disposal of the patrons of the establishments. The specifications call for all of the latest and most approved appliances, and it will make no difference whether Russian, Turkish, needle, vapor, tub or plunge bath be wanted, the best will be had.

The well is now about 1,675 feet deep, and will be finished in about a week. As soon as the well is finished the contractors will begin work and it will be pushed as rapidly as possible, perhaps night and day, until completed. It is Col. Parrott's intention to have the baths ready by the beginning of the heated term, and this will be done even if they do have to work night and day.

Waco's hot water has become so popular that nearly every visitor to Waco takes a plunge, but when we get a natatorium in the heart of the city Waco will be the greatest resort for traveling men in the state. Our hotels will always be crowded and Waco's already increasing fame as a health resort will become national.

The Artesian Steam Laundry is the biggest laundry in Texas and is already doing a fine business. J. P. and Geo. A. Wood proprietors.

THE NEGRO SCHOOL TAX.

A Tax Payer Gives Some Figures on the Subject.

MR. EDITOR:—In order to answer the slanderous charges of the negro Sublett, against our city officers in reference to the colored schools, I hand you the following statement taken from the public records, of Waco:

Total tax assessment against colored citizens for the year 1891	\$3171 40
Total amount of above paid to April 1st 1892	\$2022 38
Balance due and unpaid	\$1148 02
The total amount of school tax included in the above \$3171 00 assessed against colored citizens is	\$1887 00
Total paid by the city to colored teachers 1 year is	\$653 00

This shows that the colored schools have received from the city school fund more than three times as much as the colored people have paid to said fund. Thus it will be seen that the white tax payers are paying annually just \$4638.00 to educate the colored children!! And the colored people are paying only \$1887.00 for the same purpose. Now what become of the charge the "whites are robbing the colored people?"

TAX PAYER BUT NO OFFICE HOLDER.

A few days ago a lady lost a valuable gold watch on the street and advertised the fact in THE NEWS offering a reward for its return to the owner. The watch was found by Thomas Castillo and return to the owner who tendered the finder a handsome reward which was declined with thanks. Such manifestation of honesty and right on the part of Mr. Castillo will be rewarded by the approval of his own conscience which is more valuable than money.

Weather Indications.

By Associated Press to The News: WASHINGTON, D. C., April 2.—Eastern Texas fair till Monday slightly cooler on the Gulf variable winds.

STORM KING

Iowa and Kansas the Greatest Sufferers.

THE LIST OF THE DEAD.

And the Horrible Details Present an Awful Picture to Contemplate.

DYING MOTHERS CLASPING THE

Corpses of Their Darlings in The Last Embrace, and Fathers

WANDERING ABOUT DEMENTED.

As a Result of the Fearful Wreck of Family and Home Houses Blown To Atoms and in the Debris the Mangled Remains of women and Children are Found Unrecognizable and Unclaimed. The Storm King in its Rage Lays a vast Country Waste and Whole Families are Wiped out of Existence.

By the Associated Press to The News:

KANSAS CITY, April 2.—Fifty killed. Those two words when the story of the recent Kansas cyclone is told will represent loss of human life as near as can be computed. Telegraphic communication with a majority of towns in the stricken district is yet very imperfect and there is still no connection whatever with a few points that were in the path of the storm. The first news over restored lines tells of destruction, suffering and death. It is believed most of the worst disasters have been reported, but there are still more to be heard from. Kiowa and DeGraft and country in Kansas is where the storm created the greatest havoc. The present list of the dead including those who died from their injuries, now numbers 27. Death roll is, at Towanda; Dr. John D. Godfrey, aged 78, retired physician.

Herschield Culp, aged 31. Farmers son, John Bailey, aged 21, railroad laborer; John Blake, aged 47, merchant; Geo. Blake, aged 60; Miss Annie Robbins, aged 35; postmistress, Earl Karr, aged 11; C. L. Westgate, aged 32.

At Augustine, Albert Barnes, aged 23, farmer; infant child of Wm. Rhoades; Harmon Hoskins, aged 30, farmer; infant son of latter, and Miss Herbert Abbott. At Wellington, Mrs. John Showalters, infant child of Wm. Little and his four children. At South Haven, Benj H. Maple and James H. Maisle, his son. At Wichita, Pat Martin a farmer. At Eureka, Miss Mary Razer. At Strong City, John Glosser, Mrs. John Glosser and their infant child. In Missouri there were only two fatalities so far as known as follows. At Moberly, Mrs. Joseph Connelly and at St. Joseph the seven year old daughter of Rev. F. B. Bushnell. These deaths resulted from injuries received during yesterday's gale, both victims being struck and killed by flying missiles hurled by wind.

KANSAS CITY, Mo., April 2.—The Stars Wamego Kansas special: Seven people killed is a dreadful record of the hurricane Thursday night in this vicinity. The dead are: Mrs. Albert Eggers and two children, aged 3 and 5 years, John Johnson, laborer on Eggers' farm; Charles Taylor, Mrs. Charles Taylor and her 9 year child. The house of Albert Taylor was completely demolished and was scattered broadcast over the farm. Mrs. Eggers was found dead holding in her arms the dead body of a young child. The body of the oldest child was found some distance from the house. Their faces all had the appearance of being badly burned, dust and dirt having been forced below the skin by the force of the wind. Albert Eggers was found about midnight wandering about his farm. He was in a dazed condition and had sustained a fracture of the right arm and other bad bruises. His injuries may result fatally. His mind now appears completely lost as a result of learning the dreadful fate of his wife and children. The house of

BROOKS & COWAN.

John Taylor was moved some distance from the foundation and dashed to the ground with terrific force wrecking it completely. Taylor's body was found among the debris crushed and mangled beyond recognition. His 9 year old child met death in the ruins. The body being found near the father, Mrs. Taylor was rescued from the ruins in an unconscious condition. She will hardly recover. The house of J T Jenns occupied by John Fulmer was torn out of shape and almost completely wrecked. Fulmer, wife and mother were terribly injured. They will probably recover. Other houses in the vicinity were badly damaged by the storm but no other fatalities have been reported.

OMAHA, Neb., April 2.—At Elsie, Neb., yesterday the snow drifted two feet deep causing suffering, but the storm is over. At Dunbar, Neb., several houses were blown down and one person slightly injured. At Elsie several persons were fatally wounded. The Western Union telegraph wires throughout the state were blown down and the company was unable to do business except to Chicago via Sioux City. This was the only wire working during the morning. Between Patton and Julesburg, Col., miles of wire and poles were down. The Western Union was entirely cut off from communication with Denver. A family named Anderson had just moved in a small house in Benson addition.

WINTERSSET, Iowa, April 2.—As a result of yesterday's storm king a number of houses were unroofed and several small buildings blown down. John Bard, a pioneer citizen was

struck by a falling tree and fatally injured.

MUSCATINE, Iowa, April 2.—Yesterday's storm caused considerable damage here. A number of buildings suffered and a number of people were injured. The roof of the Commercial House was blown off.

DEBUQUE, Iowa, April 2.—The wind blew a hurricane last night. The Universalist church was badly damaged and numerous other buildings injured. The Key City Boat House was demolished and the boats sunk or driven away. One man is reported drowned.

Give Them a Trial.

One by one one Kirk & Reesing are fitting out gentlemen with new spring attire as fast as a large number of men can do the work. Their place is the busiest in the city and their skillful workmen run far into the night to keep up with their orders. Their elegant parlor is never without a customer and the clip of shears is everlasting. Kirk & Reesing are popular tailors. Their fine fits and exquisite workmanship are proverbial and to give them an order for a suit is to ensure being well dressed. They carry one of the prettiest spring goods seen this season. Give them your patronage and be elegantly dressed.

\$10 Lost.

A ten dollar bill was lost on South side of Franklin street, between Fourth and Twelfth streets to-day noon by a young lady employed as seamstress in that locality, and who feels the loss of her hard-earned cash very sorely. If the finder is an honest man or woman, and has sympathy for an honest working girl and orphan, please hand the money to B. H. FRANKLIN, No. 1014 Franklin
