Hogg and Commission Club.

Last Thursday evening at the storehouse of Mr. W. P. Sparks, about eight miles below the city of Waco, a Hogg and Commission club was formed enrolling twenty-two members. Capt. Jack S. Long was elected president and W. A. Pugh secretary. Resolutions were adopted to the effect that,

Whereas, The commission, so far, has been fruitful of good in the way of lessening the burdens upon the people and affording the railways a greater amount of traffic, and that it is yet in its infancy and an experiment and that the people want it to have a fair trial and would never be satisfied if it proved a failure in the hands of its enemy,

Therefore, Be it resolved that we favor the greatest exponent and friend of the commission, James S. Hogg for governor, and believe that by precedent he is entitled to a second term and we heartily indorse his administration as fearless and honest, and pledge ourselves to use all honorable means to secure his re-election. Be it Resolved, that THE WACO NEWS in its daily and weekly issue be requested to publish these resolutions.

District Court.

Ed. Long and Tom Jones were convicted today in the district court for the theft of goods of over \$20 in value, the first as principal and the latter as accomplice, and were given five years each in the penitentiary. This is Long's third conviction for theft during the present term of court and his punishment aggregates 12 years in the pen.

A Card of Thanks.

The lady managers of the College Heights Sunday school embrace this method of tendering their sincere thanks to all ladies and gentlemen of Waco and vicinity who so generously aided them in making the picnic on San Jacinto day so complete a success.

We would like to mention, by name, the many whose services were conspicuous, but that would lengthen this card too much, too great praise, however, cannot be awarded to the press of Waco, the Hobson Line, Mr. Love, the orator of the day, and the ladies on the platform.

A New Establishment.

A new mattress factory, to be known as the Dennis Manufacturing company, will begin operations at the Willis building, South Fourth street, May 1, with a new outfit, consisting of every conceivable piece of improved machinery necessary to run an establishment of the kind and a full force of competent workmen to operate it. This, as well as all other manufacturing enterprises should receive the encouragement of all who feel an interest in Waco as the future great manufacturing center of Texas.
