On his way from Tyler to Austin yesterday Gov Hogg left his gourd, presented to him by the ladies of Clarksville, on the train. Mr. C. H. Bond, a cotton buyer of Cuero, got possession of it and still has it safe and sound. The governor certainly didn't appreciate the gift very highly or he never would have forgotten it.

A party consisting of George Barnard, J. H. Hart, and Tom Estell, went hunting last night and were successful in catching a wild cat and a very large wolf and five whelps. The whelps were only about three weeks old and were brought into town alive. THE NEWS reporter was presented with one of them, and highly appreciates the present.

In halting a street car there is a right and wrong way. If at a street crossing get on the far side of the street the car has to cross. Cars must not stop so as to block up a cross street. Get on the proper side of the track when gates are used as only one side of the rear platform is open. That will be the "off" side from the way the car is going. Give a signal and don't take it for granted the motoneer knows you wish to get on.

There is a peculiar fascination about fire and water. Both elements are essential to our enjoyment, comfort and health. They are all right when kept in their proper channel but when out of that particular channel destruction and devastation lay in the path of either element. What a crowd gathers from far and near to see a big fire raging, or even a pile of boxes or barrels burning during a celebration. We stand for hours looking at it. So on the other hand it is the same with floods. Yesterday being Sunday crowds all day long were going towards the river. The bridge presented quite a sight. People stood gazing at the river, looking at the drift wood coming down. What is it that seems to amaze, to hold you as it were, interested for hours? Wiser men can answer.

Over six thousand tickets, each ticket entitling the holder to a glass of soda water at the famous soda fountain at Old Corner drug store, have been sold by the firemen. This is only a beginning of a flattering ending. It is a move in which every person can help the gallant fire boys.

A LIE NAILED.

The Report that the Railroads are Contributing to the Clark Campaign Branded as False.

The following statements of the money's received by the Clark executive committee and the assertion that the railroads have been furnishing money refuted will be of interest:

Rooms of the Executive Committee of the Clark Campaign Club, Waco, Texas, May 7.—To the public: I am reliably informed that partisans of the administration are industriously circulating the rumor that the railroads of Texas have contributed \$75,000 to the Clark campaign fund. As I have exclusive charge of the receipts and expenditures of all funds of that character, I take this method of stating to the public that since the organization of the Clark campaign \$1600 has been contributed to the Clark campaign fund and that this fund was contributed by a few personal friends of Judge Clark in small amounts, a list of contributions being kept on file in my office and subject to public inspection. Not a dollar has been received from any railroad or the employe of any railroad to my knowledge.

Will the Hogg campaign management at Austin, deal with the public with equal candor and furnish the amount of campaign fund received by them and the sources from which it came?

R. B. PARROTT, State Organizer.

Sworn to and subscribed to before me by R. B. Parrott, this May 7, 1892. Witness my hand and seal of office.

M. C. H. PARK, Notary Public for McLennan County.

I, W. T. Watt, president of the Provident National bank of Waco, Tex., and treasurer of the Clark campaign fund, do hereby certify that the statement of R. B. Parrott as to the receipts of money by the treasurer, to wit, \$1,600, is true. W. T. WATT.

Sworn to and subscribed to before me by W. T. Watt, this May 7, 1892. Witness my hand and seal of office.

M. C. H. PARK, Notary Public for McLennan County.

We, the undersigned members of the executive committee of the Clark and elective commission campaign, certify to the correctness of the above.

The New Plan.

The new plan of selling homes on the monthly installment plan, seems to meet a long felt want, at any rate it takes but a few minutes to convince a man who wants to buy that he is standing in his own "light," when he continues to pay house rent when it can be avoided. This plan that I have inaugurated gives the man of small means a chance. It don't require a big bank account to get a home. Last week I sold to three different parties homes in the city. One of them a two room house at \$10.00 per month. Another a two room house at \$12.50 per month, and the third a nice three room house for \$17.50 per month. These are fair samples of what I am going to offer this week.

These places are all in a respectable neighborhood, close to the public schools and near the street cars, and not too far from the post office and center of business for them to be available. Come and see me, the longer you wait, the more you lose.

The Pulpit and the Stage.

Rev. F. M. Strout, pastor United Brethren church, Blue Mound, Kan., says: "I feel it my duty to tell what wouders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr King's New Discovery and am sound and well, gaining 26 lbs. in weight."

Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottle at W. B. Morrison & Co's drug store.
