SICK MEN AND WOMEN CONSULT DR. TRASK

Surgeon in Chief, Brownsville Sanitarium.

1114 Washington St., Brownsville, Texas.

Late Surgeon-in-chief Houston Homeopathic Hospital, late professor Clinical Surgery, National Medical University Chicago; late Professor Clinical diseases of women American Medical College, Etc.

KNIFELESS TREATMENTS STARTLE PHYSICIANS.

The Craze for a Surgical Operation Is Being Gradually Abolished," Says Dr. Trask.

PHYSICIANS' REVENUE CUT IN TWAIN.

That more than half of the ordinary physician's revenue consists of fees for operation performed is an established fact. That a majority of the operations performed on women in the United States are unnecessary is the statement made by Dr. Harlan Trask, the famous chronic specialist and specialist in diseases of women, whose knifeless methods in the treatment of chronic afflictions threaten to eliminate no small part of the physician's income.

For many years Dr. Trask has been treating and curing, as patients state, numerous diseases which medical science has called "incurable" unless operated upon. Women who have been advised by their physicians to go to the hospital for an operation, are flocking in great numbers to Dr. Trask's office to consult with him before taking so dangerous a step. After an examination comes the curt statement from the doctor's lips, "Operation unnecessary."

Women have fainted in Dr. Trask's office upon hearing that gladstone information. Women have cried aloud in their joy at being relieved of so fearful a strain. And the doctor has proved his assertions—for he has many testimonials from women patients who have been cured of their "incurable without an operation" diseases through his "knifeless" treatments. His offices are daily crowded with patients from near and far seeking to learn the truth regarding their afflictions. Women who anticipate the need of a surgical operation should consult with Dr. Trask before accepting their physician's advice as final. If Dr. Trask cannot cure you he will say so.

Free Medical Clinics Daily 8 to 9 A. M. Examination and Advice Free.

BROWNSVILLE SANITARIUM.

The Brownsville Sanitarium

Captain Arnold D. Tuttle, Medical Corps, Fort Monroe, to Soldier's Home, District of Columbia.
Captain John Giddings, assigned Nineteenth Infantry; First Lieutenant Charles H. Mason to Thirtieth Infantry.
Resignation by First Lieutenant Reuben L. Robertson, Medical Reserve Corps, accepted.
Leaves: First Lieutenant Reuben L. Robertson, Medical Reserve Corps, one month, three days; Lieutenant Colonel George McK. Williamson, Quartermaster Corps, one month; First Lieutenant Thomas D. Osborne, Fourth Field Artillery, extended ten days.

Dentists Meet at Louisville.

LOUISVILLE, Ky., July 24.—Knights of the forceps, in a vast army of 20,000 or more recruited from every station of the United States swooped down upon Louisville today to take part in the twentieth annual convention of the National Dental association. Today was devoted to the reception of the visitors and the completion of the final details of the convention program. The regular sessions will begin tomorrow and continue until Saturday. Simultaneously there will be meetings of the dental supply manufacturers, dental instructors and other organizations affiliated with the dental profession. Some new discoveries and improved methods are promised in the clinical demonstrations and in the exhibit sections where manufacturers and dealers will display the latest ideals in instruments, equipment and efficiency devices.

Southwestern Tennis Tournament Opens

(By Associated Press.)

DALLAS, Tex., July 24.—The fourth annual southwestern district tennis tournament, a tennis classic for the states of Texas, New Mexico, Arizona and Oklahoma, opened here today on the courts of the Dallas tennis club, with some of the best stars of the five states ready to participate in the preliminary matches. The tournament is held under the auspices of the National Lawn Tennis Association.

Rolland Hoerr, a St. Louis crack, was entered in the singles, and will attempt to win permanently the singles championship cup, of which he has already won two legs. J. B. Adone of Dallas, who has made good showing in other interstate matches, is also a strong contender for the championship.

The national association has offered handsome cups for the winners of the doubles matches, as well as medals for the winners in the junior events. Winners of the doubles are eligible for entry in the national tournament at Chicago, August 15.

This year, in addition to the junior events for boys under 20 years of age, there will be a boys' tournament for those under 17.

Play in all events was expected to consume six days.

tion of the final details of the convention program. The regular sessions will begin tomorrow and continue until Saturday. Simultaneously there will be meetings of the dental supply manufacturers, dental instructors and other organizations affiliated with the dental profession. Some new discoveries and improved methods are promised in the clinical demonstrations and in the exhibit sections where manufacturers and dealers will display the latest ideals in instruments, equipment and efficiency devices.

"Father" of Regiment Says Camp Healthy

William Holabird, a prominent Chicago architect and one of the "fathers" of the First Illinois Cavalry regiment, arrived in Brownsville Saturday and is visiting his son, Lieutenant Holabird, at the regiment's camp. As a self-appointed committee of one to investigate

the health conditions in the Illinois camp he telegraphed Sunday night to a number of other interested Chicagoans that the health conditions are as nearly perfect as could be wished and that reports of a contrary nature that had been sent him are entirely unfounded.

If the smile won't come off it soon becomes monotonous.

Habit is a sort of chattel mortgage on a man's individuality.
