SCREAM AT PEOPLE
about what you're selling, but take a tip, brother, you'll break ear drums, not pocket books.
Sane advertising in this paper makes thinking people buy.
If you're not in the ad. van, isn't it time you took a flyer?
You have our word—you'll never regret it

Speaking of the Divorce Evil
Trying to succeed in business without advertising is like the case of the man who, trying to cut expenses, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.
When advertising is divorced, business success becomes failure.
This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment—this paper brings results. Good, hard, convincing results—dollars.

SOME men seem to care no more for a dollar than an ordinary man cares for his life. Dollars spent for any of the following are dollars well spent:
