

SANGER BROTHERS.

LADIES' AND MISSES' BLOUSE.

Some of our patrons have quite a mistaken idea concerning these garments, and are under the impression that they were designed only for House-wear, Picnics, etc. True, nothing could be more appropriate than these garments; they are cool, comfortable, convenient and at the same time pretty. But they are also a very fitting street garment, and are quite as popular for street wear in Eastern and Northern cities as the tight-fitting waists.

OVER THE WIRES.

Telegraphic Miscellany Carefully Culled From Sundry Sources.

Setting Down.

GUTHRIE, Ok., May 2.—The surveyors engaged in laying out the Guthrie town site have succeeded in locating the exterior corners of the business quarters and Mayor Dyer at once issued orders to all property owners to make their lots conform to the lines laid down. The past two days has wrought many changes in both Guthrie and Oklahoma City. At least fifty buildings have been erected in each place. Two banks are doing business in Guthrie and a third will be in operation this week. Board and lodging may now be secured for a reasonable sum. In three or four weeks both towns will have reached the point when predictions as to their future can be made with greater certainty. The work of setting claims is proceeding rapidly, but there are few indications that settlers will do much toward improving their lands this year. Between Guthrie and Kingfisher there are not more than a dozen claims on which plowing has been begun. The fact is, the season is too far advanced to promise any decent reward for labor this spring and many of the settlers have come to Guthrie, or gone to Oklahoma City or Kingfisher, where there is a demand for men and teams in hauling freight. Oklahoma City has settled its differences arising from claim jumping and the people there profess to view the general situation with great satisfaction.

Bail for Newton.

SAN ANTONIO, May 1.—Gerhard Berdenham, step-father of Harry Newton, now languishing in the county jail charged with murderously assaulting Banker Lockwood on the night of April 8, arrived in the city this morning from Vicksburg, Miss., for the purpose of getting Newton liberated. Several citizens signed a bail bond for Newton in the sum of \$1,500, but Justice Herron, who committed him, declined to accept the bond offered on the ground that the sureties were not solvent. Newton will consequently linger in jail for another night, though it is believed a good bond can be furnished to-morrow. If not Mr. Berdenham will put up a cash bond of \$1,500. Mr. Berdenham came well armed with letters of introduction from prominent citizens and officials of Vicksburg attesting the good character of Newton in Mississippi.

Choked Into a Cartouche.

MINNEOLA, Tex., May 1.—On last Wednesday night burglars entered the store of Mr. I. C. Gile and stole therefrom a large lot of provisions. Officers Terrell and Jones suspected a negro man named Gus Sentel, and on last Tuesday they arrested him and placed in the city calaboose. On last Saturday night a mob of White Caps, claiming to hail from VanZandt county, broke into the calaboose, took the negro therefrom and carried him off into the woods and hung him up until he finally made a confession, and implicated two other negroes named James Morgan and Lem Williams. Then he carried the White Caps to the place where he had buried the groceries and they there dug up a lot of meat, sugar, coffee, flour, etc.

The board of alderman of this city have succeeded in securing the service of Professor D. C. Lake for another year after raising his salary \$300. He was offered salaries by three or four different places.

Mineral Wealth of Cherokee County.

RUSK, Tex., May 1.—No definite news has yet been heard from the fugitive convicts who murdered the guard, Epperson, on last Monday, except that a posse was in pursuit. Sheriff J. B. Reagan was telegraphed to-day to come to Jacksonville and bring dogs and left hurriedly, but it is not known for what he was wanted, though it is rumored the convicts have been seen in the vicinity.

Mineral Wealth of Cherokee County.

An analysis of the yellow ochre recently discovered while excavating for Devaug's new wagon factory, in New Birmingham, shows 45 per cent of pure paint, as appears from the report of the chemist of the University of Kansas, and this is pronounced extra good. This vicinity abounds in an abundance of the material.

Kidnapped Girl Recovered.

SHERMAN, Tex., May 1.—W. T. Woolsey, who alleges that his little daughter was kidnapped and taken to Dallas, arrived this morning in charge of the little girl, whom he found at Dallas in possession of her mother, his (Woolsey's) divorced wife. Woolsey showed the News reporter a certified copy of the decree of divorce granted to him from Martha Woolsey in the district court of Dallas county, and in which he, the plaintiff, is given possession of the little children, among whom is specified the little girl in question. He does not deny that the little girl seemed to like to stay with her mother, but he claims the court gave him possession of the child for justifiable reasons, and that he intends to reserve that right to himself.

L. E. WINE - BROS.,

Cor. Austin and Sixth Streets.

Fort Gibson, I. T., May 1.

Fort Gibson, I. T., May 1.—William Perceval of this city, one of the oldest merchants in the Indian Territory, met with an accident on Monday evening last which resulted in death last night at 12 o'clock. One week ago this evening the unfortunate man left this city for St. Louis to look after some business. He finished his work in the city on Sunday night, left the union depot over the Missouri, Kansas and Texas for his home. Monday evening following, when the train was moving thirty-five miles an hour, about three miles south of Vinita, in the territory, in some manner he fell from the sleeper and received injuries, from which he died as above stated.

Invasion of the Cherokee Strip.

CHICAGO, May 2.—A special from Fort Reno, I. T., says: Captain Hall and a company of cavalry left Kingfisher yesterday to eject settlers from the Cherokee strip, and a company also left Guthrie for the same purpose. Several hundred settlers are now on the strip. They are determined men who have staked everything on the Oklahoma opening and failing to get their claims have gone to the strip. No organized resistance to the military is expected, but cases of individual resistance and a large amount of hardship and suffering are certain to ensue.

Shocking Double Tragedy.

SULPHUR SPRINGS, Tex., May 2.—A double tragedy occurred in Delta county yesterday. In February Miss Helen Taylor, daughter of a prominent farmer married a man named John Ring, from Tennessee who was employed on her father's farm. The couple quarreled and agreed to separate. This occurred last Sunday and the wife returned to her father's home. She wrote her husband a touching letter in which her undying love for him was told and requested that he return to Tennessee, for although her love was unquenched, she could no longer be his wife. Ring went to see his wife and tried to effect a renewal of marital bliss, but the wife was unmovable. Ring killed his wife and then himself with the same pistol.

A Curious Cause.

DALLAS, May 2.—Last night Mrs. George Rice died from the effects of a dose of strychnine. A neighbor complained to Mr. Rice that the latter's boy had been fighting his son in an unprovoked manner. Rice promised to chastise the boy. Mrs. Rice threatened to kill herself if the boy was whipped. Rice flogged the boy and Mrs. Rice took a dose of strychnine and died in a short time.

Per Street.

WASHINGTON, May 2.—The navy department has been officially informed by the commanding officer of the Essex that Passed Assistant Paymaster Henry W. Smith went ashore on the 25th ultimo with the intention to return next day, has not been heard from since. He had \$1,200 belonging to the government in his possession. The commandant at the New York navy yard has been instructed to notify the police authorities and take steps to discover the whereabouts of Mr. Smith. He was a man of high standing in the navy and owns a house in this city. At the navy department it is generally believed he has been foully dealt with.

Heavy Frost—Asks a Furlough.

SAN ANTONIO, May 1.—A heavy frost fell last night at Sabin, seven miles west of San Antonio, on the Southern Pacific, which did great damage to the very promising fruit crop. The oldest inhabitant is unable to recall so late a frost in this region.

Application was received at department headquarters from private Joe Leonard, Nineteenth infantry, stationed at Fort Ringgold, for a furlough. Private Leonard has been in the service continuously for 20 years. Having fought through the civil war and has been never before asked for a furlough which is commendable on old army officers as unrepresented.

Republican Political Goods.

HOUSTON, Mex., May 1.—Private advices from Washington to a prominent Republican in this city say that Cuneo's goose is cooked. Gen. Malloy, notwithstanding his recent appointment, is still after the Galveston collectorship, and DeGress will probably be appointed collector at El Paso. Look McDaniel is recognized as the strongest candidate for marshal of this district and H. D. Johnson, formerly postmaster here, has his bait set for a bank examiner.

Fire into a Train.

ORANGE, Tex., May 2.—Last night a crowd of drunken rowdies fired into the west bound freight train on the Southern Pacific between Orange and Beaumont, fatally wounding a brakeman named Larry Moore. None of the parties have yet been arrested, but the grand jury and officers are looking into the matter.

A Journalist's Suicide.

FLATONIA, May 2.—W. E. Jones, traveling agent of the San Antonio Tribune, died here last night from an overdose of morphine taken with suicidal intent, as shown by letters written and left on his table.
