Will Plant Kaffir Corn.

C. M. Farley, of the XX ranch was in the city yesterday, and was a pleasant caller at the Herald office. He says that his outfit will put in about 200 acres of kaffir corn, and some oats this spring, the result of feeding during the cold weather in February being such that they will never let their stuff go through another cold snap without assistance.

PALO DURO CLUB

Pleasure Body Buys Two Sections of Land and Gets Down to Business.

The Palo Duro Club has gotten down to business, and will proceed at once to the realization of its plans in regard to the improvement of its reserves in the Canyyn.

There was a largely attended and very enthusiastic meeting of the club at the court house yesterday afternoon, at which the way was blazed toward the correct organization necessary to successful accomplishment of the ambitious plans.

Will Boyce, President, presided over the session, and Secretary Thomas Currie served as recorder, reading clerk and secretary.

He reported the applications of Messrs. W. N. Thompson, A. G. Stanley, B. T. Ware, S. J. Slade, A. E. Harp (of Plainview), L. B. Russell Jr., S. D. Cross and Ghas. Mayer, and all of the gentlemen were voted in as members in due form.

What was even more to the point, he reported that he had collected \$4,400 of the first payment on stock, and after the charter fee and franchise tax was paid, amounting to \$21, the first payment on land, amounting to \$2100 had been paid, so that the title in the land now rests in the club, subject, of course, to the completion of the contract already entered into.

Out of the original ninety-three signing the roll, eighty-seven have produced the apples, and upon motion, the remainder were allowed ten days additional time in which to pay up, it not being desired to be hard on any one, and to give those temporarily out of the city, a chance to get right.

The club, sitting as a committee of the whole, the matter of the draft of the by-laws submitted by the committee appointed for that purpose, was then taken up, and this occupied the attention of the body for the remainder of the afternoon.

The membership of the club, as it stood at the time of adjournment yesterday was as follows:

T. F. Turner, Thomas Currie, Will Boyce, Felix S. Franklin, M. W. Cunningham, D. W. Owen, R. L. Stringfellow, L. O. Thompson, M. McLaughlin, J. N. Beverly, D. R. Fly, W. S. Roberts, Frank Wolfen, F. The Saving Habit

Is a Good Habit to Have.

It aids in making you financially independent. Pocket change does not disappear so rapidly, and the many ways of spending your income to so little advantage will be forgotten as a solid, substantial bank account grows, and a "nest egg" accumulates, to be ready when a business or other emergency demands it. Then you will appreciate the saving habit.

Lodge of Eagles.

The matter of the organization of an eyrie or lodge of the order of Eagles is being brought up again and it is more than likely that something will come of it in this instance, Amarillo is the largest town in the southwest without a lodge of this popular liberal order, and the organizers of the fraternity have had their eyes upon it for quite a long time.

Quality Talk On Cigars.

We differ from most cigar manufacturers in portioning our advertising. We give most of it to The Smoker by putting QUALITY in the cigar in place of on bill boards and other expensive advertising, and we are winning The Smoker by so doing. They appreciate QUALITY IN THE CIGAR in preference to reading about it. That's why our ELK and PANHANDLE cigars are leaders. Panhandle Cigar Factory, Amarillo 26-1t

Pierian Club Entertains.

Last evening at the home of Mr. and Mrs. Jackson on Harrison st., the Pierian Club held an open meeting with the husbands of its members and a few other guests present. The evening was to be Shakespearean, each man's working partner was to be the lady whose card entertained the other half of a quotation begun on his own card. When all had found their partners, and soon after seats, and booklets were distributed containing a guessing contest based on Shakespearean characters, and thirty minutes was given for making it out. Messdames Nunn and Smith were the lucky winners of the prizes, two looks. Capt. Kindred and Mrs. Nunn were very original in their answers and the result of their labor were read aloud for the benefit of those present. Near the midnight hour a delicious lunch consisting of cream salad, ham sandwiches, saratoga chips, coffee and salted meats were served, and all went home wishing they might have more open meetings with Mr. and Mrs. Jackson.

BOWMAN'S PARTY.

Exalted Ruler Entertains Friends Splendidly at Elk Lodge Rooms.

A large number of the Elks and their friends met at the lodge room last night in response to an invitation of the newly elected Exalted Ruler, J. R. Bowman. An expert pianist had been employed for the occasion, and the terpsichorean art was indulged in until the conventional time for departing. At 11 o'clock—a significant hour in Elkdom—Dr. L. E. Magnenat, in a few well chosen words, welcomed the guests in the behalf of the host of the evening, eulogized the departed members of the order and the mothers who bore them. After the tolling of the bell, announcing the 11th hour, during which the lights were turned off, the room was again ablaze with light and E. R. Taft, assisted by the Elks present, rendered the Stein Song, which made such a hit at the minstrel show recently given by the Elks.

During the dancing which followed, an elegant lunch was served in the shape of ice cream and cake, which was enjoyed by all. During the evening punch was served in the alcove of the lodge room, and the frequent visits made to it by the guests present was ample proof of its excellent quality.

That Mr. Bowman is an ideal host was the verdict of all present and at the hour of parting all wished for him many happy returns of the day.

For a Race Meet.

Lucius Dills of Roswell, left for his home today after a couple of days spent here in the interest of the proposed Pecos Valley racing circuit, and effected what will most likely prove to be a satisfactory understanding for a race meeting in this city to take the last date of the series, held along the southern branch of the Santa Fe. More complete decision will be reached in the matter later on and the dates will be announced to the public. Mr. Dills, who is city engineer at Roswell, and one of the best known newspaper men in the southwest, enjoyed his visit very much and was surprised in the change that has taken place in the Panhandle since he lived at Tascosa, some twenty odd years ago, when he was prosecuting attorney.
