

OFFICER SHOOT STRAIGHT

Kills Jack Purvis Who Resisted Arrest

Phoenix, Ariz., Oct. 19.—Jack Purvis is dead and Harry Wilbur of Riva Station and Percy Vincent of Globe, are both desperately wounded, as the result of a shooting scrape on the Gila Valley, Globe & Northern railroad at a station eighteen miles from Globe, Wednesday evening. Purvis was accused of stealing some mules and the Sheriff was attempting to arrest him when Purvis began shooting.

More Trouble for De Forest

Denver, Col., Oct. 19.—The DeForest Wireless Telegraph company, of which Lee De Forest, who recently sued his young wife for divorce, is the vice president, is defendant in a suit filed here by Miss Mabel Day for \$5,000 damages. Miss Day alleges that her reputation has been damaged to that extent through the failure of the corporation to carry out contracts which she was empowered to make for it.

In her petition the plaintiff declares that she was sent to various cities in Oklahoma to sell the stock of the wireless telegraph company, and that the company's officials instructed her to make the sales on the representation that wireless telegraph stations would be established in the cities where stock was taken. She claims that she carried out these instructions in good faith, but that after she had turned in her payments the De Forest company refused to carry out its part of the contract, thus damaging her reputation with the persons who bought stock of her.

BATTLE IS ON

Fight Against the Insurance Companies May Be a Long One

New York, Oct. 19.—Voting on the election which is to decide who shall control the Mutual and New York Life Insurance companies and their \$900,000,000 assets began yesterday and will continue till December 18, when the polls close. It may take weeks to count the ballots and in the event of a close election the count may be taken into the courts. There are 650,000 policyholders in the Mutual and \$75,000 in the New York life. In the Mutual life there are three tickets in the field. The present management is known as the administration ticket, the second is united committee, a ticket jointly nominated by the International policyholders' committee and the Mutual policyholders' association. The third or fusion ticket was nominated by agents of the Mutual. In the New York life there are only two tickets, the administration nominee and those nominated by policyholders.

FINED FOR REBATES

Judge Holt Rakes Railroad and Shippers for Discrimination

New York, Oct. 19.—Judge Holt of the United States circuit court imposed a fine of \$108,000 on the New York Central and Hudson River railroad today for granting rebates to Lowell M. Palmer, who has charge of the transportation for the American Sugar Refining company. There were six counts and a fine of \$17,000 was imposed for each. Frederick Bremer, assistant traffic manager of the railroad was fined \$1,000 on each of the six counts. Judge Holt severely criticized the freight policies of the railroad.

AMERICAN MINING CONGRESS

Paper read by Senator DeLaurie of Colorado Springs

Denver, Col., Oct. 19.—The American Mining congress yesterday listened to a paper by State Senator E. H. DeLaurie of Colorado Springs on the subject "Mutual Relations and Grievances of Smelting Trust and Ore Producers."

"It is declared that at the present the commodity is entirely determined by the buyer and that sampling was done by the employe who was paid to cut down the valuation of ore."

He suggested automatic sampling as the remedy. As further remedies for the evils which he declared existed he suggested that the state legislation, national legislation, make amicable agreements for the encouragement of competition and government operation.

He believed the first four remedies sufficient. But if not the government should be asked to step in and do something for the country.

Franklin S. Guiterman, general manager of the American Smelting & Refining company replied to DeLaurie. He claimed the so-called smelting trust had already active competition and quoted figures to show that since the combination of smelters had gone into effect there had been considerable reduction in the charges. He defended at

length of purchase of ore of which DeLaurie had complained and explained some of the points made by the first speaker. He also stated that the price paid for ore was fixed by the quotations taken from the Engineering and Mining Journal and W. R. Ingalls, editor of that paper stated that these quotations were secured from the reports of the actual wholesale transactions.

Among the resolutions which the committee of resolutions recommended to be passed was one by Prince of New Mexico as follows:

Resolved, That the American Mining congress respectfully request that the congress of the United States shall provide a law for locating and working mines of the reserved metals of gold and silver and quick silver on the Spanish and Mexican land grants confirmed by the United States court of private land claims.

CABLES UNHURT

Severe Hurricane Does Damage Along Florida Coast

New York, Oct. 19.—The Western Union Telegraph company announces that its cables to Havana are intact and that communication with its office has been restored but that no details as to any storm damage have yet been received. Reports from Florida indicate that the hurricane is furious along the southeast coast and severe damage there is apprehended. A man who arrived this morning at Ft. Pierce, 150 miles north of Miami, Florida says: "There has been great damage to buildings along the coast but no loss of life yet reported."

Highest Tide for Years

New York, Oct. 19.—Havana and southern Florida are still isolated so far as wire communication is concerned, early today.

Late reports from the storm were that it had left the south Florida coast and was headed to the sea. In this city and vicinity precursors of the hurricane were abnormally high tides at Coney Island and along the shore of the Hudson river in Manhattan, fresh breezes and rain last night. A northeaster which has been blowing here for two days has driven the waters of the Hudson north it rolled over Thirteenth Avenue yesterday a foot deep. It is said that this is the highest tide in the Hudson for thirty years. Coney Island had one of the highest tides ever seen and considerable damage is wrought.

RATE IS RAISED

Bank of England Makes Discount Rate 6 per cent

London, Oct. 19.—The bank of England raised the discount rate to 6 per cent this morning. The charges in discount rate at the bank on any day except Thursday has been very few since November 7, 1890, just before the Baring failure. A relapse in the American exchange, indicating a renewal for the demands for gold and the probability of large withdrawals of metal for Egypt seemed to have contributed to the action taken by the bank.

A sum of \$5,000,000 in gold is leaving the bank today. It is believed to be destined for Egypt, although financial circles anticipate a very large purchase on behalf of the United States, irrespective of whether the rate of exchange renders the transaction profitable or not. Reports are also current that the bank of Germany is conducting a large bullion movement for Russian account while Argentina is in the market as a purchaser of gold.

Consols for money declined 7-16 to 85 1/2 after the announcement of the increased bank rate.

Heretic is on Trial

New York, Oct. 19.—The court of review will today hear the appeal of the Rev. Dr. Algernon S. Crapsey, the Rochester Episcopal clergyman, who was recently adjudged guilty of heresy. Dr. Crapsey is alleged to have denied the resurrection and other vital tenets of the church. He will be defended by Edward M. Shepard.

VERDICT OF GUILTY

Case Will Be Appealed to Supreme Court—Dramatic Scene

Findlay, Ohio, Oct. 19.—By the verdict of the jury, the Standard Oil company of Ohio is guilty of conspiracy against trade in violation of the Valentine anti-trust law of Ohio. The penalty is a fine of from \$50 to \$5,000, which may be repeated for each day of offense or imprisonment of six to twelve months.

The Standard has given notice that it will file motion for new trial and it has three days to put the motion in form. There is no doubt but that the case will be ultimately appealed to the supreme court of the state.

When the case went to the jury Wednesday night the first ballot stood nine for conviction and three for acquittal. By degrees two men were won over to the majority. A touch of the dramatic marked the two closing hours of the jury's deliberations. Hymns were sung during all but ten minutes of this time. This ten minutes came at the end and was occupied by remaining juror who had stood out, in explaining his position and his surrender to the majority.

Jury Out Thirty-Two Hours

Findlay, Ohio, Oct. 19.—After deliberating for thirty-two hours the jury in the case against Standard Oil of Ohio charged with conspiracy against trade, brought in a verdict of guilty.

The verdict was rendered at 4:35 this morning, the jury having announced its readiness to report at 4 o'clock. The court and attorneys arrived in half an hour and the verdict was rendered. The Standard's attorney made a motion for a new trial and Judge Banker assured him such motion would be entertained.

Try Dog for his Life

Cincinnati, O., Oct. 19.—Jack just a yellow mongrel owned by John Hetzler, a peddler, will be tried for his life before Magistrate Leuders today.

Some time ago the young son of Betzler's neighbors teased Jack, and the dog bit him. The neighbor secured a warrant, charging Betzler with harboring a vicious dog.

When the case was called about two weeks ago Jack appeared with his master to answer to the charge. The yellow cur seemed to realize that he was on trial for his life and that if he was found guilty of being vicious he would be taken out by one of the blue coated policemen and shot. He shook hands with the judge and gasped at him beseechingly out of his soft brown eyes.

Judge Leuders evidently found the case too deep and complex to be decided off-hand and postponed the hearing until today.

Both Jack and his master expect a favorable verdict.

Old Soldiers' Reunions

Fendleton, Ind., Oct. 19.—The veterans of the First Indiana battery and Eighth and Eighteenth infantry regiments is in progress here today. Many old soldiers from other states are present.

WHEN THE KIDNEYS ARE AILING.

The Urgent Need of Prompt Restorative Measures is Something That Every One Should Understand.

"A Stitch in Time Saves Nine."

Slight disorders in the kidneys or urinary organs are more serious than most people think. The first warning symptoms should receive prompt medical treatment to ward off Bright's Disease or some other dangerous malady. When the kidneys are ailing and the symptoms become sufficiently pronounced to be noticeable the condition calls at once for prompt measures to stay the progress of the disease. Prickly Ash Bitters is the remedy needed. Taken on the appearance of the first symptoms, such as pain in the back, puffiness under the eyes, irregularities in the urine, digestive disorders, it will save the victim incalculable misery and suffering, mental torture and expense. Used at the beginning of the trouble it cures quickly. Used in the more advanced stages it will win back health and strength as rapidly as circumstances will possibly permit.

Accept no substitute. Insist on having the genuine Prickly Ash Bitters with the large figure in red on the front label. Sold at Drug Stores, \$1.00 Per bottle.

THE ABBEY IN RUINS.

Historic Church Building of Old England Falls Prey to Midnight Flames.

IS 800 YEARS OLD

Founded in the Twelfth Century By the Benedictines—Abbey Possessed Some Interesting Tombs of Abbots.

Selby, England, Oct. 20.—The famous old abbey church here, known as Selby Abbey is a total ruin, the result of fire, which broke out in the organ chambers at midnight. The local fire brigade was unable to control the flames and the brigades from York and Leeds was too late to save the historic building, only the bare walls being left.

Selby Abbey was considered one of the finest monastery edifices in England and was founded in the twelfth century by the Benedictines and a part of the original Nave and transepts survived. The abbey possessed some interesting sculptures and tombs of abbots who presided over its destinies during the rule of the Normans.

GROVER CLEVELAND ILL

Caught Cold While Fishing Which Compelled Him to Take to Bed

New York, Oct. 20.—Grover Cleveland is ill from a severe cold at Westland, his country home near Princeton, N. J. He has been ailing since early in the week and yesterday his condition was such that he was compelled to take his bed and summon a physician.

Mrs. Cleveland says she does not consider his condition serious. He caught cold fishing.

Has Recovered

Princeton, N. J., Oct. 20.—At the home of Cleveland it is announced that he is not ill but has been suffering from a cold but is said to be entirely recovered.

Alleged Spanish Tyranny

Brussels, Oct. 19.—That the prosecution of Senor Ferrer, director of the modern school of Barcelona is an example of Spanish tyranny is the statement of M. Leon Fumemont, a member of the Belgian parliament, who has investigated the case. Ferrer was arrested on a charge of having been implicated in a plot against the life of King Alfonso. M. Fumemont has issued a circular appealing to "all liberty loving people" in behalf of Senor Ferrer. He says: "The modern school was closed because its scholastic methods were based on the latest discoveries of modern science and were purely secular in their nature, thus bringing down upon it the hatred of the clerical power, which has controlled all of the educational forces in Spain for many centuries. The corps of professors of the modern school consisted of some of the most distinguished scientific men of Spain. Now all of the museums, libraries, property and money of the institution have been seized on the flimsy and groundless excuse that Senor Ferrer is an anarchist. In the name of liberty I protest against this outrage."

FOR THE TRIPLE ALLIANCE

German and Italian Statesmen Have Conference Today

Rome, Oct. 20.—German Foreign Secretary Herr Von Tschirsky drove to the foreign office this morning and visited Foreign Minister Tittoni with whom he had a long and cordial conversation. While the subjects discussed were not divulged, official quarters believed that the general relations of the powers composing the triple alliance and the best means of consolidating the alliance and rendering it more effective in the interests of peace were the subjects on which the exchanges of views took place.

Later in the day Tittoni returned the visit at the German embassy where he remained in conference for about an hour.

ROOSEVELT PLEASD

Approves Suggestion That Birth Place of Mother Be Shown in 1907

Norfolk, Va., Oct. 20.—President Roosevelt heartily approves the suggestion that Georgia shall reproduce as its state building at Jamestown exposition the old colonial Bulloch hall at Roswell, Ga., the birthplace of Martha Bulloch, the President's mother. He says in a letter to W. W. Mitchell, president of the Georgia state commission: "I am much pleased and touched at the suggestion."

KILLED BY FALLING WALLS

High Wind Blows Down Ruins of San Francisco Buildings

San Francisco, Oct. 20.—Five men were killed and two injured under collapsing walls that toppled over by a high wind this morning. Three unknown men were crushed to death under the wall at the southeast corner of Commercial and Montgomery and another badly crushed. Two men were killed and another probably fatally injured under the ruins of a wall at the corner of Mission near Third. The names of the dead are Peter Johns and G. Durand, Greeks. Both accidents occurred at almost the same time.

STEAMERS COLLIDE

Entria Suffers Some Damage but Other Continues Journey

New York, Oct. 20.—The Entria, while bound out of New York harbor, collided with the Minnehaha, also outward bound. The Minnehaha evidently suffered no injury as she continued on her way, while the Entria came to anchor.

The Entria was struck on the after port quarter just above the water line and a hole four feet in diameter was smashed in her overhanging.

\$30,000,000 FROM ENGLAND

Nearly 85,000,000 Shipped to Egypt—New York Stock Market

London, Oct. 20.—It is definitely known today that about \$30,000,000 of gold will be shipped from England within the week, of which amount \$4,950,000 went to Egypt today.

Local bankers have recovered from yesterday's scare and the market shows increasing steadiness.

Market Active

New York, Oct. 20.—There was a renewal of urgent liquidation in the stock market today which carried earlier prices 1 1/2 to 3 1/2 below last night's for active speculative favorites. Evidently a heavy movement of currency to the interior for crop movements and Canadian requirements to fortify the Toronto banks complicated the situation.

Large buying orders for supporting purposes restrained the decline after the opening but did not entirely stop it.

Belmont Racing Meet Ends

New York, Oct. 20.—The fall racing meet at Belmont park ends today, and will be followed by a season at the Jamaica tracks, the home course of the Metropolitan Jockey club.
