COMET EGG THE NEWEST

Palestine Hen Saw the Comet and Tries to Duplicate It With Her Own Production.

The scientific world has had a great deal to say about the effect of the comet on the earth, and many fine theories were presented, most of which failed to develop into fact. But here's a fact: A Palestine hen has laid a comet egg, a regular globular shaped product, with a tail attached to it. The hen working the miracle belongs to the barnyard colony of Mr. W. E. Blount, on Lacy street, and in appearance seems not different from the ordinary hen. But she saw the comet and turned scientist. The egg is a real curiosity.

STITH

Will Be the Attraction at the Airdome This Evening.

The management says: Stith and Stith, marvelous spinners and manipulators, will open at the Airdome tonight in a high-class European novelty plate and carpet spinning act, spinning as many as sixty plates at once.

The feature film in motion pictures will be a high art Edison picture, entitled, "Her First Appearance," a special adaptation of Richard Harding Davis' famous story for Edison production. A special cast engaged for the picture plays it with a simplicity and fidelity which makes the story tremendously convincing and puts it among the film classics of the year. The production is magnificently staged and costumed and the players fit into their parts naturally and gracefully.

WEATHER FORECAST.

Published By Authority of the Secretary of Agriculture.

For Palestine and vicinity until 7 p. m. Friday: Tonight fair; Friday partly cloudy weather. Minimum temperature, 62. Maximum temperature, 84.

Weather Conditions.

A slight disturbance, central over the Middle Atlantic states, is causing rain in the states bordering the Atlantic ocean. The western storm is increasing in energy and now covers the entire western half of the United States. Light rain is falling this morning in Oregon and Washington. The weather continues warm in the lake region and the northwest. The weather is generally clear and somewhat warmer in Texas this morning.

For Headaches.

There Isn't Any Headache Remedy That Does The Work Like Hicks' CAPUDINE.

It gives quick relief from Headaches of all kinds, including Sick or Nervous Headaches, and Headaches caused from cold, grip or stomach troubles. Capudine is also the best and quickest remedy for attacks of Cold or Grip. It soon relieves the aching and feverishness and restores normal conditions. Capudine is liquid—easy and pleasant to take—acts immediately. 10c., 25c and 50c. at drug stores

R. H. BAKER IS PRESIDENT

Of the Texas Central Railroad—Chas. Hamilton Will Continue as the General Manager.

Waco, Texas, June 15.—The directors of the Texas Central railroad held a meeting this morning. R. H. Baker of Austin was elected president and also a director, and J. S. Rice, president of the Union National Bank of Houston, and Frank Andrews of Houston were added to the directory.

No other changes were made. General Manager Charles Hamilton will continue as at present. There will be no change in the operative or other departments.

Mr. Baker declared the election of the Houston men as directors was an act of personal friendship and that they did not know they were to be chosen. He says he will operate it as an independent line for the present.

The belief here is universal that the Katy will take over the line when the legislature meets.

Mr. Baker would not say what were the future plans of the line further than that there would be no changes at present.

Mr. Baker left for Austin this afternoon, but will go over the line next week.

BRUSHY CREEK LETTER.

Brushy Creek, June 13.—Health is fairly good in these diggings, and farm work is progressing as well as could be expected under prevailing conditions. The crop prospect is not to say flattering at the present time. Corn is very small for the time of year, but most of it has good color. Cotton is small, but it is all in the future yet. Some folks say we have been having frost lately, but I do not think so. Peaches and tomatoes are now being shipped out from both Poyner and Frankston. Report says that a storm visited Flint, Bullard, Jacksonville and other points the other night, destroying the tomato and other crops. It looked rather squally here, but it did not rain any, nor did we have but little wind.

Mr. Bill Rogers, a country merchant in the Liberty neighborhood, had the misfortune to lose his store and contents by fire last Monday night. We understand it to be a clear case of incendiary. Mr. Rogers is an old man, and this will be quite a hardship on him, as we understand he carried no insurance.

In the effort to capture the miscreant that burned Mr. Rogers' store they ordered out our high constable (I say high advisedly), and his dog, but do not know just what part they played in the capture, if any.

Well if the commissioners' court could only think of some other office that is lying around loose, so that a few more of the great army of nothing to do could get a job until the 23rd of July, it would be better.

In the trip that Mr. Gofe Levassar made to Mobile he found out the whereabouts of some of his relatives in Louisiana. He decided after his return from Mobile that he would pay them a visit, and has just returned from there. He found a brother of his mother, an old man eighty-three years old, and several cousins, but he thinks it rains entirely too much in that country, so he did not stay but one week. He found while there that his mother had some money that had been lying in the county treasurer's

office for nearly fifty years. Now if he could get interest on this money for that time he would be starting a bank or some other place in which he could use money.

The man who goes to the legislature from Anderson county, should he want my vote, must promise me that he will use all legitimate means to have passed some law to protect the farmer when he rents to a man, and is to furnish so much, so that the said renter cannot fool along until he gets about all, and in many cases more, than was to be furnished him, and then just gets up without any cause whatever, only that he is dishonest, and leaves his crop, the only thing that the farmer has to look to for his money, and the farmer has to grin and bear it. Several of the states have good laws along this line and I cannot see why Texas has not some law to protect both the farmer and the tenant. Now, you gentleman who have legislative aspirations, begin to think of this matter, and be prepared to act.

The sheriff's race is beginning to pick up in these parts, all of the candidates being in the neighborhood of Frankston at nearly the same time. There is going to be some great surprises in store for somebody about the date of the primary.

The democratic executive committee (whoever they are) should get together soon and say how many primaries the county wants, and when they are wanted. I have heard the question discussed, and it was thought that the Terrell election law does not provide for but one primary, so that if more than one is needed it would have to come before July 23. This matter should be investigated by the proper authority, and action be had in conformity.

The school board of the Palestine schools has acted very wisely, no doubt, in compelling the teachers for the city schools to show a clean bill of health. Now it occurs to me that the teachers are entitled to some consideration, and the board should go one step further and compel the students to show a like bill, and this thing should not stop at the city limits, but should be extended to all the country schools. This all looks rather hard to us old fellows who remember those old democratic days in the long ago, when the teacher was employed by the community, or rather by the prospective patrons, to teach at so much per, an old blue back spell, and a sore toe being the curriculum. Thus we go on.

Very truly

TEXAS COMPANY CUTS "MELOON"

Oil Concern Will Divide \$9,540,000 Among Stockholders.

Houston, June 15.—According to an announcement today the Texas Oil company cut a "melon" valued at \$9,540,000 by declaring a dividend of \$3 per share and fifty per cent in stock. This follows the raising of the capital stock from \$18,000,000 to \$36,000,000.

The company plans listing the stock on the New York exchange, and the inauguration of big improvements in the Oklahoma and Texas oil fields and the extension of operations all over the southern states.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent dizziness and invigorate the whole system. Sold by Bratton Drug Co.

I am now located at the Fair Grounds, where you may have your horse "broke" and gaited. See me for particulars. Hillary H. Padon. 4-8-14

Princess Clementine.

Youngest Daughter of the Late King Leopold.

It is reported that the marriage of Princess Clementine of Belgium, youngest daughter of the late King Leopold and cousin of King Albert, to Prince Victor Bonaparte may be expected within a few months.

WATERED THEIR STOCK

United Wireless Telegraph Company's Broadway Offices Were Raided and Arrests Made.

New York, June 15.—United States postoffice inspectors raided the handsome Broadway offices of the United Wireless Telegraph company today and caused the arrest of Christopher C. Wilson, president of the company; Samuel S. Bogart, first vice president, and William T. Tompkins, president of the New York Selling Agency, whom the officers of the wireless company say was formerly their fiscal agent, but has ceased to represent them.

Chief Inspector Mayer subsequently gave out a long formal statement, in which he charges that, although the company has been running at a loss, the price of its shares has been advanced by manipulation to fictitious values, and that individual officers of the company have sold out their stock to the general public at a profit estimated in one instance of between five and ten millions, and other instances in proportion.

Wilson was released on \$25,000 bail and Bogart on \$10,000 bail for appearance on July 12, when a further hearing will be held before a federal commissioner. Tompkins was arrested at his farm, near Mahopac Falls, N. Y., and brought here for arraignment. He could not find the \$10,000 bail, and spent tonight in the Tombs.

The complaint on which the warrants were issued is drawn under the federal criminal code on information of Carter B. Keene, a postoffice inspector, who deposes that "the grounds of his belief are official investigations made by him, information obtained by him from the books of the said United Wireless Telegraph company, and the inspection of letters and envelopes sent through the United States mails."

The specific instance of alleged fraudulent use of the mails is given as the mailing of a letter on March 3, 1910, to Michael O'Brien of Waterbury, Conn.

Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me. "I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. "A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

Take CARDUI

J 44

The Woman's Tonic

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not.

If you do need it, do not delay, but commence to use it at once. Every day of delay, only lets you slide further down the hill.

Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

MANY PIANOS WERE SOLD FIRST TWO DAYS OF SALE

THE CLOSING OUT SALE OF LEYHE PIANO COMPANY'S BIG STOCK OF GOOD PIANOS AT NEARLY HALF PRICE BY SPECIAL AGENT

ATTRACTING MANY BUYERS

Pianos are of the Highest Merit—Bargains are Genuine—But You must Act Quickly—Pianos Going Fast—Open Evenings 'Til 9:30

This is a genuine closing out sale. A positive winding up of the Palestine store. All pianos in the hands of country agents and sub-agents at Crockett, Jacksonville and surrounding towns will be brought in. They, too, will be slaughtered.

It is my purpose to be perfectly candid and I shall not intentionally overstate matters one iota. And it can be depended upon that this is a genuine closing out sale of a large number of fine instruments at factory cost prices, and many less than cost, on easy payments, if desired.

The bargains are genuine and there is no question about the high character of the instruments offered.

The reasons for this sale and for cutting the prices of good pianos nearly half has been fully explained in the announcement of this closing out sale. Mr. J. F. Rush, our former manager, having resigned and left the city and our inability to secure a new manager, store lease expiring in a few days, having decided to close the Palestine store permanently, makes it quite necessary to sell this entire stock of fine pianos in a few days or ship them away.

In the first place I have positive instructions from headquarters to sell this entire stock. Close it out. And the letter goes on to say: "Our Dallas store is overstocked with pianos. Simply close out the stock at Palestine. Would rather accept factory cost than to go to the extra expense of boxing and freighting them here." Now, these are my orders. Come and give me factory cost for these instru-

ments and take them. Many I offer at much less than factory cost. For instance, if a piano has been used a month or has been in stock more than 60 days, I mark it second-hand and the price is marked down accordingly.

All pianos are fully guaranteed by the manufacturers and the Leyhe Piano Company.

We make terms so easy, too, that all can purchase; a small payment down sends a piano to your home and you can have the use of the piano—learning to play—while you save the money to complete the payments.

We offer you a good variety of stock to choose from, comprising such leading makes as Kimball, Chickering, Eros, Packard, Weber, Davis & Sons, Crown, Whitney, Hinze and other good makes, together with numerous slightly used and shop-worn pianos. All offered at factory cost prices and many at less than cost of the factory production.

Numerous standard grade uprights in pretty but plain cases that sell regularly at \$275, \$300 to \$325, to close out at \$148, \$173 to \$198.

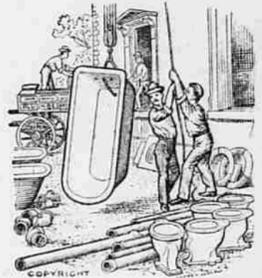

Terms \$15 to \$20 down, \$7 to \$8 monthly, or cash.

Elegant new Cabinet Grand Uprights, various high-class makes, former prices \$350, \$375, \$400 and \$450, to close at \$223, \$247 to \$288.

Terms \$15 to \$25 down, \$8 to \$10 monthly, or cash.

Great bargains in used uprights, organs and square pianos. These will go quickly at practically your own terms and prices. Come and get one. Terms to suit.

J. L. MoNUTT, Special Agent

WHY IS IT

that we always get the large contracts?

There must be a reason. We get over our share of the small contracts.

But still we want yours.

The largest or the smallest jobs are treated with equal consideration.
