You can Save

Resolve today to begin to save. If you have a bank account you are protected from that rainy day that is sure to come. Begin now to live on less than you make. Begin now to put by the capital which will one day mean independence to you. You make a wise move if you open an account with this sound institution. Your money is absolutely safe here.
First National Bank, Palestine, Texas

THEY FAVOR TWO PARKS

And Proposition Is Now Before City Commissioners For a Park on the North Side.

Mayor Bowers said to a Herald man today that he favored the purchase of two park sites for Palestine. He is highly in favor of the Reagan Park proposition which takes in part of the Michaux property close in, provided a larger acreage can be secured. He wants approximately 23 or 25 acres, taking in that portion of the Michaux land lying south of the railroad and north of Trinity street, and which contains about that acreage. A proposition is now before the commissioners for the sale of that amount of land, which is considered reasonable.

Then the mayor has in his possession this proposition for a park in the

the surrounding property is so subdivided that the residence will face the park. This ground is reached by three streets, Queen street, Tennessee avenue and Conrad street, with no streams or railroad tracks to cross, Queen and Conrad streets running along the full length of this plot on either side.

Assuming the intersection of Oak street and Tennessee avenue to be a central point, Mr. Merrick, city engineer, makes the statement that the distance from this point to the plot of ground I propose to sell to the city is 4410 feet, while the distance from this same point by the nearest street route to the nearest point of what is known as the Michaux Park proposition is 3530 feet, making a difference between the two propositions only 880 feet, or two ordinary city blocks. This plot of ground is entirely covered with a forest of native trees, and it can easily be provided with a permanent lake fed by springs. On an aver-

THE HALF PRICE SALE

We are running on "Ladies' Suits and Dresses" is certainly meeting with the approval of the ladies who know a "good thing" when they see it. There are many reasons for the success of this sale—the same as there is a reason for everything this modern store does—but principally "Quality," "Style," "Price" and "Variety" is the foundation of this sale's success. A word to you right here though:—while the assortment is good and the stock is large, the selling is greater, and if you are contemplating buying a suit or dress we would urge you to come **NOW** while there is a chance of getting your size. Remember, too, please, that all of our linen, silk and wool suits and dresses are included in this sale, and you may have your unrestricted choice for **ONE HALF PRICE**.

Think of buying fine silk Pongee and Foulard dresses at one-half their actual worth—wool and linen coat suits in the best and most stylish colors and models, including elaborate and simple tailored designs at exactly 50 per cent. of their commercial value—and beautiful works of the designer's art in tailored wash dresses that include the newest in color, the most artistic in trimmings, and durability that can not be excelled—all sacrificed on the altar of this "sale" at 50c on the dollar—and there are ever so many more pretty rath in waist and skirts that we could write about but would much rather have you come in person if only for a look.

The Grand Leader

PROMINENT WOMAN SHOT

By Father of Her Husband's First Wife—Mrs. Eleanor Sheppard Is the Victim.

(Herald Special.) Springfield, Mass., July 24.—Mrs. Eleanor Sheppard, wife of Passenger Agent Sheppard of the Boston and Maine railroad, was shot and killed today by George Crowley, aged seventy-one, and the father of Sheppard's first wife. The tragedy took place in the Sheppard apartments, where Crowley lived. Crowley is believed to be insane.

northern part of the city:

Palestine, Texas, July 22, 1910.

To the Honorable Mayor and the Commissioners of the City of Palestine:

Gentlemen—I herewith submit to you an offer of sale to the city of Palestine of a certain plat of ground in the north part of the town to be used by the city for the purpose of a city park.

I will sell the city a plat of ground containing twenty acres, described as follows: Beginning at the intersection of the east boundary line of Conrad street and the north boundary line of Cherokee avenue, and running north with the east boundary line of Conrad street 1150 feet. Then east following the north line of my tract 738 feet to the west margin of Queen street. Then south following the west margin of Queen street 1150 feet to the north margin of Cherokee avenue. Then west with the north margin of Cherokee avenue 738 feet to the place of beginning.

This plat of ground is surrounded on all sides by fifty foot streets and

age this ground is about 60 feet higher than Spring street, and at some points 90 feet higher. The topography of this ground is rolling, with just enough gully to give it perfect drainage and a picturesque effect, and enough hills to give it the possibilities of beautiful and artistic development, with plenty of smooth ground besides, and it is in every way perfectly adapted to the purpose of a park.

I will sell this tract of land to the city for the sum of \$5000, and the only requirement that I will make of the city in the sale of this land at this low price, which is about one-half of its actual value, is that it be taken over by the city in the near future and immediately thereafter be opened up, improved, and put into shape as a nice, attractive public park, and be permanently maintained as such.

Yours truly,
A. C. Green.

Mayor Bowers said now is the time, if ever, when the city should look to providing park sites, and that if one site is secured it will not fully meet

the requirements of the people. The town, he said, is so located that should a park site be chosen in either the northern or southern portions of the town it would be to the disadvantage of that portion furtherest removed. But to secure the two sites he thinks would be admirable. To secure and improve these sites would take an outlay of \$20,000 to \$25,000, but the city could vote a bond issue that would not be burdensome, and that would supply these much desired places.

This matter will come before the board at its Monday afternoon meeting.

BROWNSVILLE GROWING.

That Town Now Has Over Ten Thousand Population.

(Herald Special.) Washington, D. C., July 23.—The census office today announced the following populations:
Brownsville, Texas, 10,517.
Childress county, Texas, 9538.

TEXAS NEWS NOTES.

State Chairman Storey expects a poll of 360,000 votes in today's primaries. He is not a candidate for reelection.

The Bender Hotel at Houston will cost approximately a half million dollars.

Representative Moller will introduce a bill in the legislature providing for the guaranty of cotton bills of lading. Henry Gentry, a negro, who shot and killed Constable Jim Mitchell at Belton, was killed and burned yesterday.

Ten cars of homeseekers arrived at San Antonio Friday.
