AMERICANS INTERESTED IN THE CUBAN ELECTION

(Herald Special.)

Washington, D. C., Nov. 1.—Official Washington is considerably interested in the results of today's election in Cuba, the first to be held under the administration of President Gomez and the second to be held by a Cuban government without the influence of American control. In addition to half the members of the lower house of the national legislature municipal officers in all cities and towns are to be elected.

The victory of one or another of the numerous political parties which have tickets in the field is not looked upon here as of so much importance as the effect that the election may have upon the future tranquillity of the country. When the campaign opened last summer there existed a general feeling of despondency in regard to the prospect of a peaceful election, and this feeling was intensified as the campaign progressed by the continuation of the schism between the Miguelists and Zayista factions of the Liberal party, and the frequency with which the political meetings broke up amid fierce fighting. Recently, however, reports from the island indicated a subsidence of excitement, and apparently a disposition of the warring factions to get together.

The first Cuban election, that of 1904, at which President Estrada Palma was elected for a second term, was confessedly carried by fraud, which fact led directly to the revolution of August, 1906, the overthrow of the Palma administration and the second American intervention, which continued under the governor generalship of Charles E. Magoon until Gen. Jose Miguel Gomez, who had been elected president at the election held in 1908, under the direct supervision of the American officials, was inaugurated president of the restored republic a year ago last January. That election was conducted peaceably and without fraud.

The contest at the polls today will show whether the administration of President Gomez is competent to guarantee the people of Cuba a similarly unimpeachable election. There is no doubt, according to advices received here, that President Gomez has been putting forth every effort to prevent fraud and disorder. The situation, however, is complicated by the large number of political parties, which has led to bitter factional animosities. In Havana alone there are no less than five parties in the field. In addition to the Miguelists and the Zayistas there is a negro party, a labor party and an independent liberal party. Then there are the Young Cubans, modeled, so the leaders say, on the young Turkey party, and still another faction, which might be termed

THE FAT FROM THE FLOWER.

There is not a single kind of animal food which we might not replace with a vegetable counterpart. In most cases it is merely a matter of choice which is preferable, the animal or the vegetable. In the matter of cooking fats, however, the vegetable has by far the advantage. Lard is made from the fat of hogs, often impure and unclean, always indigestible. Cottole comes from the cotton fields of the Sunny South. It makes food that can be digested with ease, even by invalids. Cottole is recommended alike by physicians and noted cooking experts as much more healthful and desirable than lard.

"Just Say" HORLICK'S It Means Original and Genuine Malted Milk The Food-drink for All Ages.

More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

The Philosophers and the Frog.

(By a Staff Correspondent.)

Dr. Safford, for many years professor of chemistry in the Medical College of the University of Nashville, used to tell his students a fable—the moral of which was "prove it." Certain wise men were gathered together to ascertain the explanation of a statement that when two glasses of water of equal weight are balanced on the beams of a balance scale and a frog is then put in one of the vessels the balance remains the same, thus attempting to prove the assertion that a frog has no weight when immersed in water. Each wise man had his own explanation, and there was much heated argument and discussion. At length one of the wise men said: "But is your statement true? Let's prove it." Of course, when it came to proving it, they couldn't.

So when you hear people say that Coca-Cola is injurious, just ask them to prove it. They can't. Nobody can, because it is not injurious. But on the other hand it can be proved that it is not injurious by chemical analysis. Or if you are not a chemist yourself, why not accept the verdict of every competent chemist who ever analyzed it? Eminent College and University Chemists, Commercial Chemists, Government, State and City Chemists—all have analyzed Coca-Cola and not one has ever been able to find anything injurious in it. The very next time you hear anyone say that Coca-Cola contains deleterious ingredients tell him to write the Coca-Cola Co., Atlanta, Ga., for a free copy of their booklet, "The Truth About Coca-Cola." In the meantime write for a copy for yourself—you will find it very interesting.

TO RACE AT JAMESTOWN

Fall Race Meeting of the Jamestown Jockey Club Will Be Inaugurated Today.

Norfolk, Va., Nov. 1.—Everything is in readiness for the inauguration today of the fall race meeting of the Jamestown Jockey Club. The picturesque racing plant at Jamestown is in excellent condition and the mile track has never been faster. The stables are filled with high-class horses from Pimlico and from other tracks throughout the United States and Canada. Prominent turfmen have arrived in large numbers from New York, Baltimore, Washington, Philadelphia and other places. The program for the opening day will include the Norfolk Handicap, seven furlongs, all ages, \$1000 guaranteed; Steeplechase, purse, \$300 added, and four other races of \$250 and up. The officials who will be in charge of the meeting are: Ed Cole, presiding judge; F. W. Gerhardt, associate judge and racing secretary; W. P. Riggs, Frank J. Bryan and Congressman William A. Young, stewards; A. B. Dade, starter, and H. P. Conkling, paddock judge.

MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it.

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise I found it was the medicine for me!

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

Fashionable Wedding.

New York, Nov. 1.—Grace Church was today the scene of the first of the fashionable November weddings, the bride being Miss Janet Craven de Kay, daughter of Mrs. Sidney de Kay, and the bridegroom William Simpson Sloan, a grandson of the late Samuel Sloan, who was for many years president of the Lackawanna railroad. Bishop Greer officiated at the ceremony, which was followed by an elaborate wedding breakfast and reception at the home of the bride's mother in West Ninth street.

CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, digs up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without curing the dandruff, and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

Piano Tuning.

I have done as much work the past summer as I wanted to. In fact, I have had to keep my tuning fork on ice to keep it from melting, but it is getting some cooler now, and if any of my old customers want their pianos tuned or any new customers will trust me with their work, I will be glad to do it. I guarantee my work and will give entire satisfaction or money refunded. I have a limited time in Palestine to do this work, and have no time to solicit, so if you want me to do your work just drop me a card or leave orders with W. H. Kingsbury or W. E. Swift and I will give the matter prompt attention.

Yours for good, honest work,
