PATERSON'S JUBILEE

Industrial Exposition Marks One Hundredth Anniversary of Beginning of Silk Manufacture Here.

(Herald Special.)

Paterson, N. J., Nov. 9.—Marking the one hundredth anniversary of the beginning of silk manufacture in America, there was opened in Paterson today an industrial exposition to show the great strides that have been made in the industry during the century. The exhibition and attendant celebration will last ten days. Every process in the industry is demonstrated in the exhibition, from that of spinning the minute thread from the cocoon through all the steps of doubling, reeling, filling, warping, dyeing, weaving and finishing.

Paterson has for many years been the chief center of the silk industry in America, though it was not here but in Mansfield, Conn., that the first silk mill was established in 1810. In Paterson there are now nearly three hundred separate silk firms, thirty-two firms having started in the business within a year. The value of the annual product of the great mills is \$30,000,000, and 40,000 men and women keep 21,000 looms spinning in order to help the American woman retain her title to the best dressed women in the world.

The high standing, remarkable growth and popularity of this Bank are due—first to the absolute safety afforded—second to the careful and prompt attention given, and third to the personal interest shown.

First National Bank
Palestine, Texas

Thanks to Mr. Garrison.

The Herald is under obligations to Deputy County Clerk Homer Garrison for courtesies extended. Mr. Garrison is a most obliging and courteous official, and is ever willing to give time and assistance to patrons of the office and others. He is a good and deserving man, and sets an example that other public officials would do well to emulate.

A Logical Argument....

Often times you get crossed with your own good judgment and do things when you are absolutely aware you are wrong.

Perhaps it is force of habit; perhaps it is stubbornness; or maybe you are afraid of your own opinion, and allow others to think for you.

Public opinion often times has its weight.

Here is the Point:

We sell dry goods of all description and carry the largest assortment of shoes in the city. It is reasonable to suppose that we think as much of our good name as other business houses. Therefore we want to be fair with our trade. When we sell you any article for GOOD, you may rest assured it must be that way or back goes your money.

If you buy an article and are not satisfied, bring it back.

The Main Issue

Come to town with the intention of buying \$5.00 worth of merchandise, spend it all at some other place and then some more.

You come to Horwits with the same amount—Result: \$4.00 has bought what \$5.00 cost you elsewhere. Final result—\$1.00 saved on \$5.00.

Yours Very Truly,

H. HORWITS

PURELY PERSONAL.

W. T. Cherry of Tyler was here today.

Lee J. Berryman was a passenger west this morning.

J. W. Cunningham was a passenger for the south today.

Mrs. C. A. Bearden returned to Tyler today, after a visit to relatives here.

Mr. and Mrs. Harry Kitcher returned to their home in Spring last night.

S. E. Miller, cashier at the First National Bank, spent yesterday at Grapeland.

Dr. G. P. Barnes and family and Mrs. W. F. Powers have returned home from Mineral Wells.

Mrs. Riley Wright left last night for El Reno, Oklahoma, to join her husband, who is now located there.

Miss Kathleen Jameson and her guest, Miss Ruth Atterbury, left today for Corsicana, to join a house party.

Mrs. Alice Story, on her way from Timpson to Hubbard City, visited friends here, resuming her journey this morning.

Will Sweep Saturday Night.

Street Supervisor Britton reports the receipt of the brooms long lost on the road from the factory, and he says the big sweeping will come off Saturday night, so that Palestine may enjoy clean streets Sunday morning. Hereafter the streets will be swept on Saturday nights. Good.

Cotton Crop Report.
(Herald Special.)

Washington, D. C., Nov. 9.—The cotton report issued by the government today shows a gain of the 1910 crop 7,239,983 bales, counting round bales as half bales. This report includes up to November 1. Last year for the same date the figures were 7,017,849. Round bales this year 81,187, as against 109,621 in 1909.

Costume Velvets

Dame Fashion has said it—and the larger cities have given it their stamp of approval.

And deservedly so—for what is more beautiful or graceful than the soft shimmer and easy drape of this velvet dress fabric. It is equally stylish for coat suits—for street or evening dress—for waists—for evening wraps and carriage coats.

Before selecting this particular fabric we looked carefully into the merits of eleven different costume velvets—and we offer you a cloth nearly three-quarters of a yard wide for one dollar the yard—that is superior to all the rest in looks, finish and drape.

BUDD AND WAYNE

Drew Capacity Audience to the Lyric Last Evening.

The management says: The best proof that Budd and Wayne, the excellent vaudeville team now playing at the Lyric, made good on their opening night is the fact that nearly everybody who saw them Monday night came back to see them again last night and brought others along, filling the little playhouse to its capacity.

This clever pair will conclude their engagement here tonight, and on tomorrow night the management of the Lyric will offer for its vaudeville attraction the Earl Sisters company, a trio of ladies, presenting a very pretty little comedy playlet, "A Story in Black and White," in which they will introduce some of the very latest songs and dances.

"Back to Nature," a Vitagraph film, will be the feature in motion pictures tonight. It is a silent drama, showing "that a man's a man for a' that." Manliness is shown in actions prompted from within and are not always evidence on the surface. There is a heap of thought in this picture and a strong demonstration that "fame and fortune from no condition rise. Act well your part; there all the honor lies."

DESERTER IN TROUBLE ELKHART INCORPORATES

Private Being Taken to Fort Sam Houston For Trial Attempts to Leave His Guards.

This morning Sergeant Johnson and Private Smith of the U. S. army were passing through Palestine with Private Douthitt, who was being carried from Fort Logan, Ark., to Fort Sam Houston at San Antonio, to be tried on a charge of desertion. When the train started out from this city the prisoner jumped from the train, and was followed by the guards. They recaptured the prisoner. From what a Herald man could learn Douthitt, on a leave of absence, failed to return. He appealed for his trial to take place at another place than Fort Logan, as he asserted he thought he would not be given a fair trial. Now he will have to answer to this attempt to escape.

By Vote Yesterday Town Decided to Adopt Commission Form of City Government.

In the election yesterday at Elkhart, in addition to the general election, a special election was held on the question of incorporating the town and adopting the commission form of government. The proposition carried by a majority of five votes, and the following officers were chosen: Mayor—A. G. Douthitt. Commissioners—Clarence Quarels and F. W. Woodard.

Elkhart has been unincorporated heretofore and is possibly the smallest city in the country to adopt the commission form. Mayor-elect Douthitt is here today conferring with Palestine officials. This is certainly a progressive move for our neighborhood.

NINE MINERS RESCUED

From the Wrecked Mine Near Trinidad, Colorado.

(Herald Special.)

Trinidad, Colo., Nov. 9.—Nine of the miners who were entombed in the explosion which killed four miners yesterday were rescued alive today, all in good physical condition.

THE FAIR

Headquarters For Post Cards

We Want

To Put One of Our New and Wonderful

AMBER LIGHTS

IN YOUR HOME

Just to show it in action alongside of any other kind of light you may chance to be using.

You will be surprised to note the immense volume of light that it gives—a greater volume than you get from three to five house lights of any other type.

Its effect on your eyes will be a sensation of rest and comfort, and will reflect for the first time the faces of your family, under artificial light, their natural soft, warm colors and the harmonies of decoration and dress will be undisturbed.

We will send out and attach this light to any gas fixtures you designate, you to have the privilege of buying or refusing the light after inspection.

If you wish to keep the light we will charge its cost, \$1.60, to your account—two payments if you like.
