D. 1910, against Mary Aycock and Mary G. Beisner, and alleging in substance as follows, to-wit:

That plaintiff and defendant are the owners of the following described land, situated in Anderson county, Texas:

First Tract. Situated on the waters of Still Creek, a part of the S. Bennett survey; beginning at the n. e. corner of the S. ### CITATION.

The State of Texas. To the Sheriff or Any Constable of Anderson County—Greeting:

Oath having been made as required by law, you are hereby commanded to summon the heirs of H. D. Taylor, deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Anderson county, to be holden at the court house thereof, in Palestine, on the fourth Monday in November, 1910, the same being the 28th day of November, 1910, then and there to answer a petition filed in said court on the 1st day of October, 1910, in a suit, numbered on the docket of said court No. 8332, wherein A. D. Evans is plaintiff, and the heirs of H. D. Taylor, deceased, are defendants, and said petition alleging that heretofore, to-wit: on the 1st day of September, 1910, plaintiff

was in the lawful possession as the owner in fee simple, of the south half of Lot Four, in block H, of Jackson's Addition to the City of Palestine, Anderson county, Texas; that afterwards, on the 1st day of September, 1910, the defendants entered upon and dispossessed plaintiff of the above described land, and withhold from him the possession thereof, and that the nature of the claim of the defendants, the heirs of H. D. Taylor, deceased, in and to said land is as follows: The defendants claim that said H. D. Taylor acquired the title to said land prior to his death by warranty deed of J. E. Davis and wife, of date July 25th, 1883, recorded in Vol. 33, page 474, of Anderson County Deed Records, as well as by release subsequently executed by Royall, Coleman & Co. unto the said H. D. Taylor of the vendor's lien which was retained in said deed, and plaintiff admits that said H. D. Taylor did become the owner of said land by virtue of the aforesaid deed and release, but plaintiff avers that the title so acquired by the said H. D. Taylor, as well as any title or claim which passed to his heirs, upon his death, in and to said land, have been long ago lost and barred under the operation of the statutes of limitations of five and ten years, and plaintiff has acquired a superior title to said land under said statutes as specially plead in said petition.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Jno. R. Moore, Clerk of the District Court of Anderson county. Given under my hand and the seal of said court, at office in Palestine, this the 1st day of October, 1910.

(Seal) Jno. R. Moore, Clerk of the District Court of Anderson County. By Eddie Morris, Deputy.

### The Philosophers and the Frog.

(By a Staff Correspondent.)

Dr. Safford, for many years professor of chemistry in the Medical College of the University of Nashville, used to tell his students a fable—the moral of which was "prove it." Certain wise men were gathered together to ascertain the explanation of a statement that when two glasses of water of equal weight are balanced on the beams of a balance scale and a frog is then put in one of the vessels the balance remains the same, thus attempting to prove the assertion that a frog has no weight when immersed in water. Each wise man had his own explanation, and there was much heated argument and discussion. At length one of the wise men said: "But is your statement true? Let's prove it." Of course, when it came to proving it, they couldn't.

So when you hear people say that Coca-Cola is injurious, just ask them to prove it. They can't. Nobody can, because it is not injurious. But on the other hand it can be proved that it is not injurious by chemical analysis. Or if you are not a chemist yourself, why not accept the verdict of every competent chemist who ever analyzed it? Eminent College and University Chemists, Commercial Chemists, Government, State and City Chemists—all have analyzed Coca-Cola and not one has ever been able to find anything injurious in it. The very next time you hear anyone say that Coca-Cola contains deleterious ingredients tell him to write the Coca-Cola Co., Atlanta, Ga., for a free copy of their booklet: "The Truth About Coca-Cola." In the meantime write for a copy for yourself—you will find it very interesting.

## Warm Floors and Healthy Children Make Happy Homes

There is no better way for you to avoid worry and expense than by insuring your children's health.

Warm floors in the home, which is the children's play house in winter, are assured when using Cole's Original Hot Blast Heater.

The steel base and body construction allows the heat to be radiated to the floor keeping it warm during the coldest weather.

## Cole's Original Hot Blast Heater

The Cleanest—Easiest to Care For

Burns Soft Coal, Lignite, Hard Coal, Crushed Coke, Wood and Cobs.

Users of coal must remember that the ordinary heater is a big care to operate. That its smoke and ashes entail dusting, curtain washing and carpet sweeping. Think then of the ease of operation and the cleanliness of Cole's Hot Blast.

Cole's Hot Blast has a guaranteed smoke-proof feed door—open the feed door and the current of air draws the smoke directly across the top of stove to the stove pipe—away from the opening. Contrast this simple, cleanly method with the side door in an ordinary heater. The side door used on other stoves permits escape of dirty smoke, unpleasant gas and accumulated soot drops from it. If you overflow a side door stove, coal falls to the floor. And note this, you cannot make a side door heater air-tight—an everlasting advantage in favor of Cole's Hot Blast which is air-tight and guaranteed to remain so always.

No fires to build—the fire is never out in this remarkable heater from fall until taken down in the spring.

Better select one today—surely it is the heater you need—

The Heater with a Reputation.

Democrats Elected the Entire State Ticket in New York.

New York, Nov. 10.—Practically complete returns from interior localities of the state confirm previous indications that all of the democratic candidates on the state ticket were elected. These, in addition to the candidates for governor and lieutenant governor, are:

Secretary of state, Edward Lazansky; state controller, W. Schmeer; state treasurer, John J. Kennedy; attorney general, Thomas Carmody; state engineer and surveyor, John A. B. Bense; associate judges of the court of appeals, Alfred K. Collin and Irving G. Vance.

The returns in these state offices are not yet complete for six counties, but an estimate based on 2700 election districts outside of New York City, and complete returns of New York City, give the results above stated.

The smallest indicated plurality is that of Lazansky, who has 8866 over Koenig, republican, and the highest is that of Kennedy for state treasurer, who has 26,632 over Fennell, republican.

Croup is most prevalent during the dry, cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes, and it has never disappointed them. Sold by Bratton Drug Co.

### Wilson's Plurality Grows.

Trenton, N. J., Nov. 10.—Latest election returns show Woodrow Wilson's plurality for governor to be upward of 48,000, and it is expected that the complete returns will bring the plurality up to 50,000.
