A Logical Argument....

Often times you get crossed with your own good judgment and do things when you are absolutely aware you are wrong.

Perhaps it is force of habit; perhaps it is stubbornness; or maybe you are afraid of your own opinion, and allow others to think for you.

Public opinion often times has its weight.

Here is the Point:

We sell dry goods of all description and carry the largest assortment of shoes in the city. It is reasonable to suppose that we think as much of our good name as other business houses. Therefore we want to be fair with our trade. When we sell you any article for GOOD, you may rest assured it must be that way or back goes your money.

If you buy an article and are not satisfied, bring it back.

The Main Issue.

Come to town with the intention of buying \$5.00 worth of mer. handise, spend it all at some other place and then some more

You come to Horwits with the same amount—Result: \$4.00 has bought what \$5.00 cost you elsewhere. Final result—\$1.00 saved on \$5.00.

Yours Very Truly,

H. HORWITS

PURELY PERSONAL.

Striped Madras

WAISTS

Plain tailored waists these—and mannish to a degree, yet more pleasing sensible waists for ladies would be hard to conceive.

They are made of shirting madras—all white grounds with black stripes—has splendid "tub" qualities—and are tastily tailored with clusters of tucks in lieu of a yoke. Laundered collars give them a "nifty" finish and soft cuffs add to their comfort.

We don't honestly know how you could better spend a dollar and a quarter, and yet have that distinctive air of wearing something "different" and correct to the last degree.

To Put One of Our New and Wonderful

AMBER LIGHTS

IN YOUR HOME

Just to show it in action alongside of any other kind of light you may chance to be using.

You will be surprised to note the immense volume of light that it gives—a greater volume than you get from three to five house lights of any other type.

Its effect on your eyes will be a sensation of rest and comfort, and will reflect for the first time the faces of your family, under artificial light, their natural soft, warm colors and the harmonies of decoration and dress will be undisturbed.

We will send out and attach this light to any gas fixtures you designate, you to have the privilege of buying or refusing the light after inspection.

If you wish to keep the light we will charge its cost, \$1.50, to your account—two payments if you like.
