CHARLEY RECTOR PRESENTS THE CITY OF NEW YORK WITH CHRISTMAS PRESENT IN SHAPE OF A "LOBSTER PALACE."

(Herald Special.)

New York, Dec. 13.—The Great White Way is to have a Christmas present in the shape of a new "lobster palace" that is expected to eclipse in brilliancy and magnificence any similar establishment where the gay Gothamites are wont to dine and wine. The establishment is the new fourteen-story Rector Hotel, occupying the site of the old Rector restaurant in Times Square. The hotel and its elaborate furnishings are now practically complete and the army of employes are being drilled in readiness for the formal opening which is expected to take place on Christmas eve.

The man who is responsible for this latest addition to the attractions of Broadway is "Charlie" Rector, who came from the west not many years ago with a bundle of money he had made out of his basement chop-house in Chicago, and soon caused the old restaurateurs in the metropolis to sit up and take notice. From the first his restaurant "caught on," to use a slang phrase, and its popularity with the lavish spenders increased steadily until the patronage proved too large for the accommodations of the old establishment. Then it was that Mr. Rector decided to give to New York the most palatial as well as the most convenient restaurant in America, if not in the world. The new establishment represents an investment of over \$3,000,000.

The new structure occupies the entire southeast corner of Broadway and Forty-fourth street. It contains 240 rooms, all with baths, and thirteen parlors. The restaurant is to occupy the entire Broadway front of the main floor. Thousands of dollars have been spent on its decorations. The main dining room is 100 feet square and will accommodate 800 diners. Surrounding the restaurant room and lobby is a mezzanine balcony floor, a large part of which will be devoted to the orchestra and other musical features.

To run the hotel and restaurant 350 employes have been engaged, of which 150 will be waiters. All the glass and chinaware to be used in the establishment has been made from special designs in Europe, and from Belfast 60,000 pieces of linen have been imported. The silverware also has been made from special designs.

The building contains three under-

Case at Raleigh Charges Violation of the North Carolina Anti-Trust Laws.

(Herald Special.)

Raleigh, N. C., Dec. 13.—A case against the Standard Oil company, charging violations of the North Carolina anti-trust laws, was called in court for trial here today. The company is alleged to have cut the price of kerosene in Raleigh from 10 to 7 3/4 cents a gallon in order, as the state charges, to destroy the competition of the Indian Oil company, which recently has established tanks in Raleigh and other cities of North Carolina with a view to doing business on a large scale.

HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell of Its Superiority.

Alf. R. Kelley, residing at 2195 Devisadero street, San Francisco, Cal., writes the following:

"When I first purchased Herpicide, I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that, on the contrary, it is all, and even more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new sprouting on my scalp, and inquired of me what I have been using. I tell them 'Herpicide,' also give them your name and address."

Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Bratton Drug Co., Special Agents.—Adv.
