OUR ONE BEST WISH.

The Herald is optimistic for the future of this good old town, and hopes for many good things in the year to come. But if it could reach into the bag of good fortune and pull out the very best prize for the town possible to obtain in the coming twelve months it would readily select good streets and sidewalks as the thing of material worth most to be desired. But these improvements are not to be obtained from bags of good fortune or through wishing. They are the result of intelligent effort. The problem seems simple enough if it could only be worked out. With the present outlay of salaries spent in a year's time for street direction a competent civil engineer and street builder could be employed to give all of his time and knowledge to this task. And that is the kind of man a private corporation would employ to look after such work. The city's business should be managed in identically the same way. This is intended as no criticism on any man personally, but is a simple truth, based on the principle that if you want a thing done right you must get a man who knows how.

It will be hard to convince some seven hundred and eleven children that today is the shortest day in the year.

Help to make Christmas a time of great joy for all of the children in Palestine. If you know of a little tot whose Santa Claus is away, get busy.

It is a double-riveted cinch that

Palestine will have a pretty, new federal building by the end of next year. And other good things will be coming along with it.

We guess we have arrived on the map; an aviation company wants to come here and give a flying exhibition for the Herald. But just now we are doing our own "flying," and need no assistance.

The charity windows at the Herald office are beginning to fill up nicely, and it is expected by Friday they will be full to overflowing. In the meantime checks for money will be accepted and applied to carrying on the good work. The Herald would be especially pleased to see checks from a large number of young men.

The census bureau gave Corsicana less than ten thousand population. Of course there is a mistake there. The count was indifferent, because the capital of Navarro is a better town than that, and has been there past six or eight years. But the figures will have to stand. The people over there are entitled to a howl of the first dimensions.

The Herald has an invitation from Mme. Sarah Bernhardt, stating she will be "At Home" every evening at the Globe Theatre, Times Square, New York, during the coming week. And so will we be "at home"—most every evening—dear Sarah. However much we would like to see you and hear your lovely voice, look into those dreamy eyes, and drink in your loveliness, we cannot go, for we have other engagements. To us the merry laugh of childhood, (since they are our own children), has more music in it than grand opera. Besides, we must be on hand to play Santa Claus to a large bunch of anticipating young ones we would not disappoint for the world. Sorry, Sarah, but we just can't come; not now.

GOOD VAUDEVILLE

Seems to Please the Theatre-Goers of Palestine.

A press notice says: The New Lyric Theater was crowded again last night, and an excellent bill of vaudeville and motion pictures was presented.

The management of this popular little playhouse find, judging from the large patronage that has been accorded them since the opening, that their patrons, (and they are composed of the greater portion of the theatre-going people of this city), like high-class vaudeville acts, and in looking about for acts that would please, the management secured an exclusive booking franchise for this city from the Lyric Vaudeville Association of Chicago, the largest circuit booking acts in this territory outside of the Majestic circuit, who book only their own houses, and not less than five acts to any house. Mr. Hodkins, manager of the Lyric circuit, sees personally every act work in Chicago before putting it on his circuit, and never books out any medicine show or cheap carnival acts, fearing if he did the patrons of his houses would soon come to dislike vaudeville, but on the contrary, by giving them nothing but high-class attractions, they are anxious for more and consequently secure a large patronage.

While looking after the vaudeville part of the show, the management, however, did not overlook the motion pictures, and are exhibiting at all times nothing but the latest and best subjects in associated films. All pictures projected at the Lyric are passed on by a board of censorship in New York City before they are released by the manufacturers, guaranteeing to patrons at all times nothing but moral and instructive motion pictures.

Over four thousand feet of films will be exhibited tonight in addition to the vaudeville act.

A Petition For a Plumbing Inspector

There is being circulated and numerously signed a petition asking the city board of commissioners to appoint an inspector of plumbing. It is alleged that much of the plumbing being done is insanitary, defective and a menace to health, etc., and that each and every job should be inspected and passed on by said officer, and if not up to requirements that it be made so before turning over the job.

This is an important matter, as through means of defective plumbing much sickness can result. There is nothing so menacing to health as sewer gas, besides all sorts of infections and contagions may be conveyed through the sewers. The commissioners will be asked to pass on the petition at its next meeting.

COMES QUICKLY.

Don't Have to Wait For Weeks—A Palestine Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight. Hard to bear day after day. Lifting weight, removing the burden Brings appreciating responses. Palestine people tell of it. Tell of relief that's quick and sure. Here is a case of it: Mrs. J. M. Wornell, 449 Reagan St., Palestine, Texas, says: "A few months ago I was subject to severe pains across the small of my back, so bad at times that I could scarcely draw a long breath. The kidney secretions were unnatural and caused me annoyance. I used two boxes of Doan's Kidney Pills, procured from the Bratton Drug Co., and since then have felt like a different woman. I gladly recommend this splendid preparation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

Mrs. F. S. Elam Dead. Mrs. Florine Elam, known to a host of friends as "Mother" Elam, died this morning at 8 o'clock at the home of her son, Mr. Joe Elam, at No. 203 Conrad street, in her seventy-seventh year. The remains, accompanied by relatives and friends, will be sent to Franklin tomorrow morning at 8:12 o'clock, where the funeral will be held. Mother Elam was a lovable woman, full of good works, and counted her friends by the hundreds. She was an active and earnest member of the Baptist church, and died in the love of her Lord. The family have the sympathy of this entire community in their sorrow.
